Activities

Objects: THE OBJECT OF THE CIO IS: FOR THE PUBLIC BENEFIT TO RELIEVE SUFFERING AND DISTRESS AMONGST PERSONS ENDANGERED BY ACCIDENTS OR NATURAL HAZARDS AND TO PROVIDE ADEQUATE ARRANGEMENTS FOR THE SECURE AND EFFICIENT SEARCH AND RESCUE OF ANY PERSON OR PERSONS SO ENDANGERED PRIMARILY IN CUMBRIA AND THE SURROUNDING AREA, IN PARTICULAR BUT NOT EXCLUSIVELY BY:(1) PROMOTING, CO-ORDINATING AND SECURING ADEQUATE SEARCH AND RESCUE ARRANGEMENTS, AND ASSISTING ELSEWHERE IF CALLED UPON IN ANY SEARCH AND RESCUE OPERATION, PRIMARILY IN MOUNTAINOUS AREAS OF CUMBRIA; (2) UNDERTAKING PUBLICITY WHERE NECESSARY IN ORDER TO INFORM OR EDUCATE THE PUBLIC IN ALL ASPECTS OF MOUNTAIN SAFETY; (3) REPRESENTING AND SUPPORTING MEMBER RESCUE TEAMS BY SPEAKING COLLECTIVELY ON THEIR BEHALF, PROMOTING SOCIAL INTERCOURSE BETWEEN THEM, AND PROVIDING THEM WITH HELP, GUIDANCE, TRAINING, FUNDING AND ADVICE, INCLUDING THE FACILITY TO RAISE FUNDS.

Activities: We promote, co-ordinate and secure adequate search and rescue arrangements, primarily in the mountainous areas of Cumbria. We undertake publicity where necessary in order to inform or educate the public in all aspects of mountain safety. We represent and support all our member rescue teams with help,

guidance, training, funding and advice, including fundraising for them.

Lake District Search and Mountain Rescue Association

President	John Dempster MBE
Chair	chair@ldsamra.org.uk
Secretary	secretary@ldsamra.org.uk
Treasurer	treasurer@ldsamra.org.uk
Statistics Officer	stats@ldsamra.org.uk
Website	www.ldsamra.org.uk
Facebook	www.facebook.com/lakedistrictsearchandmountainrescueassociation

This is an umbrella organisation covering the Lake District teams, police representatives and other organisations interested in mountain rescue.

The purpose of the Lake District Search and Mountain Rescue Association is to act as a link between the national body, Mountain Rescue England & Wales and all other interested bodies. The association speaks out and acts on behalf of the teams on matters relating to Lake District mountain rescue as a whole. It also fosters publicity aimed at the prevention of mountain accidents.

The production of the 2024 Annual Report was delayed. Hence this is a reduced online-only version, which focuses on the incident details and summary statistics.

**THE LAKE DISTRICT SEARCH AND MOUNTAIN RESCUE

Chairmans Report – AGM 2026

As I reflect on my second year as Chair, I believe that 2025 finished on an optimistic note for the teams of the Lake District Search and Mountain Rescue Association (LDSAMRA), with our members continuing to demonstrate the resilience inherent in having completely interoperable Mountain Rescue teams.

The increasing upward trend of callouts of previous years plateaued, with a modest 3% increase from the previous year's 813 to 838 callouts in 2025.

Individual team, region and national Mountain Rescue messaging activities have probably positively impacted on this outturn, but we should acknowledge the support that we receive from partners. Our Local Resilience Forum (LRF) e.g. Police & Fire Service and other statutory responders; and members of the Strategic Visitor Management Forum (SVMG) e.g. Local Authorities, Lake District National Park Authority, National Trust, all strongly focus on aligned visitor safety messaging, which I'm sure has positively impacted.

Emergent independent low land search teams have raised in profile within our region during 2025 and work continues to understand their role and capabilities looking forward in 2026.

Individuals and teams within the Lakes region continue to be inquisitive and open minded to new technologies and approaches to assure the best possible casualty outcomes. At a smaller scale, this is well represented by: all weather drone technologies and automated searching continuing its development and a revision of MR MAP with new search management functionality. In addition, e-bikes, water-based drones, powered exo-skeleton legs; and life like medical manikins, have made an appearance.

At a larger scale the Duddon and Furness team continues the construction of its £1.3M base, with Penrith, Coniston and Kendal now planning similar replacements or large-scale refurbishments, all of which will take considerable investment (my personal estimate is £10-12M).

To meet these emerging needs, LDSAMRA has changed how it distributes funding and broadened its collective decision making around the allocation of funding. The LDSAMRA Funding Group first met in March 2025, based on an agreed set of "Fairness Principles". These prioritise (in priority order):

- 1. Fundamental Running Costs
- 2. Operational Capability Equality
- 3. Unforeseen Expenditure

Distribution of funds has taken place at two meetings and the view of the panel becoming more nuanced as its experience grows. All members teams are welcome to attend the funding discussions and should reach out to the Secretary for an invite.

Although from an operation perspective there was much to celebrate, 2025 drew to a close on a sad note, with the passing of the LDSAMRA President John Dempster MBE, in October 2025. John had volunteered in Mountain Rescue for 59 years, out of which he been Chair of the Cockermouth Team for 36 years and Chair of LDSAMRA for 15 years.

Mountain Rescue appeared in the Lake District around 70 years ago with the formation of teams like Keswick in 1947 and as time marches on, there is an inevitable “changing of the guard”. John was only one of a number of our teams senior members who have sadly

passed during 2025. Our condolences and heartfelt thanks go to their families, as our organisations are truly built on the shoulders of these giants.

Richard Warren was elected as our new President at the January LDSAMRA Quarterly Meeting, which we thank him for accepting this honorary role and continuing to represent and advocate for our region.

Mountain Rescue in the Lakes is provided by 12 teams comprised of over 400 highly trained, highly motivated, unpaid volunteers. These volunteers are supported by their families and friends, all of which have to make significant sacrifices to support the demands of the service. LDSAMRA is the umbrella organisation that represents these teams and is mostly staffed by the same volunteers that are providing the rescue service at the coalface. These dedicated individuals often wear multiple hats within their teams, as well as their LDSAMRA roles. To them I offer my specific thanks.

