Period end date

Charity name: MADEX - MADAGASCAR MEDICAL EXPEDITIONS

Charity registration number: 1190415

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document.	Para 1.17	For the public benefit, the relief and assistance of people in need, in Madagascar, who are the victims of Neglected Tropical Diseases, by researching, treating and delivering health education.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>Annual expedition to Madagascar to deliver health education, treatment and to research Neglected Tropical Diseases.</p> <p>In June 2022 an expedition was carried out to Marolambo, Madagascar, with a focus on health education including training local teachers to continue to deliver health education throughout the year. The expedition was primarily led by local Malagasy doctors to facilitate ongoing leadership of future expeditions. Focus groups and qualitative educational research was carried out within the communities to better understand health and education needs.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit.	Para 1.18	In planning our activities for the year, we kept in mind the Charity Commission's guidance on public benefit at our trustee meetings.

Other		We are grateful to our colleagues in Madagascar for their ongoing commitment and support in helping MADEX to deliver its objectives to improve the education and health of people in Madagascar.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>In June 2022 MADEX carried out a successful expedition to Marolambo, Madagascar. The expedition focussed on training local teachers to deliver health education. By this 'Teach the Teachers' method, health education will continue to be delivered throughout the year. This will ensure that this community, which is known to have a high health burden due to Neglected Tropical Diseases, will continue to benefit from health education throughout the year.</p> <p>The expedition was led by local Malagasy doctors. This represents a successful transition of team leadership from earlier expeditions, which were primarily led by UK team-members. This transition benefits both the Malagasy doctors involved, giving them opportunities for experience and career development, and in addition improves the sustainability of the project, thus further</p>

		benefiting the community as a whole.

Achievements against objectives set	Para 1.41	See above (in summary of main achievements).
Performance of fundraising activities against objectives set	Para 1.41	We were able to fundraise sufficient funds to pay for the 2022 expedition, thereby achieving our objectives (see section below for further details regarding fundraising).
Investment performance against objectives	Para 1.41	N/A
Other		N/A

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	At the end of this financial period, MADEX had a total of £2,593 in funds.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Every year £1000 is held as reserve in the form of a contingency fund for expeditions.
Amount of reserves held	Para 1.22	£1000
Reasons for holding zero reserves	Para 1.22	N/A
Details of fund materially in deficit	Para 1.24	N/A. There are no funds that are materially in deficit.
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	MADEX receives funds primarily through small research and expedition grants. The number of eligible grants has reduced since the pandemic. The funding landscape gives ongoing concerns about the charity continuing. We are committed to our purpose and as such, we are moving towards local leadership in this area of Madagascar, to ensure that the project can be delivered in our absence.

Investment policy and objectives including any social investment policy adopted	Para 1.46	N/A. No funds are held in investments.
A description of the principal risks facing the charity	Para 1.46	<p>The charity primarily receives income through small research and expedition grants. As a result of the COVID-19 pandemic, the number of eligible grants has been significantly impacted.</p> <p>Both COVID-19 and the funding landscape are ongoing concerns to the charity's activities. We are committed to our purpose and as such, moving forward we will focus on local leadership for health education in the local area of Madagascar, to ensure that health education can be delivered in our absence.</p> <p>Note as MADEX has no financial commitments, there are no financial risks to the charity. There is only a risk to the operational capacity of the charity due to limited income and restricted travel.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Although eventually the decision was made not to go through with an expedition during 2020-21, the year was spent preparing and planning for the intended expedition and thus we continued to develop strong links with both our colleagues and team mates within Madagascar and at the Liverpool School of Tropical Medicine.</p> <p>Regular discussions were held throughout the year regarding the objectives of the project and future research opportunities.</p> <p>The time enabled us to focus on aspects of the project that the trustees feel will help to improve the long-term sustainability and positive impacts on the local Marolambo population.</p>
