

CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 01/04/2024 To 31/03/2025

Charity name: International Foundation for Children's Education (IFCED)

Charity registration number: 1190967

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>(1) the prevention or relief of poverty or financial hardship anywhere in the world;</p> <p>(2) the relief and assistance of persons in any part of the world who are the victims of war or natural or other kinds of disaster, trouble, or catastrophe;</p> <p>(3) to promote and advance the education (including social and physical training) in such ways as the charity trustees think fit;</p> <p>(4) the advancement of such other purposes as are exclusively charitable in England and Wales as the trustees shall determine in their sole discretion.</p>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>IFCED is an independent non-profit organisation that responds to community challenges such as poverty, the need of emergency responses in the event of circumstance beyond one's control such as floods. We believe our community will be stronger if we act together to solve poverty. We are calling on businesses, employers and citizens within our community to work together to reduce the risk of people falling into poverty.</p> <p>We aim to create public awareness on and promote ways to prevent and tackle poverty. Public awareness and support is needed to address the problem successfully. We aim to campaign on particular measures to help poor people, but focusing on specific groups of people living in poverty for whom the public is perceived to have more sympathy,</p>

		<p>such as children and those on low wages. Our approach is being proactive rather than reactive to poverty. Mitigation of the risk of people falling into poverty is the key to success in this because less efforts are required in preventative measures and cost less than fixing it by being reactive in later stages when for some people it may be impossible to escape the poverty. We believe our community will be inspired to try out these recommendations in practice.</p> <p>Floods are the most common form of natural disaster in the UK and the World as widespread flooding happens at least once a year in the UK. Following a disaster, many vulnerable people are without access to some of the most basic human rights: food, shelter and sanitation facilities. Our charity aim is to provide emergency shelter and food to those who are the most vulnerable using our volunteer network. This will save lives and improve community spirit, as caring communities are vital for wellbeing.</p> <p>Our objectives are:</p> <ol style="list-style-type: none"> 1. To have a comprehensive strategy to solve poverty in the UK. We all have a part to play in solving poverty. Educational support is only one of the ways to tackle the issue but community and faith groups offer lifelines, enabling people to escape poverty, and have a vital role in facilitating and enabling our community and citizens to mitigate the risk of poverty locally. We can be a community where no one is destitute, fewer than one in ten is in poverty, and no one is in poverty for more than two years. 2. To provide emergency response work to support our communities worst hit by natural disasters. Play vital role in getting emergency supplies and support to those who are most vulnerable to save lives. Also, helping rehabilitation of the community after disaster is as important as provision of first-hand
--	--	---

		<p>emergency shelter and food supplies.</p> <p>3. Providing community and cultural activities such as preparing food for fund raising activities, provide cultural seminars at our community centre once a week. This increase opportunities for social contact and develop networking opportunities with the local community.</p> <p>4. To offer a range of excellent developmental leisure activities to improve mental, physical and moral capabilities of the people supported.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Our volunteers are the heartbeat of our organisation. Thanks to an increased focus on digital engagement, we have connected with over 4,500 people this year—spanning from our local communities in Manchester to a global online audience. This growth has brought new energy to our team, allowing us to expand our roster of regular volunteers and deliver more fundraising events than ever before.</p> <p>The impact of this collective effort has been substantial. Throughout the year, we generated c. £422k in restricted funds. These vital resources were granted to projects in Pakistan, Senegal, and other countries, providing essential educational support and fighting poverty where it is needed most.</p>

Achievements against objectives set	Para 1.41	<p>Objective 1: The prevention or relief of poverty or financial hardship anywhere in the world.</p> <ul style="list-style-type: none"> • Fundraising for Direct Aid: During the financial year, IFCED successfully generated c. £422k in restricted funds. These resources were specifically allocated to combat poverty and financial hardship in targeted regions, including Pakistan, Senegal, and other developing nations. • Grant Distribution: These funds were responsibly deployed as grants to partner organisations on the ground. By working through established partners, we ensured that financial aid reached those in the most acute need, providing essential relief to families facing economic instability. <p>Objective 2: The relief and assistance of persons in any part of the world who are</p>
-------------------------------------	-----------	--