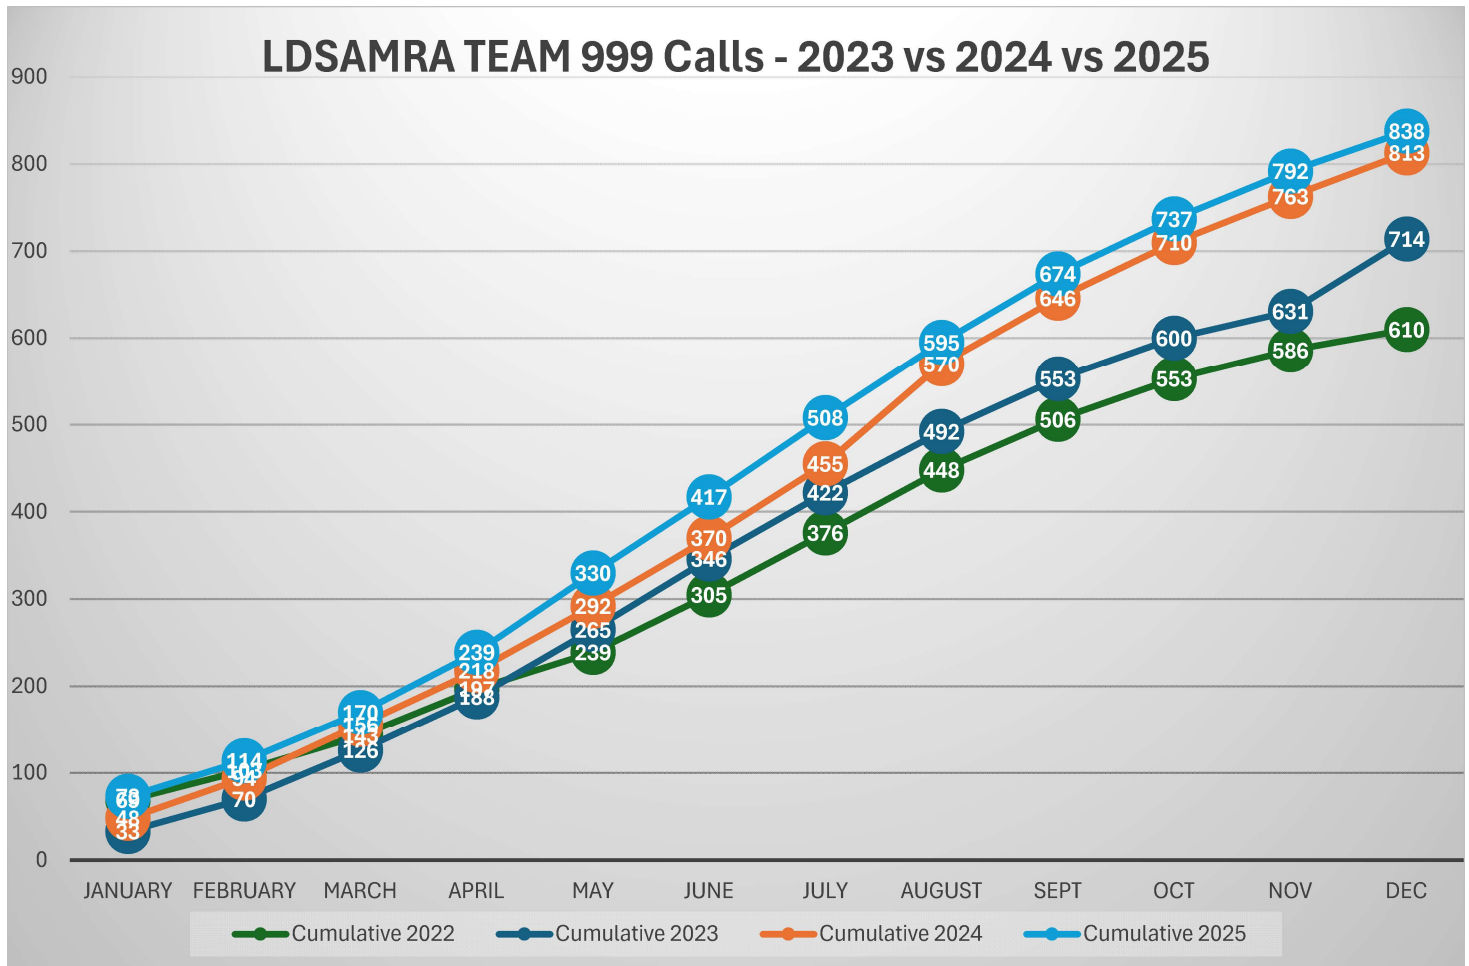

Finally, it should be noted, there are no paid positions in Mountain Rescue. Every penny donated to LDSAMRA is focused at developing the rescue service and improving casualty outcomes.

Phil Gerrard

Lake District Search & Mountain Rescue Teams

For rescue assistance, go to the nearest telephone and dial 999, ask for 'Cumbria Police' and then 'Mountain Rescue'. Give the location & grid reference, time of accident, nature of injuries, plus the name, gender and age of casualty if known.

For more general enquiries, most teams can be contacted via their website or in some cases Facebook pages. Links to the team websites can be found by visiting the LDSAMRA website:

Donating to Mountain Rescue

Please help us!

All the teams rely almost totally on donations received from the public. Charitable gifts are always gratefully received, either to specific teams directly, or to mountain rescue generally.

If you wish to financially support the Mountain Rescue Service in the Lake District, the Association will be pleased to receive your donation. All donations and legacies received by LDSAMRA are used to support the work of the 12 teams in the region. If you prefer to donate to one specific Team, the Association will pass any such donations on. Alternatively, you may contact the Team directly.

There are several ways of assisting, some more financially advantageous than others.

Please see the LDSAMRA website for donation options:

831		29/12/2025		18:35		Corridor route
Call received regarding two males who were lost. MRT deployed, located both individuals, and walked them safely back down to the valley.						
Wasdale		7 hrs 8 mins				
832		30/12/2025		11:23		Ullock Pike
Call received regarding a 79-year-old male who had suffered a witnessed cardiac arrest. MRT and H58 were deployed and provided full assistance, but despite all efforts the casualty did not survive.						
Keswick		2 hrs 32 mins				
833		30/12/2025		15:14		Launchy Gill, Armboth Fell
A 21-year-old couple reported themselves lost, with the female sustaining a knee injury. MRT deployed, located them, and walked both safely off the hill						
Keswick		2 hrs 22 mins				
834		31/12/2025		14:16		High Rigg
56-year-old female slipped and sustained a lower leg injury. MRT treated and splinted the injury, and her friends transported her to hospital.						
Keswick		1 hr 18 mins				
835		31/12/2025		15:42		Winder
Call received regarding an 84-year-old male who had slipped and sustained a hip injury. MRT attended, stretchered him off the hill, and handed him over to the ambulance for onward care.						
Kendal		3 hrs 32 mins				
836		31/12/2025		17:29		Rosset Pike Area
Caller expressed concern for a friend whose location had not moved for some time. MRT investigated and suspected the phone was simply out of signal. The individual was later found safe in a pub. MRT stood down.						
LAMRT		26 mins				
837		31/12/2025		19:17		Yewdale Fell
Caller reported flashing lights on the hill. MRT investigated and deployed a small team, who located a group of campers. No assistance was required and MRT was stood down.						
Coniston		2 hrs 1 mins				

838		31/12/2025		22:41		Place Fell
Caller reported flashing lights on the fell. MRT investigated remotely and, given that phone signal is good in that area and the lights were consistent with wild campers, no deployment was made.						
Patterdale		40 mins				

Advice to Mountain Users

Many calls to Mountain Rescue Teams are avoidable. With adequate preparation, awareness of local conditions, experience and the application of common sense, the number of accidents can be reduced. The following points cover the minimum precautions you should take if you want to avoid getting hurt or lost, and in the event of an accident, minimise further harm to you and your party.

Planning and Preparation

- Plan before setting out. Maps are essential and guidebooks are full of advice. Consider the equipment, experience, capabilities and enthusiasm of the party members.
- Check the weather forecast and local conditions, UK mountains can be major undertakings. Night encroaches early in the winter and the further north you go. Check the website www.mwis.org.uk
 - Carry a First Aid kit and learn how to give First Aid
- Many accidents occur towards the latter part of the day when both your energy levels and those of your phone and GPS batteries will be run down. Did you remember to charge your batteries before setting out?

