### Names of the trustees for the charity, if any, (for example, any custodian trustees)

Name	Dates acted if not for whole year

## Names and addresses of advisers (Optional information)

Type of adviser	Name	Address

## Name of chief executive or names of senior staff members (Optional information)

--

## Section B Structure, governance and management

### Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution
How the charity is constituted (eg. trust, association, company)	CIO
Trustee selection methods (eg. appointed by, elected by)	Appointed by Trustees

### Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

--

## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

"To advance the education of the pupils and their parents at 'St James Parents's School, Entebbe, and any other school in Uganda that the trustees deem fit, by providing and assisting in the provision of facilities for education at the school."

"The preservation and promotion of health among people under 18 residing permanently or temporarily in 'The Katanga Slum' and any other area in Uganda that the trustees deem fit."

"The relief of financial hardship among orphans, pupils, organisers,

parents and teachers living or connected to 'The Katanga Slum', 'St James Parents's School, Entebbe. and any other community focused on the education of under 18s in Uganda that the trustees deem fit. Either generally or individually through the provision of grants, goods or services which they could not otherwise afford through lack of means." Nothing in this constitution shall authorise an application of the property of the CIO for the purposes which are not charitable in accordance with [section 7 of the Charities and Trustee Investment (Scotland) Act 2005] and [section 2 of the Charities Act (Northern Ireland) 2008]

Trustees have had regard to the guidance issued by the Charity Commission on public benefit.

We have continued to develop the sites including the purchase of 2 generators for Bugomola and Hope for Katanga following the theft of electricity cables from Bugonola, and a water pump for hope for Katanga. Otherwise funds have been spent on food for all the pupils and teachers in a difficult time when there has been little rain. Funds have also been spent and maintenace and diesel for vehicles so that the three sites can support each other.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

Continued improvements in exam results with some students being able to go to university. The three sites are now supporting each other. Major health issues have been managed successfully. Bugomola has carried out a major building project

## Section E Financial review

Brief statement of the charity's policy on reserves

The charity holds minimal reserves

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

## Section F Other optional information

## Section G Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees

--	---

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

Either generally or individually through the provision of grants, goods or services which they could not otherwise afford through lack of means.” Nothing in this constitution shall authorise an application of the property of the CIO for the purposes which are not charitable in accordance with [section 7 of the Charities and Trustee Investment (Scotland) Act 2005] and [section 2 of the Charities Act (Northern Ireland) 2008]

Trustees have had regard to the guidance issued by the Charity Commission on public benefit.

Experience has shown that we need to modify our strategies until best practice is achieved with reassessment everytime the local scene changes whether politically or enviromently great advances being made via networking in the community at large between pupils at different campassess, staff and our agents. Willingness to go to law, refusal to pay any bribe. The habit of going to higher officials and getting them to save face with even higher officals gets the job done.

This year has been one of survival and viability of our trustees to maintain their posts. All three trustees have been necessarily engaged in looking after parents with severe dementia and the ceo took a massive stroke a few days before a 50 day visit was due to Uganda. There was no time for fund raising when up to 168 hours a week care was needed for these individuals. So the trustees started providing by sacrificial giving and the selling of cars houses and raids on pension funds. So we doubled down to see what could be done for the childrens and staff welfare, we were tremendously encouraged when the children themselves decided to pray for us the trustees. They understood strokes as a death sentance and sick relatives as a responsibility. The attitude was if God is real and if he cares and really listens to us and we are worth something as his children then he will listen if we pray. And God did listen. To those little mites the ceo had a second stroke that stopped the unstoppable damage being caused by the first by blocking off that area of the brain and sealing it totally. So what did we salvage in this time. We kept vehicles maintained to foster intercommunity links. For food was provided to bridge late harvests and the strategy of dealing direct with farmers twice a year at the dual harvests of Uganda became due. We bought food in quantities that would last children for a term at a time and at a time of late planting and late arrival of the new crop due to late rains which gave us a 9 week gap in food instead of a three when food would run out between harvests our reputation for fair play paid off as many farmers saved their seed stocks for the children yeilding an extra 6.5 tonnes of badly needed grain. The home grown food initiatives provided a huge boost to morale as one community developed a suggested piece of land that produced gigantic casava roots 4 to 5 feet long instead of the normal footlong tubours the school brightlights that grew them had enormous fun measuring the children against them. Then when the repaired vehicles came and delivered grain to brightlights the giant casava roots where delivered to Katanga childrens school and enntebbe milled down to flour. So one of our objectives was acheived in the support network between the three communities. With deep freindships between our agents developing and the sharing of encouragment and inovation of these agents and inspiration of the children to work for a future. The children developed links as well. Introduction of electricity to brightlights and the addition of printers and internet meant that twenty year old books were replaced and the latest crriculum could be followed with worksheets for each child instead of the teacher doing their best out of old textbooks one peer teacher. This has so stimulated learning that brightlights has improved average grades by two levels. Giving the school as best in region. A base for a bathroom and shower block was built in the wrong location. When a localbuildier took matters into his own hands. This was aborted a strong message

