Our goal is to help alleviate poverty in South West London, by helping feed the homeless and those in need, and providing them with other vital resources.

We provide a twice weekly stall serving hot food and essential produce, run a local foodbank which operates as a drop-in collection service and a soup kitchen as part of the "Warm Spaces" initiative from the Council, as well as various arts & craft workshops. Our aim is to strengthen our presence within the community, as a general support network and hub for resources to assist our guests. We believe that everyone in our community deserves to feel cared for and valued without prejudice.

Section B Structure, governance and management

Description of the charity's trusts

Type of governing document	Constitution adopted on 1st September 2020
How the charity is constituted	CIO
Trustee selection methods	Apart from the first charity trustees, every subsequent trustee will be appointed for a term of three years by a resolution passed at a properly convened meeting of the charity trustees. In selecting individuals for appointment as charity trustees, the charity trustees consider the skills, knowledge and experience needed for the effective administration of the CIO.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about: • policies and procedures adopted for the induction and training of trustees; • the charity's organisational structure and any wider network with which the charity works; • relationship with any related parties; • trustees' consideration of major risks and the system and procedures to manage them.	The governing document is the Tooting Community Kitchen CIO Constitution adopted on 1st September 2020 which became recognised by the Charity Commission when the Charitable Incorporated Organisation was registered on 1st September 2020. The operational activities of Tooting Community Kitchen started in November 2018, when it identified the need to support the homeless and people in need in Tooting and the wider Wandsworth area. The Trustees held regular meetings during the year. Some operational details for specific projects are delegated to Committees, each of which has terms of reference agreed by the Trustees. The Trustees and volunteers work entirely on a voluntary basis. There are no employees. As Tooting Community Kitchen's work has developed to consider supporting the intake of refugees into Wandsworth, partnerships have been established with SWAN, Care4Calais and CARAS, as well as DONS Local, Fare Share, The Felix Project, City Harvest and local businesses.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

Our goal is to help alleviate poverty in Southwest London, by helping feed the homeless and those in need, and providing them with other vital resources.

We provide a biweekly stall serving hot food and essential produce and run a local foodbank which operates as a drop-in collection service and added a soup kitchen and various workshops. Our aim is to strengthen our presence within the community, as a general support network and hub for resources to assist our guests. We believe that everyone in our community deserves to feel cared for and valued without prejudice.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

In planning the charity's activities for the year, the Trustees kept in mind the Charity Commission's guidance on public benefit. All Trustees were briefed on the role of Trustees of Tooting Community Kitchen CIO, given copies of the governing documents of the charity and referred to the detail on the Charity Commission website related to becoming a trustee and to the guidance on public benefit.

These activities benefit our local guests by supporting food poverty and providing friendship and support to help combat loneliness as well as other services as and when need arises.

We are grateful for the many hours that volunteers have spent baking, cooking, growing produce, fundraising, driving, collecting food deliveries. serving at the stalls and at the foodbank, advising on marketing and communications, operating social media, developing food hygiene and safety policies and general advisory. We would also like to thank the students who are part of the Duke of Edinburgh scheme who give up their time weekly to help their local community.

Section E Financial review

Brief statement of the charity's policy on reserves	Cash at bank as of 31st March 2025 was £63,125 in unrestricted funds. The main financial risk to the charity is a reduction in donations from individuals and businesses. The funds are held to cover 3 months of operational costs in the event of a loss of income and to meet any unforeseen expenditure that may occur.
Details of any funds materially in deficit	N/A

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about: • the charity's principal sources of funds (including any fundraising); • how expenditure has supported the key objectives of the charity; • investment policy and objectives including any ethical investment policy adopted.	Our main source of funds this year has been grants and donations and we continue to actively engage with opportunities to fundraise. We use general funds to pay for hot food which we get at discount from local food businesses in the Tooting area. We also buy food for our soup kitchen and various workshops

Section F Other optional information

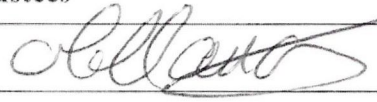

Future Plans:

The coming year will see a continued need to provide hot food and groceries for local individuals and families in need. We anticipate an increase in demand due to inflation, a reduction in Universal Credit and energy poverty due to soaring gas and electricity costs as well as continuing fall-out from economic and food crises

In selecting individuals for appointment as charity trustees, the charity trustees consider the skills, knowledge and experience needed for the effective administration of the CIO.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about: • policies and procedures adopted for the induction and training of trustees; • the charity's organisational structure and any wider network with which the charity works; • relationship with any related parties; • trustees' consideration of major risks and the system and procedures to manage them.	The governing document is the Tooting Community Kitchen CIO Constitution adopted on 1st September 2020 which became recognised by the Charity Commission when the Charitable Incorporated Organisation was registered on 1st September 2020. The operational activities of Tooting Community Kitchen started in November 2018, when it identified the need to support the homeless and people in need in Tooting and the wider Wandsworth area. The Trustees held regular meetings during the year. Some operational details for specific projects are delegated to Committees, each of which has terms of reference agreed by the Trustees. The Trustees and volunteers work entirely on a voluntary basis. There are no employees. As Tooting Community Kitchen's work has developed to take into account need throughout the Covid pandemic and also supporting the intake of refugees into Wandsworth, partnerships have been established with MindworksUK, SWAN, Care4Calais and CARAS.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document	Our goal is to help alleviate poverty in South West London, by helping feed the homeless and those in need, and providing them with other vital resources. We provide a biweekly stall serving hot food and essential produce and run a local foodbank which operates as a drop-in collection service and added a soup kitchen and various workshops. Our aim is to strengthen our presence within the community, as a general support network and hub for resources to assist our guests. We believe that everyone in our community deserves to feel cared for and valued without prejudice.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

