2. Objectives and Activities

Charitable Objectives

Aims:

- To advance the education and integration of refugees, asylum seekers, and migrants, including dependents, in Nottinghamshire and the East Midlands.
- To offer support services enabling beneficiaries to access education, training, health care, and employment.
- To enhance social cohesion, reduce isolation, and foster community empowerment through participatory projects and advocacy.

The Charity's Main Achievements Include the Following:

- **Breaking the Silence: Menopause Awareness in Conservative Communities**

The *Breaking the Silence: Menopause Awareness in Conservative Communities* project was a resounding success, reaching 65 women across Nottingham's traditionally conservative communities, including African migrants, refugees, and asylum seekers. Through culturally sensitive workshops, tailored multilingual educational materials, and peer-led support groups, the project broke long-held taboos, increased knowledge about menopause, and empowered women to discuss their experiences openly.

Participants reported improved emotional well-being, greater confidence in managing menopausal symptoms, and a stronger sense of community. The project successfully fostered dialogue, reduced stigma, and laid the foundation for ongoing peer support and advocacy within these underserved communities.

- **Launch of the Economic Development Centre (EDC)**

In December 2024, AWEF successfully launched the Economic Development Centre (EDC) at Unit 2, Victoria Court, Nottingham. This dedicated community facility provides training spaces, virtual office addresses, hot-desking opportunities, and

tailored business support for local entrepreneurs, particularly refugee, migrant, and African women. The EDC now serves as the main hub for program delivery and community events.

- **Expansion of AWEF Academy Services**

Through the AWEF Academy, over 350 participants received training in ESOL, digital skills, and health and safety, including food hygiene. These programs significantly enhanced learners' communication skills, employability, and self-confidence, thereby safeguarding and facilitating smoother integration into society and providing greater access to new opportunities.

- **Grandmother Kitchen Project**

Delivered in partnership with the University of Nottingham and the Family Mentors Association, this cultural cooking initiative fostered social bonding and helped reduce isolation. Weekly sessions brought together women and families from diverse backgrounds, building skills through cooking and creating a vibrant platform for cultural exchange. The project also provided valuable research insights into how food can strengthen relationships and support community integration. See the link to a blog that was published by Dr. Madziva for the Refugee Week 2025 - *Food as a Pathway to Refugee Integration - University of Nottingham*.

- **Restart a Heart 2024 Campaign:**

In collaboration with the Resuscitation Council UK (RCUK), AWEF trained refugees, migrants, and asylum seekers in Nottingham in CPR and defibrillator awareness. The workshops were delivered in community centers and faith-based spaces, with materials translated into community languages to ensure accessibility. Participants were equipped with essential, lifesaving skills.

- **Health and Wellness Summit:**

Hosted at the new EDC, the Health Summit brought together over 100 residents, community leaders, and healthcare professionals to discuss pressing health issues. Supported by Nottingham City Council and the Family Mentors Alliance, the event built on earlier health inequality research funded by the Council. It served as a platform for collaborative dialogue and community-driven solutions to key health concerns.

- **Human Rights Awareness Programme:**

In partnership with the British Institute for Human Rights (BIHR), AWEF co-designed and delivered training on human rights law to 38 members. These sessions empowered participants, particularly refugees and asylum seekers, with the knowledge to navigate the UK legal system and assert their rights.

- **EWAA-RAM Programme:**

With funding from the Souter Charitable Trust, AWEF launched the *Empowering Well-being and Access to Advice* program. This provided trauma-informed well-being workshops, peer support groups, and advice sessions for refugee, migrant, and African women facing systemic and personal challenges.

- **African Convention Day 2024:**

AWEF hosted the annual African Convention under the theme “**Educate an African Fit for the 21st Century**”, which attracted over 120 attendees and fostered discussion on the future of African education, inclusion, and equity. A community meal from the Grandmother Kitchen team supported it.

