## **MAIN ACTIVITIES AND ACHIEVEMENTS UNDERTAKEN TO FURTHER THE CHARITY'S PURPOSES FOR THE PUBLIC BENEFIT**

Trustees have had regard to the Charity Commission's guidance on public benefit.

For the year ended 31 December 2023, the Trustees have maintained communication with the previously supported education-focused non-governmental organisation based in rural India. Their orphanage has had several new arrivals as many of the older children have moved onto higher education, highlighting the value of this organisation. The 10<sup>th</sup> standard state exam results continue to improve at the school, with a handful of students achieving high regional results. The primary beneficiaries of the funds were children and young people from impoverished backgrounds.

The Trustees carried out due diligence activities on a new organisations in India, which focus on female empowerment. One of the Trustees visited the project on the ground and met with beneficiaires and external stakeholders.

## **FINANCIAL REVIEW**

Income was £0 (2022: £2,254) for the year ended 31 December 2023, and the expenditure was £0 (2022: £0). The surplus of £0 (2022: £2,254) for the year ended 31 December 2023 is added to the reserves brought forward of £11,311, to give a total of £11,311 to be carried forward.

The trustees' policy on reserves is to meet all requests for assistance from investment income, donations and retained income from previous years. Thus, the charity is reliant on the level of investment income and donations in determining what is available for grant payments each year, after support and governance costs. On 31 December 2023, the income reserves available to meet future grants were £11,311 (2022: £11,311). The trustees review the levels of reserves each year.
