FINANCIAL REVIEW

Investment policy and objectives

The objectives of the policy are to ensure the creation of sufficient income and capital growth to enable the charity to carry out its purposes consistently year by year with due and proper consideration for future needs and the maintenance, and if possible, enhancement of the value of the invested funds.

The trustees will invest the funds in accordance with the Trustee Act 2000, which requires that the trustees:

- shall exercise such power with the care that a prudent person of business would in making investments for a person for whom they felt morally obliged to provide;
- shall not make any speculative or hazardous investment (and for avoidance of doubt this power to invest does not extend to laying out money on the acquisition of futures and or trading options);
- shall have regard to the need for diversification of investments in the circumstances of the charity and to the suitability of the proposed investments;
- with the exception of British Government Securities, the initial investment in one holding should not exceed 5% of the total value of the portfolios and the sum of all holdings in excess of 5% must not be equal to or exceed 40% and where no individual holding will be greater than 10%;
- there are no ethical or geographical restrictions.

Additionally, the trustees have a duty to review their investments at regular intervals. The trustees will review the investment policy at least annually. The trustees may change any part of the policy at any time.

The investment manager must be an authorised person who is entitled to carry out investment business under the provisions of the Financial Services Act 1986.

The trustees have delegated the powers of investment management to Rathbone Investment Management. The appointment of Rathbone Investment Management will be reviewed on a regular basis.

Performance

The total value of the portfolios will be measured by reference to the FTSE All Share Index.

Cash Deposits

Cash deposits will be placed with approved banks with suitable credit ratings

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a constitution, and constitutes a charitable incorporated organisation.

Recruitment and appointment of new trustees

The board of Trustees appoint new trustees when positions become vacant.

Decision making

Decisions are made by the trustees in general meeting and execution of those decisions is delegated to the Clerk.

Notes to the Financial Statements
for the Year Ended 31st December 2024

1. ACCOUNTING POLICIES

BASIS OF PREPARING THE FINANCIAL STATEMENTS

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied at all years presented unless otherwise stated.

The accounts are prepared in Sterling, which is the functional currency of the charity. Monetary amounts in these statements are rounded to the nearest £.

INCOME

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Income from maintenance receipts is recognised in line with the periods to which such income relates.

Grant income is recognised when the charity has been notified of the amounts. If there are conditions attached to the grant and this requires a level of performance before entitlement can be obtained then income is deferred until those conditions are fully met or the fulfilment of those conditions is within the control of the charity and it is probable that they will be fulfilled.

Income from listed investments is recognised when the right to receive payment is established.

EXPENDITURE

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

TAXATION

The charity is exempt from tax on its charitable activities.

FUND ACCOUNTING

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

1. ACCOUNTING POLICIES - continued

FINANCIAL INSTRUMENTS

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised when the charity becomes party to contractual provisions of the instrument.

Financial assets are offset, with the net amounts presented in the accounts where there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic Financial Assets

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Basic Financial Liabilities

Basic financial liabilities, including trade and other payables, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of future receipts, discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of the operations from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction cost.

The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied at all years presented unless otherwise stated.

The accounts are prepared in Sterling, which is the functional currency of the charity. Monetary amounts in these statements are rounded to the nearest £.

INCOME

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Income from listed investments is recognised when the right to receive payment is established.

EXPENDITURE

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

TAXATION

The charity is exempt from tax on its charitable activities.

FUND ACCOUNTING

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

FINANCIAL INSTRUMENTS

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised when the charity becomes party to contractual provisions of the instrument.

Financial assets are offset, with the net amounts presented in the accounts where there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic Financial Assets

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Basic Financial Liabilities

Basic financial liabilities, including trade and other payables, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of future receipts, discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of the operations from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction cost.

Notes to the Financial Statements
for the Period Ended 31st December 2021

1. ACCOUNTING POLICIES

BASIS OF PREPARING THE FINANCIAL STATEMENTS

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied at all periods presented unless otherwise stated.

The accounts are prepared in Sterling, which is the functional currency of the charity. Monetary amounts in these statements are rounded to the nearest £.

INCOME

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Income from listed investments is recognised when the right to receive payment is established.

EXPENDITURE

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

TAXATION

The charity is exempt from tax on its charitable activities.

FUND ACCOUNTING

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

FINANCIAL INSTRUMENTS

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised when the charity becomes party to contractual provisions of the instrument.

Financial assets are offset, with the net amounts presented in the accounts where there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic Financial Assets

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Basic Financial Liabilities

Basic financial liabilities, including trade and other payables, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of future receipts, discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of the operations from suppliers. Accounts payable are classified as current liabilities if payment is due within one period or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction cost.
