- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

## Section C Objectives and activities

**Summary of the objects of the charity set out in its governing document**

THE PREVENTION OR RELIEF OF POVERTY PROVIDING GRANTS, ITEMS, SUCH AS FOOD PACKS OR MEDICAL AID, AND SERVICES TO INDIVIDUALS IN NEED AND/OR CHARITIES, OR OTHER ORGANISATIONS WORKING TO PREVENT OR RELIEVE POVERTY. TO ADVANCE EDUCATION, PARTICULARLY AMONG CHILDREN IN DEVELOPING COUNTRIES, BY SUPPORTING THEM WITH SCHOOL FEES OR BOOKS AND BY PROVIDING GRANTS TO OTHER ORGANISATIONS OR CHARITIES WORKING TO ADVANCE EDUCATION.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

As per our previous annual report we were unable to open a charity bank account due to COVID restrictions and delays. Finally we were able to open a charity bank account and fund raising / donations to begin in the period.

The charity continued its mission to help those in poverty and was able to identify areas in the developing world to establish new water pumps in remote areas to help those in poverty access to clean water. As well as this the charity then took further steps to establish solar based water pumps to make it easier for locals to access water by using solar energy.

The charity distributed food packs at an average of £25/pack which would last a family for 1 month in the developing world, food packs were put together and distributed in remote areas. Food packs would include wheat, rice, cooking oil, water bottles, lentils etc. The charity supported over 50 families during this time.

The charity worked with an orphanage centre in the developing world by helping them provide for books and teaching classes. The aim is for the charity to help orphans develop in education and gaining skills which will help them earn in future.

The charity also helped out in one of the worst floods Pakistan has seen which resulted in one third of the country being submerged under water. The charity went out to certain areas of the country to establish new hand pumps and water wells in areas where homes were destroyed by the floods.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The trustees and volunteers have worked tirelessly in this period to get all the different projects up and running. With various trips abroad and countless setbacks the charity was able to deliver on its promises to help those in poverty with food, clean water and education in areas which need it most.

**Summary of the main achievements of the charity during the year**

As outlined in Section C above the charity has made big strides post covid to accelerate its project implementation to eradicate poverty.

## Section E Financial review

**Brief statement of the charity's policy on reserves**

We have no policy on reserves.

**Details of any funds materially in deficit**

None

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

## Section F Other optional information

### Post 5<sup>th</sup> April 2023

The charity is now working on food rashaan pack drive 2023, the aim is to provide more food packs to those in developing world and living in extreme poverty, The charity has identified specific families in developing world where food packs are needed regularly.

New sites have been identified where water wells and hand pumps are required; there will be a big drive in 2023 to have these installed, and where we can to install solar pumps across these water facilities. Feasibility reports are on going to have boreholes made and a cost analysis is currently taking place to see if this is feasible.

The charity is currently working with an orphanage centre in the developing world to purchase a school bus where orphans and children can be transported to and from school as well as used for other children activities and trips.

The charity will be going further in 2023 and is currently working on contributing to the construction of a free hospital for those who cannot afford treatment in the developing world. Although the project is currently at the initiation stage, please keep a look out on our website for further updates. If the project gets the green light the charity will setup campaigns and donation page specifically for this project.
