ANNUAL TRUSTEES REPORT – YEAR ENDING 2022

The Board of Trustees of the Bengal Heritage Foundation presents the following report for the year 2022 (Jan-Dec 2022).

In 2022 the Trustees established the processes and procedures under which the CIO will operate. These boundary conditions and principles will drive the activities of the CIO.

To this end, the first step was to establish a separate Bank Account for Bengal Heritage Foundation. We successfully completed the set up towards the end of 2022.

In 2022, the Trustees established some very important strategic relationships with the High Commission of India in UK and the High Commission of Bangladesh in UK. The Trustees participated in celebrating key events at the High Commission. The trustees also established strong relationships with British Council on framing our future programmes.

The trustees also partnered and collaborated in events around the society alongside likeminded, sister charities.

We will start financial accounting for the CIO under the new accounting process and principles as soon as all the control framework, accounting software and policies are set.

We look forward for a safe world and a better connectivity with far more actions in the future.