Footwear and Clothing

- Wear suitable boots with a treaded sole and sufficient support for ankles.
 - Clothing should be colourful, warm, windproof and waterproof.
- Take spare warm clothing including a hat and gloves, it is always colder on the tops.

Food and Drink

- In addition to the usual sandwiches, take chocolate, dates, or similar sweet things, these can restore energy quickly. You may not need them yourself, but someone else may.
 - Streams on hills are drinkable if fast-running over stony beds.

Equipment and its Use

- A map, compass and the ability to use them, at least one reliable watch in the party should always be carried.
- If you carry a GPS, at least know how to read your current position. It could save a lot of hassle in an emergency when speaking to the Rescue Team.
- In all conditions, it is wise to carry a whistle, torch, spare batteries and bulbs. In winter conditions, an ice-axe, crampons and survival bag are essential.
 - Climbers and mountain bikers are urged to wear suitable helmets at all times.

Dangers - can be avoided by good route finding

- Cliffs, icy slopes or steep snow
- Very steep grass slopes, especially if frozen or wet
- Unstable boulders, gullies, gorges and stream beds
 - Rivers and streams in spate
 - Snow cornices on ridges or gully tops
 - Exceeding your experience and abilities

Dangers - can be avoided by remaining alert

- Weather changes - these can be sudden and more extreme than forecast
- Ice on path - carry an ice-axe and crampons - and know how to use them
 - Loss of concentration, especially toward the end of a long day
 - Excessive cold or heat - dress appropriately
 - Separating from the rest of the group
- Incipient exhaustion - know the signs, rest, take some food and keep warm
- Accident or illness - don't panic - if you send for help, make sure you stay put and the rescuers know exactly where to come
- Passage of time - especially true when under pressure, allow extra time in winter conditions
- It is no disgrace to turn back if you are not certain. A party should always be governed by the capabilities of its weakest member.

Adventure Smart

LDSAMRA teams are keen to support the Adventure Smart campaign to help improve safety in the Lake District fells. Check out the website at; <https://www.adventuresmart.uk/lake-district-cumbria/>

The initiative encourages people to ask themselves 3 questions before they set off for their activities in the fells:

- Do I have the right **GEAR**?
- Do I know what the **WEATHER** will be like?
- Am I confident I have the **KNOWLEDGE & SKILLS** for the day?

On the Adventure Smart website, there's lots of useful advice, including identifying some of the regions accident blackspots, and also key links to the detailed weather forecasts for whole of the Lake District National Park: <http://www.lakedistrictweatherline.co.uk>, and on Twitter [@LakesWeather](https://twitter.com/LakesWeather) will provide you with the latest weather information.

We hope you never need help in the fells, but Mountain Rescue respond to incidents 24/7 for 365 days of the year. If you need assistance, here's the link and advice of how to request it and what information to provide; <https://www.adventuresmart.uk/know-how-and-when-to-get-help/>

#BeAdventureSmart

LDSAMRA Treasurer's Report for 2025

Notes to the Accounts

1) Donations for 2025 exceeded 2024 levels. Donations of £1,000 + during this year were: -

- £2,000 from The EF Sparkes Trust
- £2,000 from P McKinlay
- £1,000 from Geoffrey Stratton
- £1,000 from Nick Hide
- £1,948 from Rosemary Webster
- £4,875 from The Greenwood Christian Trust
- £3,000 from Rowan Sharples
- £2,541 from The Herdy Company

- £1,300 from Peter Koch-Osborne
- £1,840 from Bob Bennett from sales of LDSAMRA books
- £1,000 from Raymond Batey
- £1,000 from Helen Lintell
- £6,000 from The Montane Lakeland 100
- £10,000 from Ruth Tite
- £1,000 from Hilary Duncan
- £1,000 from Mr and Mrs Dickinson
- £2,700 from The Keswick to Barrow Walk
- £2,390 from Ourea Events
- £7,725 from Sellafield Limited

2) Legacies for 2025 were below 2024 levels even after taking account of the significant legacy of £577k in 2024 from the estate of Chris Lewis (see note 15). There are several legacies that are still being dealt with. Significant legacies received in the year were: -

- £5,000 from the late Peter Jeffries
- £8,523 from the late Mary Cannell
- £25,000 from the late Mark Charles Biddle
- £17,376 from the late Rhona Humphrey
- £9,000 from the late Marilyn Dunn
- £75,000 from the late Ruth Farrell
- £10,287 from the late William McCullough
- £75,680 from the late Mrs DAA De Talbot
- £5,000 from the late Joan Enid Vale

- 3) The Gift Aid claim for 2024 of £3,162 was received in March and this compares to the claim made and received of £2,248 for 2023.
- 4) The VAT claim for 2024 of £2,032 was received in March and this compares to the claims made and received of £7,804 for 2023.
- 5) £50,000 was received from Keswick MRT specifically for the Fairness Fund.
- 6) Sundry income in 2025 to date comprised £2,989 of interest from the Mansfield Building Society and Virgin Money as well as £16,750 of interest from HSBC. For 2024 sundry income comprised £5,000 for the sale of the trailer and £13,989 of interest.
- 7) Officers' expense claims in 2025 were below those of 2024.
- 8) Training costs covered mainly winter skills training in Scotland and Swift Water Rescue. The costs are shown net and include recovery of costs from teams.
- 9) Insurance costs are shown net. We received a contribution from Cumbria Police and have paid the insurance for 2025/26. The net income relates to a change in timing of the start of the MREW insurance year to 1 July.

- 10) There have been some sundry expenses to date in 2025, including provision of tabards. During 2024, LDSAMRA funded the publication of 1,000 copies of "A History of Mountain Search and Rescue in the Lake District" written by Bob Bennett of Wasdale MRT, at a cost of £8k. These have been distributed to team for each team to sell and retain funds for themselves. Bob retained some books to sell personally and sales in this year have raised £1,840 (see 1) above).
- 11) LDSAMRA continues to support the regional UAS (Unmanned Aerial System) capability entirely, after the Masons donation that was received some years ago had been fully utilised. The costs in the year represent a software subscription for logging UAS flight information, which is required for Civil Aviation Authority licensing each year, as well as UAS fleet insurance. In 2024 there was £5.1k of net expenditure in the year on UAS costs.
- 12) There were no AdventureSmart costs to date in 2025. There was £8.5k expenditure on AdventureSmart in 2024 plus we received £25.0k funding from the Lake District Foundation sponsored by The Lakes Distillery, leaving a net surplus of £16.5k for future campaigns.
- 13) During the first quarter of 2025 the old system of distribution to teams was in operation and the region distributed £95k to member teams from general funds, which compared to £85k from general funds and £3.6k to specific teams from donations in 2024. At the March 2025 quarterly meeting all teams agreed to move to a new system, whereby each team applies to LDSAMRA if it requires additional funding support. The principles of distribution are: -
- Transparency, whereby all teams can view what is being spent.
 - Casualty-focussed, where operational capability of teams is enhanced.
 - Equality and fairness, where funds are targeted to the areas of greatest need.

Using the new system of distribution, the region has distributed a further total of £238,617 as follows: -

- £22,500 to Penrith MRT for annual expenditure in 2025 such that their fundraising income can be prioritised for their proposed new base.
- £31,986 to COMRU being £19,200 for operational costs in 2025 plus £12,786 to cover the legal costs associated with their proposed new base.
- £150,000 to Duddon & Furness MRT for their new base build, with an undertaking to contribute a further £100,000 in 2026, if required.
- £15,000 to Kirkby Stephen MRT to cover a shortfall in their operational budget for 2025.
- £14,500 to LDMRSDA for continuing operational costs.
- £4,631 to Kirkby Stephen MRT to cover equipment costs.

