Report of the Trustees for the year ended 31 December 2024

Introduction

The Trustees present their annual report together with the financial statements of the charity, Sole Potential, for year ended 31 December 2024.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019) as detailed in the accounting policies.

Our mission and aims

Sole Potential operates in the United Kingdom for the relief of poverty for young people from underprivileged backgrounds through the provision of sporting footwear, allowing them to participate in sport. We believe this will give every child an equal opportunity to get involved in sport so that they can reap the same physical, emotional and social benefits as their peers.

Why we do it

Our vision is that Every Child Deserves a Fair Start.

Too many children living in poverty in the UK miss out on the opportunity to benefit from sport as they have no access to suitable or adequate footwear.

- Family affluence is the biggest factor in child participation. Statistics¹ show that just 45% of children from low-income families get regular exercise, compared to 57% of children from more affluent families.
- Shockingly, as many as 2.2M children, 30%, in the UK do less than the average of 30 minutes of physical activity per day.
- 2.1M children in the UK depend on free school meals², representing 24.6% of all children. It is believed many of these children are also dependent on school uniform grants.

We believe that having access to suitable sports shoes is a necessity, not a luxury. Through our charitable work, we aim to bridge this growing gap by giving underprivileged children access to sports shoes so that they have the same opportunity to participate as their peers.

How we do it:

Sole Potential relies on donations to secure suitable sports footwear for underprivileged children between the ages of 7 – 16 years.

Structure, Governance and Management

Sole Potential CIO (the “Charity”) was registered as a charitable incorporated organisation on 21 July 2020, number 1190553.

Trustees are appointed by the Board of Trustees and deal with the governance of the charity.

The induction process for newly appointed Trustees comprises an initial meeting with the Trustees to brief them on their legal obligations under charity law, the decision-making processes of the charity and its policies and procedures.

Risk Management

The Trustees have examined the major strategic, business and operational risks which the charity faces. Key risks include 1) the reliance on donations as a single income stream, which reduces the financial resilience, and 2) the lack of progress with succession planning to recruit a new trustee and a new lead coordinator to manage the day-to-day administration of the charity.

No safeguarding checks were undertaken as there was no expectation during the period of engagement with young people, aged 7 – 16 years, who may be considered vulnerable.

.

Public Benefit

The Trustees are aware of their duty in section 17 of the Charities Act 2011 to have due regard to guidance published by the Charity Commission in respect of public benefit and in planning activities for the year, have borne this in mind.

Achievements and Performance

Following the cancelled fundraising events due to covid restrictions and the resignation of the lead coordinator, the Trustees were unable to dedicate any focused time to the charity due to their personal business commitments. This meant that there was minimal activity during this period. Balances were checked to ensure standing charges were covered and Reserves maintained for when recruitment and the charity's activities could be relaunched.

Financial Review

Total income for the 12 months ended 31 December 2024 amounted to £96, (2023: £181), all from donations received.

Total expenditure for the 12 months ended 31 December 2022 amounted to £276, (2023: £329), all relating to standing charges for systems support.

Reserves Policy

At 31st December 2024 the Reserves were £12,885, all unrestricted. In accordance with our Reserves Policy the trustees have agreed that the charity should aim to retain an appropriate level of unrestricted free reserves sufficient to cover 6 months' core operational costs. In 2024 this was estimated at between £11k and £13k.

The trustees calculate the unrestricted free reserves as that share of the unrestricted funds that are freely available and not including any designated funds which have been earmarked for specific projects.

Going concern

After making appropriate enquiries, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, the trustees continue to adopt the going concern basis in preparing the financial statements.

Plans for future periods

Our aim is to provide 1,000 pairs of sports footwear for young people from underprivileged backgrounds. Enabled by:

- Targeting corporate partners to grow our reach and diversify our income streams;
- Increasing our network of suppliers to acquire larger volumes of sports shoes; and,
- Engaging our community of Margaret Dabbs London patrons.

Approval

This report was approved by the Board of Trustees dated 28th October 2025 and signed on its behalf by

Margaret Dabbs OBE