- **Community Support Services:**

AWEF continued its emergency relief work by:

- Distributing over **260 food parcels**
- Supporting **14 housing emergencies**, including domestic violence cases
- Offering **transport reimbursements** for class attendance
- Providing essentials such as blankets and sanitary products to the vulnerable women and families
- Supported **45 families'** women with childcare issues, providing referrals

9. Challenges

During the reporting year, AWEF faced several operational and governance challenges that impacted the pace of transition, program delivery, and organizational stability:

1. **Leadership Transition Disruption** – The unexpected death of the lead person overseeing the organizational transition left the process incomplete, causing delays in the planned restructuring and strategic shift.
2. **Delay in Transition Funding** – Limited access to immediate operational funds created difficulties in sustaining activities during the transition period, affecting program continuity.
3. **Bank Account Setup Difficulties** – The process of opening a new bank account was significantly delayed due to credit score requirements that could not be met promptly, impacting financial operations.
4. **Trustee Instability** – Availability of trustees was inconsistent due to personal commitments, resignations, ill health, and non-participation, weakening governance and decision-making processes.
5. **Limited Board Engagement** – There was a notable lack of active participation from some board members, reducing the collective strategic oversight capacity.
6. **Loss of a Key Funding Contract** – The termination of the Maximus contract led to a considerable reduction in income, creating financial strain on the organisation.
7. **Lack of Paid Staff** – Without dedicated paid staff, the charity relied heavily on volunteer support, which limited the ability to deliver projects and manage administrative responsibilities effectively.

Fund accounting

Unrestricted funds	These are available for use at the discretion of the trustees in furtherance of the general objects of the charity.

Income with related expenditure	Where income has related expenditure the income and related expenditure is reported gross in the SoFA.
Donations and legacies	Voluntary income received by way of grants, donations and gifts is included in the the SoFA when receivable and only when the Charity has unconditional entitlement to the income.
Tax reclaims on donations and gifts	Income from tax reclaims is included in the SoFA at the same time as the gift/donation to which it relates.
Donated services and facilities	These are only included in income (with an equivalent amount in expenditure) where the benefit to the Charity is reasonably quantifiable, measurable and material.

AFRICAN WOMEN EMPOWERMENT FORUM (AWEF)

Notes to the Accounts

Expenditure

Recognition of expenditure	Expenditure is recognised on an accruals basis. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates.
Expenditure on raising funds	These comprise the costs associated with attracting voluntary income, fundraising trading costs and investment management costs.
Expenditure on charitable activities	These comprise the costs incurred by the Charity in the delivery of its activities and services in the furtherance of its objects, including the making of grants and governance costs.
Grants payable	All grant expenditure is accounted for on an actual paid basis plus an accrual for grants that have been approved by the trustees at the end of the year but not yet paid.
Governance costs	These include those costs associated with meeting the constitutional and statutory requirements of the Charity, including any audit/independent examination fees, costs linked to the strategic management of the Charity, together with a share of other administration costs.
Other expenditure	These are support costs not allocated to a particular activity.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Freehold investment property

Investment properties are measured initially at cost and subsequently at fair value at each balance sheet date and are not depreciated. All gains or losses are taken to the Statement of Financial Activities as they arise.

Stocks

Stock is included at the lower of cost or net realisable value. Donated items of stock are recognised at fair value which is the amount the charity would have been willing to pay for the items on the open market.

Trade and other debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the statement of financial position, bank overdrafts are shown within borrowings or current liabilities. In the Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the company's cash management.

Trade and other creditors

Short term creditors are measured at the transaction price. Other creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

AFRICAN WOMEN EMPOWERMENT FORUM (AWEF)

Notes to the Accounts

Research and development

Expenditure on research and development is written off in the year in which it is incurred.

Foreign currencies

Monetary assets and liabilities denominated in currencies other than the functional currency of the charity are translated at the rates of exchange prevailing at the end of the reporting period.

Transactions in currencies other than the functional currency of the charity are recorded at the rate of exchange on the date that the transaction occurred.

All exchange differences are taken into account in arriving at net income/expenditure.

Leased assets

Where the charity enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease.

Leases which do not transfer substantially all the risks and rewards of ownership to charity are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the charity at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet date as a finance lease obligation. Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the charity's policy on borrowing costs.

Assets held under finance leases are depreciated in the same way as owned assets.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

Pension costs

The charity operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payments obligations. The contributions are recognised as expenses when they fall due. Amounts not paid are shown in accruals in the balance sheet. The assets of the plan are held separately from the company in independently administered funds.

Receipt of donated goods, facilities and services

All donated goods, facilities and services received are recognised within incoming resources and expenditure at an estimate of the value to the charity.