All Trustees were briefed on the role of Trustees of Tooting Community Kitchen CIO, given copies of the governing documents of the charity and referred to the detail on the Charity Commission website related to becoming a trustee and to the guidance on public benefit.

These activities benefit our local guests by supporting food poverty and providing friendship and support to help combat loneliness as well as other services as and when need arises.

Section E Financial review

Brief statement of the charity's policy on reserves	Cash at bank at 31st March 2023 was £46,105.47 in unrestricted funds. The main financial risk to the charity is a reduction in donations from individuals and businesses. The funds are held to cover 5 months of operational costs in the event of a loss of income and to meet any unforeseen expenditure that may occur.
Details of any funds materially in deficit	N/A

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Our main source of funds this year has been grants and donations and we continue to actively engage with opportunities to fundraise.

We use general funds to pay for hot food which we get at discount from local food businesses in the Tooting area.
We also buy food for our soup kitchen and various workshops

Section F Other optional information

Future plans:

The coming year will see a continued need to provide hot food and groceries for local individuals and families in need. We anticipate an increase in demand due to inflation, a reduction in Universal Credit and energy poverty due to soaring gas and electricity costs as well as continuing fall-out from economic and food crises

How the charity is constituted (eg. trust, association, company)	CIO

Trustee selection methods (eg. appointed by, elected by)	Apart from the first charity trustees, every subsequent trustee will be appointed for a term of three years by a resolution passed at a properly convened meeting of the charity trustees. In selecting individuals for appointment as charity trustees, the charity trustees consider the skills, knowledge and experience needed for the effective administration of the CIO.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about: • policies and procedures adopted for the induction and training of trustees; • the charity's organisational structure and any wider network with which the charity works; • relationship with any related parties; • trustees' consideration of major risks and the system and procedures to manage them.	The governing document is the Tooting Community Kitchen CIO Constitution adopted on 1st September 2020 which became recognised by the Charity Commission when the Charitable Incorporated Organisation was registered on 1st September 2020. The operational activities of Tooting Community Kitchen started in November 2018, when it identified the need to support the homeless and people in need in Tooting and the wider Wandsworth area. The Trustees held regular meetings during the year. Some operational details for specific projects are delegated to Committees, each of which has terms of reference agreed by the Trustees. The Trustees and volunteers work entirely on a voluntary basis. There are no employees. Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution adopted on 1st September 2020
How the charity is constituted (eg. trust, association, company)	CIO

Trustee selection methods (eg, appointed by, elected by)	Apart from the first charity trustees, every subsequent trustee will be appointed for a term of three years by a resolution passed at a properly convened meeting of the charity trustees. In selecting individuals for appointment as charity trustees, the charity trustees consider the skills, knowledge and experience needed for the effective administration of the CIO.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about: • policies and procedures adopted for the induction and training of trustees. • the charity's organisational structure and any wider network with which the charity works. • relationship with any related parties. • trustees' consideration of major risks and the system and procedures to manage them.	The governing document is the Tooting Community Kitchen CIO Constitution adopted on 1st September 2020 which became recognised by the Charity Commission when the Charitable Incorporated Organisation was registered on 1st September 2020. The operational activities of Tooting Community Kitchen started in November 2018, when it identified the need to support the homeless and people in need in Tooting and the wider Wandsworth area. The Trustees held regular meetings during the year. Some operational details for specific projects are delegated to Committees, each of which has terms of reference agreed by the Trustees. The Trustees and volunteers work entirely on a voluntary basis. There are no employees. As Tooting Community Kitchen's work has developed to consider the needs of the community throughout the Covid pandemic as well as supporting the intake of refugees into Wandsworth, partnerships have been established with MindworksUK, SWAN, Care4Calais and CARAS.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document	Our goal is to help alleviate poverty in Southwest London, by helping feed the homeless and those in need, and providing them with other vital resources. We provide a biweekly stall serving hot food and essential produce and run a local foodbank which operates as a drop-in collection service and added a soup kitchen and various workshops. Our aim is to strengthen our presence within the community, as a general support network and hub for resources to assist our guests. We believe that everyone in our community deserves to feel cared for and valued without prejudice.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

In planning the charity's activities for the year, the Trustees kept in mind the Charity Commission's guidance on public benefit. All Trustees were briefed on the role of Trustees of Tooting Community Kitchen CIO, given copies of the governing documents of the charity and referred to the detail on the Charity Commission website related to becoming a trustee and to the guidance on public benefit.

These activities benefit our local guests by supporting food poverty and providing friendship and support to help combat loneliness as well as other services as and when need arises.
