

Charity Report Gemma's Hearts Year Ending March 23

During the last financial year, Gemma's Hearts installed a further nine new defibrillators bringing our total to fifty-two installed in our local community. These will be used to save lives in the event of a cardiac emergency.

Over the past year, and thankfully not always needed, our defibrillators were deployed a total of one hundred and sixty-one times, which highlights the need for these lifesaving devices being readily available in our local community.

We have continued to hold events to demonstrate CPR in our local area.

We also continue to maintain each unit, replacing batteries, pads etc when required.

All our defibrillators are registered with 'the circuit' which is where the emergency services find the required information to direct an emergency caller to their nearest defibrillator location.

Gemma Saunders

Chair and Founder of Gemma's Hearts.

Gemma's Hearts CIO 01.04.22 till 31.03.23

Registered Charity 1190467