2 Company status

The company is a private company limited by guarantee and consequently does not have share capital.

Objectives And Activities

Summary of the purposes of the charity as set out in its governing document

To advance the education and training of those granted refugee, asylum seeker, and migrant status and their dependents to advance them in life and assist them to adapt within new communities in Nottingham city, Nottinghamshire and East Midlands.

To provide training in basic skills to help find work; general education including language skills; access health and social care services and facilitate integration in such a way they are better able to identify and help meet their needs and participate more fully in society and within the wider community.

The charity's main achievements include the following:

The Charity has been involved in delivering education and training through its Academy (www.awefacademy.org), which it inherited from the CIC and has a contract to deliver with Maximus. The Charity has to date delivered English for speakers of other Languages, digital skills, and health and safety to more than 175 participants since last February 2023-present.

The Charity has collaborated with the University of Nottingham on the Grandmothers Kitchen project which enabled us to host cooking workshops to allow refugee women and their families to cook together and talk about the importance of food and family recipes during their integration process. The University of Nottingham provided funding to support administration costs and food costs for the project. The Grandmothers Kitchen project has to date provided more than 250 meals.

We also co-hosted a refugee week event with Nottingham Citizens and the University of Nottingham on 17th July, themed 'Nottingham Welcomes Refugees'. The event featured stories from the refugee community of making home in Nottingham which helped to bring public awareness of the challenges that refugee families face. We also used this opportunity to officially launch the Grandma's Kitchen project.

Over 260 refugees have also been given food parcels generated through donations received from local businesses, and as an extension of the grandma's kitchen. The charity has also supported the establishment of the African Community Hub (<https://ac-hub.org/>). This was made possible through the Baobab Foundation Grant of £30,000, provided over a 3-year period. This funding is unrestricted, which has helped the charity to bring people from different African countries together as a step towards building the African community in Nottingham allowing the voice of this community to be heard in matters that concern their lives. The grant has also gone towards the purchase of supporting materials and infrastructure for the education and delivery of training courses for refugees and migrants, this includes 2 Visual display Units, 5 laptops and 4 desktops to ensure we deliver the best services.

The Charity has supported new migrants settling in the city to train in ESOL and computer skills with transport fees for them to attend classes. The organisation has supported up to 5 asylum seekers with free ESOL classes to ensure their smooth integration. The organisation has also assisted 12 refugees with food banks, and blankets. The organisation has also offered up to 4 individuals with emergency housing from either domestic violence or from evictions.

The Charity has also received funding from the Nottingham City Council, which helped us to conduct a piece of research on the health and wellbeing of Black people of African origin, in relation to Covid-19. The study helped to reveal the health disparities between people of African origin and people of Caribbean origin.

The charity has also been involved in the campaign to make Nottingham a City of Sanctuary. This has been in conjunction with The Nottingham Citizen and the University of Nottingham.

Contribution made by volunteers

The organisation currently has volunteers who are part of the fundraising team, general administrative duties and event planning. Volunteers remain a crucial aspect of the organisation as they support in fundraising for causes including research. The organisation celebrates the life of our dedicated Volunteer and brother Mr Leslie MacDonald. MHSRIP

Achievements And Performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole. The charity's main achievements include the following:

Advocacy works for various causes in the community, including the plight of African students facing institutional victimisation. The Charity intervened by supporting about 120 students.

The Charity has co-hosted the Grandmother's Kitchen project (spearheaded by Family Mentors Association). The project has to date provided over 321 meals. It has also intervened in Mental Health and wellness, supporting over 50 participants..

Housing support for people affected by domestic violence the organisation has intervened in at least 14 cases, resulting in 5 individuals signposted to our partner organisation Nottingham Counselling Service/ to address the trauma of what they have been going through.

Provision of food parcels, the organisation has intervened with food parcels to refugees, migrants and asylum seekers.

Establishment of the African Hub which subsequently undertook a number of community engagement activities including the hosting of the African Day celebration, which was attended by 50 participants. The theme of the event was "Education Fit for the 21st Century: Building resilient education systems for increased access to inclusive, lifelong, quality and relevant learning in Africa" The event was also supported by the Grandmothers Kitchen Project which delivered food parcels and hot meals. The charity has had a very successful and most productive year, in which it met all its objectives and went considerably beyond them. This was reflected through the new initiatives started such as the Grandmother's kitchen and new collaborations with organisations such as the Nottingham Citizens and the University of Nottingham.