being sent and understood. We had a video message from a little girl who because of a very low river was dirtier after a bucket shower than when she started. This was funny but highlighted a real problem at Brightlights. Low waterlevels were causing disease to malnourished kids resulting in frequent epidemics. I refused to buy a motorbike to haul contaminated water as it would only solve the problem of accidents to the children carrying jericans in a crocodile along poor roads those roads had already caused two children to be run over by a drunk lorry driver. I knew a filtration system would need unsustainable maintenance. Due to sandy soil the african toilets essentially are a hut built over a 50 to 70 foot hole in the ground would contaminate the ground water that was available at approx 100 feet. So from an arial photograph and the measurements taken on my first visit we drew up a roof catchment scheme initially providing 10000 litres of fresh water whenever rain occurs. Kids were dancing in the rain, parents were going round the school stroking the tanks it took 7 weeks start to finish and a storm the day it finished apparently 10000 litres of cool clean fresh water was a sight never seen by most parents, so a great success and one very happy little girl. So we have made it a policy to attach guttering to all new builds and water collection tanks to every project. A new toilet block to replace a decrepit collapsed building has gained an increase to 12000 litres capacity at Brightlights and the protocol is being adopted at the Kantanga childrens village, with the first 2000 litre capacity being attached to the new toilet block there which will give a backup to a partially hand dug well. We hope to encourage the well for agricultural and washing while building capacity for quality supplies for cooking and drinking. Secondary use of grey water is taking longer to initiate. Showers could drain to agricultural drains supplying sub surface water to the small fields being cultivated at root level allowing 40 to 60 percent increase in crop for the same amount of work as seeds are planted at 150 mm intervals instead of the 450 intervals that equate to the normal rainfall. Success of the harvest can be further enhanced if there is too little rain as the grain swells release of grey water to the system will stop crop failure. We have found piped water to Entebee failed as a few plants were raised but the school abused and didn't put money by for the utility bill resulting in the water meter being removed multiple times. This was one symptom of mismanagement and poor practice and false accounting and general incompetency of a proud headmaster who wouldn't take advice from us or locally supplied experts. We have invested an excessive amount in this school and finally have pulled the rug and disowned our connection to it. For our aim has always been to bring our communities to self financing. Our charity will cease in two years so all our efforts are being placed with Katanga childrens mission and Brightlights primary school as these two will achieve and be self sustaining.

#### **Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

## Section D

## Achievements and performance

## Section D

## Achievements and performance

### Summary of the main achievements of the charity during the year

The private pharmacy has drastically cut hospital admissions by stocking drugs for the 8 most common children's diseases. A pharmacy in each community is needed in light of dirt tracks being washed away in the rainy season.

Provision of computer equipment after assisting in electricity being installed has already led to mid term improvement in children's grades. Improved nutrition and medical care seems set to have an exponential improvement in pupil achievement.

Our communities have only experienced 3 deaths which is 10% of the death rate in the surrounding villages bearing in mind we support 1200 children which is growing each year.

## Section E

## Financial review

**Brief statement of the charity's policy on reserves**

The charity holds minimal reserves

**Details of any funds materially in deficit**

**Further financial review details (Optional information)**

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

"The preservation and promotion of health among people under 18 residing permanently or temporarily in 'The Katanga Slum' and any other area in Uganda that the trustees deem fit."