£150,000 of the distribution has been taken from the Chris Lewis Capital Projects Fund and the remaining £88,617 from General Funds.

- 14) The Rescue 2020 Fund was created by amalgamation of the Memorial Trust and Capital Grants Funds in September 2013 and stands at £162,000. It can be used for three purposes: -
- Region-wide initiatives, such as communication systems
 - Significant individual team projects, such as new or replacement bases
 - Individual team hardship funding

- 15) £577,473 was received from the trustees of the Chris Lewis Trust Fund (CLTF) in May 2024. This amount was topped up to £600,000 by LDSAMRA and split equally into the Chris Lewis Growth Fund and the Chris Lewis Capital Projects Fund. The Chris Lewis Growth Fund has now grown to £311,527 with interest. The Chris Lewis Capital Projects Fund has also grown with interest but has been used to fund £150,000 to the Duddon & Furness MRT new base build (see above) and now stands at £158,540.
- 16) The Fairness Fund was set up earlier in the year and those teams that have surplus funds are invited to contribute to the Fairness Fund. £50,000 was received from Keswick MRT in 2025. Each team is invited to apply for funding of a capital or operating cost nature. A funding panel comprising of LDSAMRA trustees and some individual team trustees reviews the applications received twice each year and awards teams in an open and transparent manner at the quarterly LDSAMRA meetings.

Summary of Financial Position

The region is in a healthy state financially, and as at the end of 2025, LDSAMRA held £1,325.1 of total funds, of which £162.0k is designated to the Rescue 2020 fund, £311.5k is designated to the Chris Lewis Growth Fund, £158.5k is designated to the Chris Lewis Capital Projects Fund, £50.0k is designated to the Fairness Fund and £658.9k is unrestricted.

There are some £3-4m of capital costs forecast to be incurred by member teams on enhancing existing bases or building new bases, over the next 3 to 5 years. It is anticipated that LDSAMRA will use these funds and future funds to assist with the shortfalls for these capital costs and for normal operating costs that individual teams cannot afford.

Set out on pages

1-5

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2023.

Responsibilities and
basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

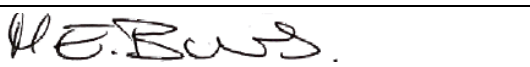

Independent
examiner's statement

The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of The Chartered Institute of Management Accountants.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

REPORT FROM THE CHAIR

Introduction

Welcome to the LDSAMRA Annual Report 2024.

As 2024 has drawn to a close the stark reality that is facing mountain rescue within the Lake District is that there is a year-on-year demand for a response from mountain rescue that is increasing at a worrying and probably unsustainable rate.

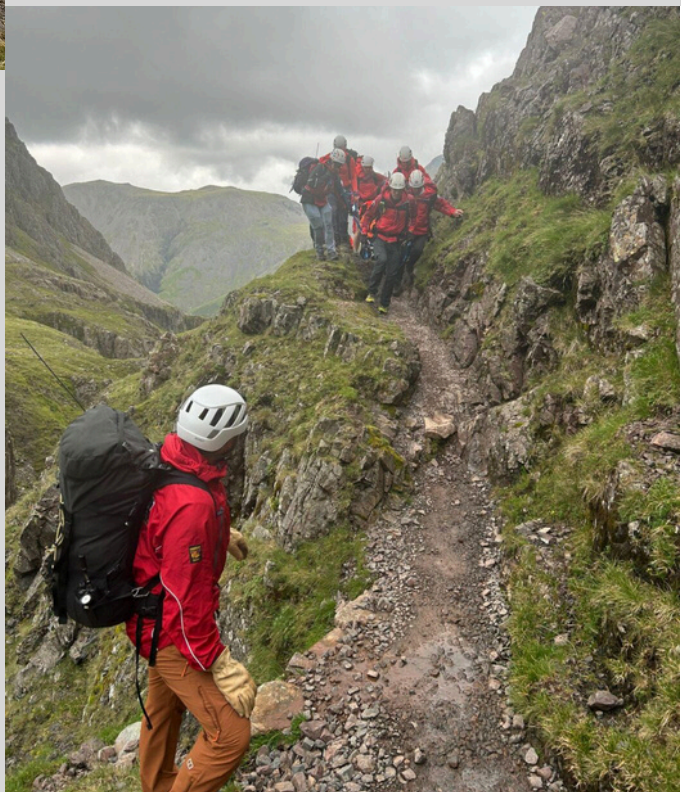

Increasing numbers of callouts

Increasing numbers of callouts has accelerated post-pandemic, with a noticeable change in public behaviour. Although many of the individuals that request support are injured, underlying this increase are rising numbers of preventable or avoidable callouts, by parties that have failed to prepare or plan adequately, resulting in being lost, caught out by bad weather or split from their party.

The year in statistics

In 2022 there were 610 calls to the emergency services for mountain rescue assistance (999 calls), rising to 813 calls in 2024. This is a rise of 33% in only three years. These 999 calls resulted in 954 team's deployments in 2024 (because more than one team may be required to respond to each 999 call) an increase of 41% in a similar period.

Some of these teams, namely Keswick, Langdale Ambleside and Wasdale, have each had to respond to over 150 callouts in 2024, resulting in significant strain on their teams.

REPORT FROM THE CHAIR

Volunteer Organisation

Mountain Rescue in the Lakes is provided by 12 teams comprised of over 400 highly trained, highly motivated, unpaid volunteers. These volunteers are supported by their families and friends, all of which have to make significant sacrifices to support the demands of the service. Increasingly the teams are supporting each other to ensure good casualty outcomes; and it this collaboration, close working relationships and unstinting commitment, that provides me with personal sense of pride in our collective organisation.

Farewell

In March 2024 I had the honour of succeeding Richard Warren in the Chair role for LDSAMRA, a position that he held for 17 years. Richard has been an unstinting champion for and servant of lake district mountain rescue and will be sorely missed as he steps down from all his roles in March 2025.

Finally, it should be noted, there are no paid positions in Mountain Rescue. Every penny donated to LDSAMRA is focused at maintaining the rescue service and improving casualty outcomes.

Phil Gerrard
Chair LDSAMRA

Regional Roles

LDSAMRA is the umbrella organisation that represents the teams and is staffed by the same volunteers that are providing the rescue service at the coalface. These dedicated individuals often wear multiple hats within their teams e.g. as a team leader, operational drone pilot, team chair, media office, fund raiser, major incident officer, as well as their LDSAMRA roles. To them I offer my specific thanks.

