Objectives and Activities

The advancement of animal welfare for the public benefit in the UK and abroad by the promotion of human compassion towards animals, the protection of animals from cruelty and the relief of animal suffering through:

- a. Forming partnerships with animal and wildlife rescue, rehabilitation and adoption organisations and volunteers globally, providing them with funding (by way of grants), information, advice and support for their projects;
- b. Taking financial responsibility and overall responsibility for the care of animals rescued by partner animal and wildlife rescue organisations and volunteers abroad and rehoming these animals with appropriate families in the United Kingdom; and
- c. Raising awareness of and providing education around global stray, abandoned and abused animal welfare concerns abroad and working with communities to address these concerns in a way that is mutually beneficial for the animal and human population.

Main Activities

We are dedicated to improving the quality of life for street dogs in Turkey, empowering the local volunteers that help us to improve the quality of life for street dogs in Turkey and rescuing and rehoming dogs.

We achieve this by:

Grants – supporting local volunteers in Turkey to care for the existing street dog population in their local areas and to reduce the street dog population in those same areas. We do this by providing funding for:

1. Spay/neuter surgeries for street dogs;
2. Fuel for transporting street dogs to the vets for emergency care or spay/neuter surgeries;
3. Dog food;
4. Dog shelters and feeding stations;
5. Key medicines such as tick, flea and worming treatments; and
6. Accommodation for street dogs in recovery from spay/neuter operations or other emergency treatments before release.

ANGELS FOR ANIMALS FOUNDATION

TRUSTEES' REPORT (continued) FOR THE YEAR ENDED 30TH APRIL 2024

Volunteers to whom we make grants are volunteers with whom we have built a trusting relationship and who have proven to have a positive impact on the welfare of street dogs in their local area and their local community. These volunteers all promote spay and neuter of dogs (street dogs and pet dogs) and support members of their community to be more responsible pet owners. Appropriate due diligence is carried out to monitor the correct use of grants by volunteers. For example, written updates on and pictures and videos of the work grants are supporting are provided by the volunteers and visiting the volunteers and boarding facility

Rescue – rescuing vulnerable dogs from the streets, for example, dogs that will not survive as street dogs for reasons including injury, abandonment and/or age. For dogs that we rescue and place in our care until rehoming, we provide veterinary treatment and secure boarding facility until they are transported to the UK to be placed into adoptive homes, foster homes or kennels from which appropriate placements are found. This year we have branched into rehoming dogs which have been surrendered in the UK too. The situation in the UK is severely deteriorating and there are not enough rescues to keep up with the demand for help so we agreed to increase our UK operations to help where we can.

Rehoming – rehoming dogs who are unable to be released back onto the streets of Turkey and assisting partner organisations to rehome their dogs in the UK too.

Public Benefit

The Trustees have given careful consideration to, and complied with, the Charity Commission's guidance on public benefit. We provide public benefit by:

- a. Supporting the treatment of injured or ill street dogs;
- b. Supporting the reduction of the street dog population;
- c. Supporting the work of local street dog volunteers in Turkey;
- d. Providing volunteering opportunities for those who wish to support our work;
- e. Uniting a community of animal lovers in the UK and other countries to support our work in Turkey;
- f. Promoting the benefits of spaying and neutering in Turkey to help reduce the number of street dogs; and
- g. Rehoming dogs with vetted families in the UK.

Achievements and Performance

Our income remained strong in this accounting period and we have continued to be able to operate at the same level as previous years, providing a substantial amount of financial support to local volunteers to feed, spay/neuter and seek veterinary treatment for dogs on the streets of Turkey.

In the period between May 2023 and April 2024:

- 1 We strengthened relationships with our three local volunteers in Turkey to whom we made grants for food and shelter support for street dogs;
- 2 We transported more dogs to their new homes in the UK . We are provided with updates on dogs rehomed by the charity by way of social media or direct contact with the adopters;
- 3 We made grants to local volunteers in Turkey for the feeding, shelter and spaying/neutering of street dogs. Shelters are built by the volunteers using wooden pallets, planks and tarpaulin. These shelters are particularly vital for the dogs during the colder months of December – March; and
- 4 We spayed/neutered all dogs brought into the charity's care and supported the spaying/neutering of street dogs

Financial review

The charity's income for the year is £53,171, down from £91,000 in the previous accounting period. The charity's expenditure for the year is £59,375, down from £89,044 in the previous accounting period. The charity had a net income of -£6,204 versus £1,956 in the previous accounting period.

The decrease in income reflects the trustees' decision to reduce the scale of the operations. This resulted in the charity making fewer grant applications, due to taking on fewer projects. The charity was also less successful with the grant applications it made, due to increased competition and increased strain on grant-making organisations.

