		<p>(v) Financially assisting local diabetes communities in lower income countries;</p> <p>(b) To advance the education of people with diabetes and those who care for them, healthcare professionals and the general public, in all areas relating to diabetes, in particular (but not exclusively) by:</p> <p>(i) providing community workshops and seminars for patients in sociable environments;</p> <p>(ii) promoting diabetes education to young people living with type-1 diabetes through practical and engaging methods of education; and</p> <p>(iii) operating media campaigns to provide accurate information about all types of diabetes.</p>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>DiAthlete has continued to provide virtually hosted workshops for people living with Type 1 diabetes (and their caregivers) and collaboration with local diabetes health teams in the NHS (England) and HSC (Northern Ireland) to reach and support patients.</p> <p>In coming away from the shadow of the covid-19 pandemic, in this financial year, with diabetes being a higher vulnerable condition, we paused plans on operating face to face engagements. However, we have set aims to resume the advantages of in person activities and hosting diabetes peer support events in the near future.</p> <p>Our virtual workshops have invited patients of local diabetes teams the opportunity to register for free and attend sessions on set topics of information, ranging from type 1 diabetes and nutrition, exercise, to mental wellbeing. We have invited volunteers and public speakers with core topic interests / experiences to also attend and provide encouraging insights to their personal story linked to the workshop event.</p> <p>DiAthlete has further supported a global training platform with our established 'League of Diabetes' network, which enables diabetes advocates (people living</p>

		<p>with T1D willing to support their local communities) to receive training documents and webinars to build their diabetes community projects from. We have shared an open guide on making effective workshops, camps and community events suited to support young people with diabetes, for our connected network of T1D advocates who represent their local diabetes support groups or patient organisations across 21 countries, to assist project outcomes around the world.</p> <p>In addition to the above, DiAthlete has hosted quarterly virtual calls for attending 'LOD' network members, to share about their community project outcomes together, to keep updated with the latest global news in diabetes healthcare, and to hear from inspiring voices in the diabetes community.</p> <p>DiAthlete has continued to utilise social media channels during this period to provide supportive information across multiple topic areas of life with diabetes, this included: diabetes and exercise, nutrition, travel, socialising, transition from paediatric healthcare to adult healthcare, guidance for parents and caregivers, advancing diabetes health technologies, diagnosis.</p> <p>DiAthlete successfully agreed for x20 complimentary registrations to the International Society of Adolescent and Paediatric Diabetes (ISPAD) annual scientific conference to be provided for trustees, volunteers and advocates in our charity or connected in our League of Diabetes network. The attending members covered their own expenses, however, were more able to do so with the registration fee being waived.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	<p>All the trustees of DiAthlete have read the Commission's public benefit guidance, and in managing the affairs of the CIO, have regard to it in exercising any duties and/or powers to which the guidance is relevant. DiAthlete maintains monthly trustee meetings to assess our plans and duties.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>4 virtual webinars were provided to LOD Global members to hear updates from around the world of diabetes and guidance on producing diabetes community projects. We also maintained a supportive and effective WhatsApp chat communication platform with this network, where each month we encouraged sharing of 'Diabetes Personal' from 1-15th of month (a more sociable side to the chat, with shared info of differing cultures and celebrations around the world, how life with T1D is perceived, and sharing of personal stories); and 'Diabetes Projects' to share of successful events and projects made to support local diabetes communities.</p> <p>8 online educational workshops were operated between April – December, with partnering NHS or HSC diabetes teams inviting both their staff members and Type 1 diabetes patients / caregivers to attend. We covered the following topics of:</p> <ul style="list-style-type: none"> - Type 1 Diabetes and Exercise - Type 1 Diabetes and Nutrition - Parenting in Type 1 Diabetes - Diagnosis to Type 1 Diabetes - Type 1 Diabetes Psychology <p>We varied between (lowest) 12 attendees to (highest) 73 attendees in our virtual workshops. In total, via our website, 368 people registered to attend our workshops, which were held on Zoom platforms.</p>

		<p>With the May 2021 bombings of the Gaza Strip, DiAthlete acted fast with our League of Diabetes contact and advocate, Mohamed Sayem, to set up an emergency call involving representatives of the International Diabetes Federation and World Health Organization, concerning emergency supplies to those living with diabetes. Mohamed Sayem ensured fellow people with diabetes attended the meeting to provide a platform to hear first hand the experiences of civilians with diabetes caught in this situation. The resulting outcome of chairing this meeting helped lead to the WHO being able to take action through communication with Mr Sayem, the Ministry of Health in Gaza and Diabetes Palestine, to provide to the Gaza Strip a continuation of diabetes medical essentials including insulin vials, syringes and blood glucose monitoring equipment and test strips to those in need.</p> <p>In the February 2022 invasion of Ukraine by Russia, we unfortunately again had to act fast to call a meeting of local European associations, including representatives of Poland, Romania and Moldova, the International Diabetes Federation, World Health Organization and DeDoc Voices, to discuss and understand the most safe and effective method of securing diabetes aid to Ukraine. Through the contacts and close bond of our network, we were able to chair both this meeting and the one in support of Gaza's diabetes community.</p>

Achievements against objectives set	Para 1.41	<p>As a newly established charity, in a period of uncertainty in the COVID-19 pandemic and aftermath, we have efficiently used limited but effective communication resources from social media channels, WhatsApp chats, and virtual hosting platforms such as Zoom, to provide continued support for people living with type 1 diabetes.</p> <p>We have faced setbacks, with being unable to open a new charity bank account with all trustees until July 2022, coming into the next financial year, and therefore have been without funding in this period. Despite this, we have been able to reach and engage with people with diabetes. Effectively communicate and host essential</p>