			1,255,158.10		300,373.68

Notes to the Accounts

1) Donations for 2024 finished ahead of 2023 levels. Significant donations during this year were: -

- £2,000 from Jenny and Chris Alexander
- £9,000 from The Wainwright Society
- £5,200 from The Greenwood Christian Trust
- £1,454 from Ourea Events
- £6,000 from The Montane Lakeland 100
- £1,312 from Julian Spencer
- £1,000 from David Love (Cross Fell casualty)
- £1,000 from Michael Fawcett
- £1,000 from Wendy Longthorn
- £2,895 from the Lakes Distillery

2) Legacies for 2024 finished very significantly above 2023 levels and there are several legacies that are still being dealt with. Significant legacies during the year were: -

- £1,000 from the late John Kenneth Lawrence
- £62,500 from the late Ruth Janet Farrell
- £577,473 from the late Chris Lewis (see note 15)
- £5,000 from the late Keith Lowndes
- £40,000 from the late Rhona Humphrey
- £1,000 from the late Berenice Pedgley
- £5,000 from the late Amanda Elizabeth Steele
- £10,000 from the late Paul Bond
- £55,000 from the Dr Donald Margerison
- £5,000 from the late Mabel Shirley Markham
- £73,196 from the late William McCullough
- £28,634 from the late Peter Davis
- £27,000 from the late Mary Cannell
- £24,382 from the late Betty Hinchliffe

3) In 2024, as in 2023, no grants have been applied for or received.

4) The Gift Aid claim for 2023 of £2,248 was received in February. This compares to 2022 where £865 was received. The Gift Aid claim for 2024 will be compiled shortly.

5) The VAT reclaim of £7,804 for the second half of 2023 was received in February 2024. This compares to the VAT reclaim of £11,244 for the whole of 2022 and the VAT reclaim of £2,088 for the first half of 2023 both of which were received in 2023. The Gift Aid claim for 2024 will be compiled shortly.

6) Sundry income in 2024 comprises £5,000 for the sale of the trailer and £12,182 of interest.

7) Officers' expense claims in 2024 are lower than 2023.

- 8) Training costs are shown net and include recovery of costs from teams. Some training costs have yet to be recovered from teams.
- 9) We have received the grant from Cumbria Police and paid the insurance for 2024/25. The cost in calendar year 2023 and the net income for calendar year 2024 relates to a change in timing of the start of the MREW insurance year to 1 July.
- 10) During 2024, LDSAMRA funded the publication of 1,000 copies of "A History of Mountain Search and Rescue in the Lake District" written by Bob Bennett of Wasdale MRT, at a cost of £8k. Sales arranged by the author brought in £1k to LDSAMRA and remaining copies were given to teams to sell at the recommended cover price of £20 per copy for their fundraising purposes and to promote the work of mountain rescue teams in the Lake District.
- 11) At the end of December 2023, there was £685 of the £71,765 donation from the Grand Lodge of Mark Master Masons for drone equipment and training. All of this has now been spent and in 2024 there was £5.1k of net expenditure in the year on UAS costs.
- 12) There was £8.5k expenditure on AdventureSmart in 2024 plus we received £25.0k ASUK funding available from the Lake District Foundation sponsored by The Lakes Distillery, leaving a net surplus of £16.5k for 2025's campaign, compared to a net contribution of £1.0k by the region to the advertising campaign in 2023.
- 13) There was no expenditure on medical supplies for the region in 2024. This compares to £35.6k in 2023 for Easy Pulse mCPR devices for the region's teams.
- 14) During 2024, the region distributed £85k to member teams from general funds. In addition, £3.6k was received by the region for distribution to specific teams.
- 15) As a reminder for all, the Rescue 2020 Fund of £162k was created by amalgamation of the Memorial Trust and Capital Grants Funds in September 2013. The terms of the fund are stated as follows:

The Fund will support by means of a grant or a loan, the following:

- *Projects (e.g. resilience laptops) which provide operational benefit to all Teams, a group of Teams, which are affiliated to LDSAMRA. These projects would be identified by the Working Groups set up by LDSAMRA.*
 - *A temporary emergency fund e.g. for a lost vehicle*
 - *Building of new Team bases and storage facilities, or major extensions to existing bases and storage facilities*
 - *Financial support should any Team affiliated to LDSAMRA encounter financial difficulties which threaten its operational capability.*
- 16) £577,473 was received from the trustees of the Chris Lewis Trust Fund (CLTF) in May. The requirements of the trustees are: -

That £300,000 (Chris Lewis Growth Fund) be invested to generate growth and/or dividend and/or interest income, which should be used to support: -

- *Activities that encourage inter-team working and learning within LDSAMRA.*
- *Safer working practices in mountain rescue, including investing in technology particularly where this reduces the risk to team members and/or improves the effectiveness of teams.*
- *Learning internationally, by funding team members from across LDSAMRA to attend the International Commission for Alpine Rescue conference each year. We expect that LDSAMRA will send a representative to each of the five Commissions: avalanche, search dogs, terrestrial rescue, air rescue and medical.*

The capital value of the invested £300,000 is to be maintained over 3-year measurement period, unless exceptionally, and only with the agreement of the undersigned (currently CLTF Trustees), these funds may be used to support a seriously injured team member should their injuries be sustained during mountain rescue activities and the insurance cover not be sufficient to support the reasonable needs of that team member and their family. Similar benevolence may be appropriate in the event of the death of team member through involvement in mountain rescue activities.

The remaining £277,473 received has been topped up to £300,000 (Chris Lewis Capital Projects Fund) to be used to support capital projects within the LDSAMRA Region. This may include the building or development of LDSAMRA team bases, investment in technology such as drones, or other similar expenditures. The LDSAMRA Trustees are asked to invite proposals from teams for their consideration. For the avoidance of doubt, the CLTF Trustees do not want these funds to be dissipated through disbursement of relatively small sums across the LDSAMRA teams.

- 17) At the end of December 2023, £30.0k was designated for a top-up of the MREW personal accident insurance policy. At a recent quarterly meeting it was agreed to dispense with the designation and release the amount to general unrestricted funds.

Summary of Financial Position

The region is in a very healthy state financially, and as at the end of December 2024, LDSAMRA held £1,255.1k of total funds, of which £162.0k is designated to the Rescue 2020 fund, £304.0k is designated to the Chris Lewis Growth Fund, £304.0k is designated to the Chris Lewis Capital Projects Fund and £485.1k is unrestricted.

John Bamforth, LDSAMRA Treasurer 15 March 2025

Independent Examiner's Report

Report to the trustees/
members of

The Lake District Search And Mountain Rescue Association

On accounts for the year
ended

31 December 2024

Charity no
(if any)

1191015

Set out on pages

1-5

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2023.

Responsibilities and
basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of The Chartered Institute of Management Accountants.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

REPORT FROM THE CHAIR

Introduction

Welcome to the 2024 LDSAMRA AGM reporting on the events of 2023 which has unfortunately been another record breaking year for callouts. It was also a very sad year where we lost Chris Lewis from Patterdale MRT whose life was brought to a tragic and untimely end as a result of his injuries. As we revisit and improve our safety management systems, Chris's legacy will reinforce an even greater respect for our activities and the environment in which our team members operate.

The year in statistics

The schedule of incidents that I have maintained since 2016 is key for both our media reporting and keeping trustees up to date with what is happening across the patch. The total number of '999' calls handled by the teams in 2023 was 714 which included nearly 200 (28%) that were lost or overdue. Support to Cumbria police on resilience events was significant in 2023, especially the snow major incident event 2 December 2023 which generated 66 separate incidents. Although the workload on many of our teams has increased significantly and therefore our concerns over sustainability, it is heartening to witness how well the LDSAMRA teams step up to the challenges. We work collaboratively with our external partners and internally providing mutual support to each other through our very robust LDSAMRA silver response arrangements. My thanks to our LDSAMRA Silvers.

