

Gemma's Hearts (Charity 1190467) Report year ending March 25

We increased our number of defibrillators by six during this financial year.

All defibrillators are checked regularly with pads and batteries being replaced as needed.

The charity is dedicated to increasing our stock of defibrillators available to the public in our area.

We are experiencing an upturn in enquiries from businesses, community groups, and local councillors asking for information on how to fundraise, purchase, install, register, and maintain new defibrillators.
