Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Our main goal during this period of time was to build networks and create opportunities. The aftermath of covid continues to make this a very difficult task.

The bulk of the trustees training has derived from shared knowledge within the Owl Centre's team. The charity remains small therefore this is sufficient for the time being.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The Owl Centre Charity provides bespoke therapy training programmes in UK and overseas.

Targets:

- To set and deliver a training programme in Vietnam for special school teachers
- To look for projects and charities that we can partner with
- To establish links and explore possible partnerships with more projects overseas
- To seek another trustee who has better experience of running a charity.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Our main event was a training programme in Vietnam. We - one speech therapist and one occupational therapist, trained 30 Special needs teachers in British evidence-based practices for children with a diagnosis of autism. They devised the programme and delivered it over a period of two weeks. It was very well received and the programme will continue annually.

We continued to try to establish partnerships with organisations in Turkmenistan and Nepal.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

The charity remains very small and is growing slowly. It feels very much in its infancy.

Section E