AdventureSmart (ASUK)

As a region we continue to work at #BeAdventureSmart messaging so thanks to Nick Owen as our ASUK lead and our LDSAMRA teams' ongoing support since our 2018 adoption in Cumbria. We now also have a strong presence at the LRF's Strategic Visitor Management Group (LDNPA Chair / Cumberland Council Vice Chair) and Visitor Safety Group (LDNPA Chair / LDSAMRA Vice Chair). These meetings, attended by senior representatives from all agencies and sectors are focussed on management of visitor issues including ASUK safety messaging - LDSAMRA received a £17,500 grant in early 2023 for ASUK messaging and we are submitting a further £11,000 grant application for the 2024 holiday season. In addition LDSAMRA now has a seat on the ASUK Strategic Board / Planning Group with around ten members meeting quarterly with strong outdoor UK wide representation.

REPORT FROM THE CHAIR

Cumbria's Supporters

The Wainwright Society chose LDSAMRA for its 2023 fundraising campaign raising £12,250. LDSAMRA also has relationships with Cumbrian Businesses, small and large who support LDSAMRA in various ways, many with Adventure Smart Safety messaging in addition to any financial support. A potential new partner for 2024 is The Lakes Distillery who are proposing significant support for Adventure Smart UK safety messaging.

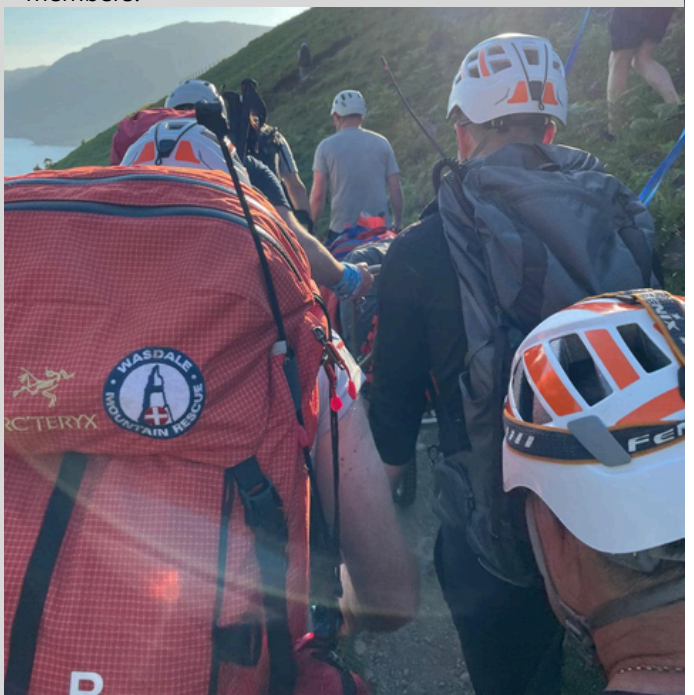

Mountain Rescue Recognition

The schedule of incidents that I have maintained since 2016 is key for both our media reporting and keeping trustees up to date with what is happening across the patch. The total number of '999' calls handled by the teams in 2023 was 714 which included nearly 200 (28%) that were lost or overdue. Support to Cumbria police on resilience events was significant in 2023, especially the snow major incident event 2 December 2023 which generated 66 separate incidents. Although the workload on many of our teams has increased significantly and therefore our concerns over sustainability, it is heartening to witness how well the LDSAMRA teams step up to the challenges. We work collaboratively with our external partners and internally provide mutual support to each other through our very robust LDSAMRA silver response arrangements. My thanks to our LDSAMRA silver members.

Thanks

As Chair of LDSAMRA I would like to express my personal thanks to our executive and all our officers and sub group members who have worked exceedingly hard throughout 2023, keeping our twelve member teams supported and represented. The support from family, friends and employers is essential in maintaining our capability to respond to the ever increasing numbers of callouts and special thanks goes to them. We thank the cooperation we receive from the various external bodies with whom we interface, especially the air assets that can make such a difference to the evacuation of our casualties to definitive care and indeed assist in the transport and evacuation of team members to and from the hill. Finally, this is my last report as a trustee of LDSAMRA as I step down as Chair. Having joined LDSAMRA as an Assistant Secretary in the mid 90s, followed by Secretary for five years then Chairman for the past 17 years I felt that it is timely to hand over the gavel to someone else to support and represent our twelve member teams. Being involved for the past 25 years has been an honour and privilege and I thank everyone for your patience when I struggled, your support when I needed it and your friendships.

Richard Warren
Chair LDSAMRA

Notes to the Accounts

1) Donations for 2023 are on par with 2022 levels. Significant donations during the year are: -

- £1,000 from Red Bank Coffee
- £4,250 from The Greenwood Christian Trust
- £1,000 from Mr GA Clarke
- £2,014 from Ourea Events
- £3,250 from The Wainwright Society
- £17,398 from various donors using JustGiving
- £1,920 from various donors using Charities Aid Foundation
- £1,000 from National Association of Police Officers
- £5,000 from Lakeland 100
- £1,000 from Mr Rowan Sharples
- £1,100 from The Keswick to Barrow walk

2) Legacies for 2023 are well above 2022 levels. Significant legacies during the year are: -

- £1,000 from the late Peter George Lewis
- £2,000 from the late Frederick Henry Blundell
- £10,000 from the late Sara McKenzie
- £50,231 from the late Miriam Hanks
- £1,000 from the late Kenelm Donald Halliday
- £16,000 from the late Betty Hinchcliffe
- £1,956 from the late Frederick Jarman
- £47,964 from the late Sandra Selby
- £13,000 from the late Dr Donald Margerison
- £10,000 from the late Rob Bracewell
- £50,000 from the late Chris Lewis

3) In 2023, no grants have been applied for or received. In 2022, £45,000 was the second grant instalment received from the Pappagallino Fund that is administered by Cumbria Community Foundation. It was used to fund bids submitted by teams in January 2021.

4) The Gift Aid claim for 2022 of £865 was received in January. The Gift Aid claim for 2023 is being collated.

5) The VAT claim for 2022 of £11,244 was received in January and the claim for the first half of 2023 of £2,088 was received in August. The VAT claim for the second half of 2023 is being collated.

6) Officers' expenses are on par with 2022 levels.

7) Training costs shown here relate entirely to SRT, Winter training and Search Planning and Management courses. Some training costs have yet to be recovered from teams.

8) £0.8k of insurance costs shown here relate to the charity's own insurance. The personal accident insurance costs for all teams have been gratefully fully funded by Cumbria Police to 28 February 2023. MREW extended the Integro personal accident insurance policy to 30 June 2023 to align

with all other insurance policies and we paid the £5.1k premium for the extension. The £10.6k costs of the Gallagher personal accident insurance for the region for the year to 30 June 2024 has been paid and we await the grant to cover both premiums from Cumbria Police.

- 9) There has been £8.2k of net expenditure in the year on UAS costs, leaving £0.7k of the donation from the Grand Lodge of Mark Master Masons remaining as designated funds.
- 10) Last year there was £32.7k of expenditure on AdventureSmart, of which LDSAMRA funded £2.9k. We have received £17.5k as a grant towards this year's campaign and spent all this plus we have contributed £1.0k from the region to the advertising campaign.
- 11) £7.3k was spent on resuscitation manikins for teams in 2022. As agreed at the last quarterly meeting, the region has purchased three Easy Pulse mCPR devices for the region's teams at a cost of £35.6k. As the devices have only just been received, we have yet to recover the 50% contribution from the three teams.
- 12) During the year, the region has distributed £154k to member teams from general funds, as normal distributions.
- 13) There is still discussion on a top-up of the MREW personal accident insurance policy. £30.0k of the normal quarterly distributions not taken by certain teams plus amounts received from sales of merchandise by Coniston Corporate have been earmarked for this potential expenditure. If the funds gifted by teams are not required, they will be paid back to the respective teams.

