Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

"To advance the education of the pupils and their parents at 'St James Parents's School, Entebbe, and any other school in Uganda that the trustees deem fit, by providing and assisting in the provision of facilities for education at the school."

"The preservation and promotion of health among people under 18 residing permanently or temporarily in 'The Katanga Slum' and any other area in Uganda that the trustees deem fit."

"The relief of financial hardship among orphans, pupils, organisers,

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

parents and teachers living or connected to 'The Katanga Slum', 'St James Parents's School, Entebbe. and any other community focused on the education of under 18s in Uganda that the trustees deem fit. Either generally or individually through the provision of grants, goods or services which they could not otherwise afford through lack of means."

Nothing in this constitution shall authorise an application of the property of the CIO for the purposes which are not charitable in accordance with [section 7 of the Charities and Trustee Investment (Scotland) Act 2005] and [section 2 of the Charities Act (Northern Ireland) 2008]

Trustees have had regard to the guidance issued by the Charity Commission on public benefit.

Experience has shown that we need to modify our strategies. In the matter of food there is a clear need for diversity of nutrition. At brightlights a client led initiative led to the planting of coffee, this valuable product was sold to buy a variety of food stuffs that could not be grown. It became clear that buying from suppliers left us facing 500 – 1000% price increase due to scarcity we found for instance the Entebbe school was being offered stolen charity food as depicted in the videos we demanded. We had to find a method to provide food and avoid this corruptive practice. We encouraged spare land to be planted as a hedge against these price escalations that led us to be at the mercy of rain variation, the final practice which has proved sucessful was to find farmers close to a water supply who were willing to pump to keep their crops viable, our agents waited until the harvest was ready offer 10% of the value to bring in the harvest and got the crop at 1/6th the market price. This built relationships with farmers and cut out the inadvertant practice of buying stolen food. The Katanga children's project then milled the grain and distributed it to the other sites.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

The private pharmacy has drastically cut hospital admissions by stocking drugs for the 8 most common children's diseases. A pharmacy in each community is needed in light of dirt tracks being washed away in the rainy season.

Provision of computer equipment after assisting in electricity being installed has already led to mid term improvement in children's grades. Improved nutrition and medical care seems set to have an exponential improvement in pupil achievement.

Our communities have only experienced 3 deaths which is 10% of the death rate in the surrounding villages bearing in mind we support 1200 children which is growing each year.

Section E Financial review
