

During the last financial year, Gemma's Hearts had a number of achievements that we are proud of. One of the main things we did was install 10 brand new public defibrillators in the local area. These units will be used to save lives in the event of a cardiac emergency, and we are happy to have been able to increase the number of defibrillators available to the public. In addition to this, we also sent 7 existing defibrillators for servicing to ensure they were in good working order and undertook maintenance for our existing network.

We also made an effort to support families in need and educate the community about heart health. We met with families to provide them with support and information, and we attended community events to demonstrate CPR and show people how to use a defibrillator. These events were a great opportunity for us to raise awareness about the importance of heart health and the role that defibrillators play in saving lives.

Overall, it was a productive year for Gemma's Hearts. We are dedicated to increasing access to defibrillators and promoting heart health in the local community, and we are pleased with the progress we have made.

Gemma's Hearts CIO 01.04.21 till 31.03.22
Registered Charity 1190467

Opening Bank Balance Treasurer's Account	12,606.53	
Opening Bank Balance Online Account	1.31