Summary

As at the end of August, LDSAMRA held £80.8k of general funds, of which £0.7k is designated for UAS expenditure from the donation made by the Grand Lodge of Mark Master Masons and £30.0k is designated for potential insurance top-up costs, leaving £107.6k of unrestricted funds.

Additionally, as at the end of August the region held £162.0k of Rescue 2020 funds (after topping up to the agreed level), split equally between the Virgin Charity Deposit Account and the Mansfield Building Society.

As regards the future use of the Rescue 2020 fund, the region has agreed funding Penrith MRT/COMRU for up to £20,000 +VAT to fence the land recently acquired for a new build base.

Based on the above-mentioned unrestricted funds, together known future income and expenditure, a general distribution of £5,000 per team is recommended during January 2024.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2023.

**Responsibilities and
basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of The Chartered Institute of Management Accountants.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

REPORT FROM THE CHAIR

Introduction

Welcome to the 2022 annual report that offers an insight into the work of the 12 LDSAMRA teams. A quieter start to 2023 year following a very busy 2022 for many teams.

AdventureSmart

As a region we continue to invest financially and work hard at AdventureSmart messaging but those avoidable lost/overdue callouts for 2022 at 154 at around 25% remain too high with no let up in sight.

AdventureSmart collaborations with Cumbria's businesses has now taken off with 13 supporting LDSAMRA with messaging. The majority are Cumbrian family owned. Thanks to Nick Owen for managing the ASLD project and your team's ongoing support since adoption in the Lakes in 2018.

The year in statistics

The total number of '999' call handled by the teams in 2022 was 610 including 117 alerts. For the first two months of 2023, LDSAMRA teams have responded to 70 callouts compared to 103 over the same period on 2022. Avoidable callouts are on the increase with 25 lost or overdue (36%) compared to 35 (33%) in 2022 during January / February and 25% overall in 2022.

The What3Words situation has somewhat improved this year with 15 occurrences so far of which only 1 was inaccurate. This compares with 31 occurrences with 8 inaccurate (over 500m) in Jan / Feb 2022. The total for 2022 was 173 with 34 inaccurate 20% (21 were > 500m out) compared to 180 in 2021 with 33 inaccurate 18% (23 were >500m out).

Thanks

As Chair of LDSAMRA I would like to express my personal thanks to our executive and all our officers and sub group members who have worked exceedingly hard throughout 2022, keeping our 12 teams supported and well represented. Support from family, friends and employers is essential in maintaining our capability to respond to the ever increasing numbers of callouts. We thank the cooperation we receive from the various external bodies with whom we interface, especially the air assets that can make such a difference to the evacuation of our casualties to definitive care and indeed assist in the transport and evacuation of team members to and from the hill.

Notes to the Accounts

- 1) Donations for 2022 are well above 2021 levels. Significant donations during the year are: -
 - £12,000 from an anonymous donor
 - £3,000 from The Innes Family Charitable Trust
 - £2,500 from the DeGraff family
 - £4,250 from Greenwood Christian Trust
 - £1,000 from Pennine Community Credit Union Ltd
 - £1,000 from NE Hutchinson
 - £3,507 from Ourea Events
 - £1,554 from Lancaster University Hiking Club
 - £4,912 from Durham University Hill Walking Society Wainwright Challenge
 - £1,216 from Sian Lewis walk
 - £5,000 from Epic Kidz Lakeland 100

- 2) LDSAMRA is named in several legacies that are being administered but we have not yet received all the funds yet in 2022. Significant legacies during the year are: -
 - £1,000 from the late Ms Joan Marie Lens Tennant
 - £2,243 from the late Mr Robert William Jones
 - £10,061 from the late Dr Bruce John McGreevy
 - £41,753 from the late Mr Henry Tyson
 - £20,000 from the late Mr F Toone

- 3) £45,000 was the second grant instalment from the Pappagallino Fund that is administered by Cumbria Community Foundation. It was used to fund bids submitted by teams in January 2021.

- 4) The Gift Aid claims for 2020 and 2021 of £1.1k and £4.9k respectively were received in March.

- 5) The VAT claims for 2020 and 2021 of £5.0k and £11.1k respectively, were received in January.

- 6) Officers' expenses are at normal levels in 2022 but were reduced in 2021 due to COVID-19.

- 7) There has been little spent on computer costs and the website in 2022 and we are only expecting website hosting costs which are minimal. This compares to 2021 when £9.3k was spent on purchasing laptops for the silver group.

- 8) Training costs shown here relate entirely to SRT and Winter training courses and are on par with 2021. Some contributions from member teams for this have yet to be invoiced.

- 9) Insurance costs shown here relate wholly to the charity's own insurance. The personal accident insurance costs for all teams were gratefully funded by Cumbria Police.

- 10) £22.6k of UAS costs have been spent mainly on new equipment and training and £12.4k has been received from teams for the training and from the Hodge Close incident insurance claim. This gives rise to £10.2k of net expenditure in the year, leaving £8.2k of the donation from the Grand

Lodge of Mark Master Masons remaining as designated funds.

- 11) A contribution of £29.8k has been received from the Lake District National Park Authority for the 2022 campaign. There has been £32.7k of expenditure on AdventureSmart this year and LDSAMRA funded £2.9k of this. In 2021, funding of £15.0k was received from the Lake District National Park Authority, of which £14.8k was spent on AdventureSmart.
- 12) £7.3k has been spent on resuscitation manikins for teams in the year. In 2021, all expenditure related to COVID-19 medical supplies.
- 13) During the year, the region has distributed £186.0k to member teams from general funds, as normal distributions. In addition, in February 2022, the balance of expenditure of £20.5k from the bid process in January 2021 was distributed to the teams who made bids. In March 2022, £50.0k was granted to Duddon & Furness MRT from the Rescue 2020 fund for their new base, and £32.8k was granted in June 2022 from the Rescue 2020 fund to Kirkby Stephen MRT for the purchase of their base land.
- 14) MREW is currently looking at personal accident cover for all teams in England and Wales. There is the potential that the current personal accident insurance policy will require a top-up. £16.0k of the normal quarterly distribution in September was withheld at the request of four teams to assist with a potential payment of a top-up premium for the region's teams. If these funds are not required, they will be paid to the four teams.

Summary

As at the end of December, LDSAMRA held £67.8k of general funds, of which £8.2k is designated for UAS expenditure from the donation made by the Grand Lodge of Mark Master Masons and £16.0k is designated for potential insurance top-up costs, leaving £43.6k of unrestricted funds.

Additionally, as at the end of December the region held £162.0k of Rescue 2020 funds (after topping up to the agreed level), split equally between the Virgin Charity Deposit Account and the Mansfield Building Society.

As regards the future use of the Rescue 2020 fund, the region understands that there are three potential applications, the first being a joint application from Penrith MRT/COMRU for a contribution to build a new base, the second from Coniston MRT to create a more 'fit for purpose' base and a third application from Keswick MRT for fittings following their base extension.

Based on the above-mentioned unrestricted funds, together known future income and expenditure, a general distribution of £2,000 per team is recommended during January / February 2023.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2022.

