Statement of Trustee Directors' Responsibilities

Company law requires the trustee directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the trustee directors are required to:

- select suitable accounting policies and then apply them consistently.
- make judgements and estimates that are reasonable and prudent.
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue on that basis.

The trustee directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Risk Management

The trustee directors have assessed the major risks to which the charitable company is exposed, in particular those related to its finances, and are satisfied that systems are in place to mitigate the impact of such risks. These systems are subject to regular review.

Small Company Exemptions

This report has been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies.
