The charity was registered as a Charitable Incorporated Organisation on 31 July 2020. The Trustees as at the date of this report are listed above. The purpose of the charity is to provide community space and facilities at Manor Farm Park in South Birmingham which will enable a range of activities and events aimed at improving the health and wellbeing of local people.

Operational review

During the year the charity has continued to negotiate with Birmingham City Council to enable the development of facilities within the park. A container has been installed in the park to store equipment and resources for its activities. We have promoted a variety of sporting and leisure activities, especially ones linked to the Commonwealth Games held in Birmingham. The longer-term plans continue to develop, and we are working with the Birmingham School of Bellringing on a project to use the park lodge as a new teaching facility.

Governance

The Trustees meet regularly to review the plans and actions of the charity. Trustees report to the annual meeting of the Friends of Manor Farm Park to keep stakeholders up-to-date with the activities of the charity. There is a memorandum of understanding with the Friends to separate the social activities of the Friends and the Trust's operations. A range of policies have been developed for the right running of the organisation as its work progresses.

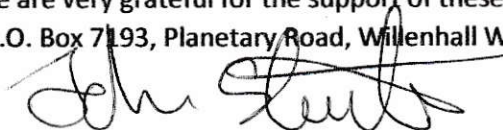

Public interest

The charity has been established with the object of benefitting all members of the public by improving the facilities available in the park. Consultations with the community are undertaken regularly.

Finance

The Trust received grant funding from several grant-making organisations during the year. These are listed in the notes. We are very grateful for the support of these funders. The balance of funds is held in Unity Trust Bank, P.O. Box 7193, Planetary Road, Willenhall WV1 9DG, and in a PayPal account.