"The relief of financial hardship among orphans, pupils, organisers,

parents and teachers living or connected to 'The Katanga Slum', 'St James Parents's School, Entebbe. and any other community focused on the education of under 18s in Uganda that the trustees deem fit. Either generally or individually through the provision of grants, goods or services which they could not otherwise afford through lack of means." Nothing in this constitution shall authorise an application of the property of the CIO for the purposes which are not charitable in accordance with [section 7 of the Charities and Trustee Investment (Scotland) Act 2005] and [section 2 of the Charities Act (Northern Ireland) 2008]

Trustees have had regard to the guidance issued by the Charity Commission on public benefit.

Experience has shown that we need to modify our strategies. In the matter of food there is a clear need for diversity of nutrition. At brightlights a client led initiative led to the planting of coffee, this valuable product was sold to buy a variety of food stuffs that could not be grown. It became clear that buying from suppliers left us facing 500 – 1000% price increase due to scarcity we found for instance the Entebbe school was being offered stolen charity food as depicted in the videos we demanded. We had to find a method to provide food and avoid this corruptive practice. We encouraged spare land to be planted as a hedge against these price escalations that led us to be at the mercy of rain variation, the final practice which has proved successful was to find farmers close to a water supply who were willing to pump to keep their crops viable, our agents waited until the harvest was ready offer 10% of the value to bring in the harvest and got the crop at 1/6th the market price. This built relationships with farmers and cut out the inadvertant practice of buying stolen food. The Katanga children's project then milled the grain and distributed it to the other sites.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

The private pharmacy has drastically cut hospital admissions by stocking drugs for the 8 most common children's diseases. A pharmacy in each community is needed in light of dirt tracks being washed away in the rainy season.

Provision of computer equipment after assisting in electricity being installed has already led to mid term improvement in children's grades. Improved nutrition and medical care seems set to have an exponential improvement in pupil achievement.

Our communities have only experienced 3 deaths which is 10% of the death rate in the surrounding villages bearing in mind we support 1200 children which is growing each year.

**Section E Financial review**

**Brief statement of the charity's policy on reserves**

The charity holds minimal reserves

**Details of any funds materially in deficit**

**Further financial review details (Optional information)**

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

**Section F Other optional information**

**Section G Declaration**

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees

**Section C Objectives and activities**

**Summary of the objects of the charity set out in its governing document**

“To advance the education of the pupils and their parents at ‘St James Parents’s School, Entebbe, and any other school in Uganda that the trustees deem fit, by providing and assisting in the provision of facilities for education at the school.”

“The preservation and promotion of health among people under 18 residing permanently or temporarily in ‘The Katanga Slum’ and any other area in Uganda that the trustees deem fit.”

“The relief of financial hardship among orphans, pupils, organisers, parents and teachers living or connected to ‘The Katanga Slum’, ‘St James Parents’s School, Entebbe. and any other community focused on the education of under 18s in Uganda that the trustees deem fit. Either generally or individually through the provision of grants, goods or services which they could not otherwise afford through lack of means.”

Nothing in this constitution shall authorise an application of the property of the CIO for the purposes which are not charitable in accordance with [section 7 of the Charities and Trustee Investment (Scotland) Act 2005] and [section 2 of the Charities Act (Northern Ireland) 2008]

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

Trustees have had regard to the guidance issued by the Charity Commission on public benefit.

Funds have been provided for food and medical supplies at ‘The Katanga Slum’, ‘St James Parents’s School, Entebbe and Brightlights Primary School in Bugomola particularly in relation to the covid pandemic.

Funds have been provided to complete a safe house for girls from the Katanga slum and school buildings at Entebbe and Bugomola

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

## Section D

## Achievements and performance

## Section D

## Achievements and performance

### Summary of the main achievements of the charity during the year

Both schools supported have remained open when allowed during the pandemic.

The girls house at Hope for Katanga village has been completed. The boundary wall at Entebbe has been completed.

Hospital fees have been paid following a tragic accident involving 2 pupils of Brightlights Primary School.
