Principal Risks and Uncertainties

The Board of Trustees has reviewed the major risks to which the Charity is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks.

The principal risks and uncertainties facing the Charity are as follows:

- Financial the charity has considerable reliance on continued donation from members. In the last year 98% of the charity's incoming resources were donation from members and whilst this level is expected to continue, there is no assurance that this will remain the same or that funding will continue at the same levels or on the same terms.
- Failures in governance and/or management the risk in this area arises from potential failure to effectively manage the Charity's finances, internal controls, compliance with regulations and legislation, statutory returns, etc. The Trustees continue to review and ensure that appropriate measures are in place to mitigate these risks.
- Reputational the continuing success of the Charity is dependent on continuing to attract volunteers in sufficient numbers by maintaining the highest quality standards. To mitigate this risk Trustees, ensure that the beneficiaries' success and achievement are closely monitored and reviewed.
- Duty of Care - Safeguarding and child protection, and Health and Safety the Trustees continue to ensure that the highest standards are maintained in the areas of selection and monitoring of volunteers, the operation of child protection policies and procedures, health & safety and disciplines and that there are robust procedures and policies in place which are monitored on a regular basis.
- Volunteering is key to the success of the Charity and is reliant upon the quality of its volunteers and so the Trustees monitor and review policies and procedures to ensure continued development and training of volunteers as well as ensuring there is clear succession planning.
- Fraud and mismanagement of funds The Charity subcommittee to carry out checks on financial systems and records as required by the charity's Financial Handbook.

The Charity has continued to strengthen its risk management process throughout the year by improving the process and ensuring volunteer awareness. A risk register is maintained and reviewed and updated on a regular basis.