		<p>the victims of war or natural or other kinds of disaster, trouble, or catastrophe.</p> <ul style="list-style-type: none"> • Global Response Capacity: Our fundraising efforts this year remained agile, allowing us to direct support to areas facing "trouble or catastrophe." The funds raised (c. £422k) included provisions for populations in Pakistan and Senegal who are often vulnerable to environmental and economic instability. • Community Mobilisation: To support these victims, we significantly expanded our volunteer base. By successfully recruiting and retaining a core team of over nine regular volunteers, we increased our capacity to organise fundraising activities that provide the financial lifeline needed for disaster and hardship relief. <p>Objective 3: To promote and advance education (including social and physical training) in such ways as the charity trustees think fit.</p> <ul style="list-style-type: none"> • Educational Grants: A significant portion of the funds raised and distributed this year was strictly designated for educational support. These grants have facilitated schooling and learning opportunities for impoverished children in our target countries, directly advancing their social development. • Digital Education & Awareness: Domestically and globally, we utilised online channels to promote our cause and educate the public on the issues our beneficiaries face. This digital strategy allowed us to reach over 4,500 individuals across Greater Manchester and the wider world, raising awareness and fostering a culture of charitable giving. • Volunteer Development: By engaging volunteers in "organising and conducting" complex charitable

		activities, we have provided valuable social training and skill development for our local community members in Manchester.
Performance of fundraising activities against objectives set	Para 1.41	<p>IFCED has successfully exceeded its targets for the financial year, demonstrating exceptional growth in both capacity and outreach. A key achievement has been the rapid expansion of our operational output; the volume of fundraising activities has tripled year-on-year. This dramatic increase was driven by a strategic pivot to online channels, which allowed us to significantly increase the number of people reached to over 4,500 across Greater Manchester and globally.</p> <p>This scaled-up approach has not only delivered immediate results but has laid a strong foundation for the future. With a solidified core team of volunteers and established digital infrastructure, the Trustees project a sustainable growth trajectory. We anticipate that our fundraising capacity will continue to grow by approximately 30% per year going forward, enabling us to further expand our grant-making programmes for poverty relief and education.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	<p>IFCED concludes the reporting period in a strong financial position. At the year-end, IFCED held total funds of £185,000. These funds are classified entirely as restricted funds, having been raised specifically for designated charitable activities.</p> <p>These balances represent committed resources that are allocated for distribution to our partner projects in Pakistan, Senegal, and other target nations. The Trustees are satisfied that these funds are sufficient to meet IFCED's immediate grant-making obligations and will be deployed in the upcoming financial year to support our objectives of poverty relief and educational support.</p>
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Charity trustees have reserve policy that minimum £3,000 must always be set aside in IFCED's bank account to cover events or situations that may happen.
Amount of reserves held	Para 1.22	<p>IFCED maintains a healthy financial position with total reserves of £298k. Of this amount, £185k is held as restricted funds, currently ring-fenced for immediate future distribution to our international aid projects.</p> <p>The remaining £113k represents our unrestricted (general) reserves. The Trustees consider this level of free reserves to be prudent, ensuring IFCED has sufficient working capital to manage operational costs, continue its fundraising activities without disruption, and provide immediate support for IFCED projects where urgent funding is required.</p>
Reasons for holding zero reserves	Para 1.22	N/A
Details of fund materially in deficit	Para 1.24	N/A
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	The Trustees have a reasonable expectation that IFCED has adequate resources to continue in operational existence for the foreseeable future. There are no material uncertainties regarding IFCED's ability to continue as a going concern.

		<p>This assessment is based on a review of IFCED's financial position and operational performance. With fundraising activities having tripled year-on-year and a projected annual growth rate of 30%, IFCED's income streams remain robust. Furthermore, the holding of £113k in unrestricted reserves provides a sufficient financial buffer to support ongoing operations. Accordingly, the Trustees continue to adopt the going concern basis in preparing the annual accounts</p>

The charity's principal sources of funds (including any fundraising)	Para 1.47	<p>IFCED's principal source of funding is voluntary income derived from two main streams: private individuals and corporate entities.</p> <ul style="list-style-type: none"> • Individual Donations: The majority of our income is generated through donations from the general public. This includes one-off gifts and regular contributions facilitated largely through our expanding online channels and community fundraising events. • Corporate Support: We also receive significant support from businesses, including local enterprises and corporate partners, who contribute through direct donations and sponsorship of our charitable activities.