**Responsibilities and
basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

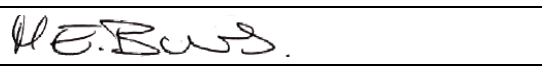

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

REPORT FROM THE CHAIR

Introduction

Welcome to the 2021 annual report that offers an insight into the work of the 12 LDSAMRA teams and includes the official statistics for the past twelve months up to the end of 2021. Two years of the pandemic has placed tremendous challenges for our 400 volunteers in protecting both ourselves and those who needed our support. An extremely busy year with record numbers of callouts. On a personal level I am extremely proud in the way our team members have stepped up to the mark, maintained operational capability whilst managing affairs at home and work.

It is now 12 months since the Red Screes incident, and it would be remiss not to reflect and to pass our best wishes to Chris and Carol Lewis. Also, to the Patterdale Team who have rallied round the family. His tragic accident has impacted on so many across the country and reminds us of the risks and sacrifices that are taken to help others in need of our service.

Achievements

Throughout the spring and summer of 2021 LDSAMRA attended weekly Tactical LRF meetings to prepare Cumbria for the anticipated onslaught of visitors. Positives for LDSAMRA included the successful bid for £15,000 to enhance / upgrade the AdventureSmart website. We are now working on Cumbria's plans for 2022 and have submitted two significant LDSAMRA grant applications for further funding and the formation of an LRF Adventure Smart working group.

In conclusion, I would like to thank you, our twelve member teams and our many supporters, without whose help and donations we would not exist. I would also like to thank our Cumbria Police colleagues and all our other agencies with whom we work. Also, thanks must go to our 400 volunteer team members and their families for their limitless commitment and support. Finally, thanks to the LDSAMRA Officers, working groups and sub-committees for their dedication, support, and work over the past twelve months. A special thanks to John Carlin and Mike Gullen who are stepping down from their key LDSAMRA positions of Secretary and Water Officer, respectively.

Richard Warren
Chairman LDSAMRA, March 2022.

The year in statistics

The total number of '999' calls managed in 2021 was 680, tragically included 23 fatalities. This compares with 580 incidents in 2019 (pre pandemic) including 17 fatalities. 22% of the 2021 incidents were truly avoidable with 150 lost or overdue. This compares with 146 lost or missing in 2019 (25%). Effective planning, taking the right equipment and knowing how to use it has gone a long way to reducing the numbers of avoidable callouts. As a busy region of 12 teams, we have heavily invested in the Adventure Smart initiative both financially and effort spent getting the messages across. Visitors have been encouraged to visit <https://www.adventuresmart.uk>, be AdventureSmart and make their good day better. Thanks to Nick Owen who leads on this LDSAMRA project.

2022 is now seeing similar increases with 104 incidents during the first 2 months of the year compared to only 77 incidents in 2019. I suspect the current uncertainty with the economy and the current events in mainland Europe will continue to encourage the staycation groups to the Lake District.

Notes to the Accounts

- 1 Included in the 2020 Donations Income figures was the property in Ambleside gifted by Mrs PG Evans, which generated a net amount of £346.0k after all costs, leaving £79.2k of other donations for the year. Ignoring this, the donations for 2021 are on par with the 2020 levels. Significant donations during the year were £7,500 from The Herdy Company, £10,000 from Dr Charles Vaillant and £10,000 from The Goodacre Benevolent Fund.
- 2 In February we received an interim £10.0k distribution from the estate of Royston Jackson and in July we received a final £4.2k distribution from the estate of Mr Beverley Kell. In September we received £20.0k from Edward Fidler's estate plus £22.5k from the late Robert Jones. In October we were left £62.7k by the late Leonard Atkinson and given a further £10.0k from the Late Robert Jones. In November we received a legacy of £10.0k from Edward Stripp and in December the final distribution of £24.4k from Royston Jackson was received. As a comparative, in 2020 we received a final distribution of £16.8k from the estate of Jacqueline Titterton of St. Asaph, a legacy of £178.4k from the estate of Pearl Owen of Brighouse, two distributions totalling £28.2k from the estate of Joan Barker, a legacy of £68.7k from the estate of Sylvia Lloyd, and an interim distribution of £11.5k from the estate of Mr Beverley Kell.
- 3 The Gift Aid and VAT claims for 2020 and 2021 are in progress. As a comparative, the VAT claim for 2018 of £3,499 was received in February 2020 and the VAT claim for 2019 of £1,984 was received in March 2020.
- 4 Following the accident to Chris Lewis, LDSAMRA was requested to facilitate the fundraising effort. We were very happy to assist and set up a campaign page on the LDSAMRA JustGiving website with the story written by Patterdale MRT and links to the BBC coverage. To the end of May, the campaign from Just Giving and cheques received directly raised £1,039k. This was paid over to the trust fund set up for Chris. A further £4.7k representing the amounts raised in June to August has also been paid over to the trust. There are some smaller amounts to be collated and handed over in due course.
- 5 Officers' expenses are significantly down on last year due to COVID-19.
- 6 £9.3k has been spent on purchasing laptops for the silver group, funded mostly from a donation made a couple of years ago, topped up by LDSAMRA. This compares to 2020 when £2.1k was spent on re-developing the region's website, and a new laptop with ancillaries for the region for £0.9k.
- 7 Training costs relate entirely to SRT training and Winter training deposits. And contributions from member teams for this have yet to be recovered.
- 8 Funding of £15,000 has been received from the Lake District National Park Authority, of which £14.8k has been spent on AdventureSmart. The balance of £0.2k is shown here as income effectively.

- 9 During the year, the region has distributed £198.0k to member teams from general funds, as normal distributions. In addition, to the end of December, £72.5k has been distributed to 7 teams because of the bid process in January: a further £21.5k is earmarked for distribution to those teams who made bids. We have managed to extend the grant claim period to the end of March 2022 for the £45.0k to be funded by the Pappagallino Fund.

Summary

As at the end of December, LDSAMRA held £156.6k of general funds, of which £15.7k is restricted and £49.0k designated for certain funding, leaving £91.9k of unrestricted funds.

Additionally, as at the end of December the region held £162.0k of Rescue 2020 funds (after topping up to the agreed level), split equally between the Virgin Charity Deposit Account and the Mansfield Building Society. As regards the future use of the Rescue 2020 fund, the region has received an application from Duddon & Furness MRT to cover the fit out of their base, which is detailed below. In addition, the region understands that there are still two potential applications, the first being a joint application from Penrith MRT/COMRU for a contribution to build a new base, the second from Coniston MRT to create a more 'fit for purpose' base.

DFMRT applied in early 2019 for a grant to build a new base at Foxfield, and LDSAMRA granted £50k from the Rescue 2020 fund. As of November 2021, DFMRT had secured £625k of the £650k required for the build phase, but still needed a further £100k for the fit out. Since then, the £25k shortfall for the build phase has been funded by another team within the region, which will enable the build to commence. DFMRT are now seeking a contribution for the basic fit-out of their base. The LDSAMRA trustees have discussed the application and propose to fund 50% of the fit-out cost of their base, i.e., £50k, from Rescue 2020 funds.

On the basis of the above-mentioned unrestricted funds and the proposed Rescue 2020 contribution, together known future income and expenditure, a general distribution of £5,000 per team is recommended during January.

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2021.

**Responsibilities and
basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (other than that disclosed below *) which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