ANGELS FOR ANIMALS FOUNDATION

TRUSTEES' REPORT (continued) FOR THE YEAR ENDED 30TH APRIL 2024

Financial Review - continued

As a result of this reduction in the scale of operations, the charity's total payments exceeded the total income for the first time. This difference was the result of significant one-off payments for surgery for dogs in foster care. It is also a result of a significant proportion of the charity's income coming from one-off grants, which may fall either side of the fixed accounting period.

Notwithstanding the negative net income for this financial period, the charity remains in a strong position at the end of the period holding almost triple our set reserve and there is no liability that the Trustees are aware of that would weaken the charity's finances. The charity is in a good position on which to build to continue to achieve its objectives over the next annual period.

Reserves

The aim of the charity is to ensure that the charity's ongoing and future activities are reasonably protected from unexpected variances in its income and expenditure. We aim to keep a minimum level of unrestricted general fund, currently set at £5,000. Amount of reserves held are £5000.

Principal sources of funds

Donations – as per the last accounting period, a significant amount of the charity's funding during this period came from supporter donations.

Grants – the charity was successful in its application for 15 grants to support its objectives during this period compared to 12 grants during the prior accounting period.

Responsibilities of Trustees

Charity law requires the Board of Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its incoming resources and resources expended for the period. In preparing those financial statements, the Board of Trustees should follow best practice and are required to;

- select suitable accounting policies and apply them consistently
- make judgments and estimates that are reasonable and prudent
- comply with applicable accounting standards subject to any material departures disclosed and in the financial statements
- prepare the financial statements on the going concern basis unless it is inappropriate to presume charity will continue in operation

The Board of Trustees is responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities and to provide reasonable assurance that:-

- the charity is operating efficiently and effectively
- all assets are safeguarded against unauthorised use or disposition and are properly applied
- proper records are maintained and financial information used within the charity or for publication is reliable
- the charity complies with relevant laws and regulations

The systems of internal control are designed to provide reasonable but not absolute assurance against material misstatement or loss.

INDEPENDENT EXAMINER'S REPORT ON THE ACCOUNTS
FOR THE YEAR ENDED 30TH APRIL 2024

Report to the trustees/ members of Angels for Animals Foundation on the accounts for the year ended 30th April 2024.

Respective responsibilities of trustees and examiner

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- accounting records were not kept in accordance with section 130 of the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.

ANGELS FOR ANIMALS FOUNDATION

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 30TH APRIL 2024

1. BASIS OF ACCOUNTING

The accounts have been prepared under the "Receipts and Payments" basis as prescribed by the Charity Commissioners, and they meet the appropriate legal requirements.

The Charity meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost unless otherwise stated in the relevant accounting policy notes.

Assessment of Going Concern

Preparation of the accounts is on a going concern basis. The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

Fund Accounting

Funds held by the charity are either:

1. **Unrestricted Funds** - these are funds which can be used in accordance with the charity's objectives, at the discretion of the trustees.

2. **Restricted Funds** - these are funds that can only be used for particular restricted purposes within the objects of the charity.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Incoming Resources

All income is included in the accounts when actually received by the Charity.

Voluntary help provided by friends of the charity is not included in a quantified way within the accounts.

Resources Expended

Resources expended are recognised when paid by the Charity.

2. TANGIBLE FIXED ASSETS

The Charity held no fixed assets investments during this or the previous financial period.

5. RESTRICTED FUNDS

The Charity held no Restricted Funds during this or the previous financial period.

6. STAFF COSTS AND NUMBERS

The Charity employed no members of staff during this or the previous financial period.

7. TRUSTEES AND OTHER RELATED PARTIES

No payments were made to trustees or any persons connected with them during this financial period. No material transaction took place between the organisation and a trustee or any person connected with them.

(2022/23- None)

8. RISK ASSESSMENT

The Trustees actively review the major risks which the charity faces on a regular basis and believe that maintaining the free reserves stated combined with the annual review of the controls over key financial systems carried out on an annual basis will provide sufficient resources in the event of adverse conditions. The Trustees have also examined other operational and business risks which they face and confirm that they have established systems to mitigate the significant risks.

9. RESERVES POLICY

The Trustees have considered the level of reserves they wish to retain, appropriate to the charity's needs. This is based on the charity's size and the level of financial commitments held. The Trustees aim to ensure the charity will be able to continue to fulfil its charitable objectives even if there is a temporary shortfall in income or unexpected expenditure. The trustees will endeavour not to set aside funds unnecessarily.

10. PUBLIC BENEFIT

The Charity acknowledges its requirement to demonstrate clearly that it must have charitable purposes or 'aims' that are for the public benefit. Details of how the charity has achieved this are provided in the Trustees report. The Trustees confirm that they have paid due regard to the Charity Commission guidance on public benefit before deciding what activities the charity should undertake.