Financial Review

The trustees have considered the level of reserve which should be maintained within the Charity, and this is reviewed annually. Such reserves are needed to cover, the working capital, the risk of possible shortfalls in charitable income and other contingencies. The Statement of Financial Activities, set out on page 8, shows the income and expenditure of the charity for the 12 month period ended 31st March 2024. The charity recorded income of £53,172. The charity's expenditure for the year amounted to £36,627. We closed the year with a surplus of £16,545. All these have been unrestricted reserves, and no fund is allotted to restricted funds.

Reserves Policy

The trustees have established a reserve policy whereby the unrestricted funds not committed or invested in intangible fixed assets (The Free Reserve) held by the Charity should be three months of annual expenditure. At this level, the trustees feel that they would be able to continue the current activities of the Charity in the event of a significant drop in funding.

The principal funding sources of the charity and how it supports the charity's key objectives.

A description of the principal risks facing the charity

Funding Shortfalls: the dependence on donations, grants, and government funding is unstable, leading to financial insecurity within the Charity.

Service Delivery Challenges: Limited resources such as vehicles and permanent buildings hinder the ability of AWEF to meet the needs of beneficiaries effectively.

Policy Changes: Shifts in government policies on immigration and asylum affect the charity's ability to operate and provide services timeously and effectively.

Social Tensions: Increased anti-immigrant sentiment or xenophobia may pose risks to the charity's work and the safety of its beneficiaries this may include fear to access social assistance.

Communication Challenges: Language barriers impede effective communication with beneficiaries and stakeholders this is because the charity does not have access to translators to quickly assist our clientele.

Beneficiary Trauma: Dealing with the trauma and mental health issues of beneficiaries is challenging and requires specialised support to which the Charity does not have such capacity ready at hand.

Structure, Governance And Management

The Charity is constituted under a Articles of Association as CIO - Foundation dated 21 Sep 2020, and Charity number is 1191388 on the central registered of the Charity Commission of England and Wales. The principal objectives of the Charity are the advancement of the education and training of those granted Refugee, Asylum Seeker, and Migrant status and their dependants in need thereof so as to advance them in life and assist them to adapt within new communities in Nottingham City, Nottinghamshire and East Midlands.

Notes to the Accounts

Expenditure

Recognition of expenditure	Expenditure is recognised on an accruals basis. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates.
Expenditure on raising funds	These comprise the costs associated with attracting voluntary income, fundraising trading costs and investment management costs.
Expenditure on charitable activities	These comprise the costs incurred by the Charity in the delivery of its activities and services in the furtherance of its objects, including the making of grants and governance costs.
Grants payable	All grant expenditure is accounted for on an actual paid basis plus an accrual for grants that have been approved by the trustees at the end of the year but not yet paid.
Governance costs	These include those costs associated with meeting the constitutional and statutory requirements of the Charity, including any audit/independent examination fees, costs linked to the strategic management of the Charity, together with a share of other administration costs.
Other expenditure	These are support costs not allocated to a particular activity.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Freehold investment property

Investment properties are measured initially at cost and subsequently at fair value at each balance sheet date and are not depreciated. All gains or losses are taken to the Statement of Financial Activities as they arise.

Stocks

Stock is included at the lower of cost or net realisable value. Donated items of stock are recognised at fair value which is the amount the charity would have been willing to pay for the items on the open market.

Trade and other debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the statement of financial position, bank overdrafts are shown within borrowings or current liabilities. In the Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the company's cash management.

Trade and other creditors

Short term creditors are measured at the transaction price. Other creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Research and development

Expenditure on research and development is written off in the year in which it is incurred.

Foreign currencies

Monetary assets and liabilities denominated in currencies other than the functional currency of the charity are translated at the rates of exchange prevailing at the end of the reporting period.

Transactions in currencies other than the functional currency of the charity are recorded at the rate of exchange on the date that the transaction occurred.

All exchange differences are taken into account in arriving at net income/expenditure.

Leased assets

Where the charity enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease.

Leases which do not transfer substantially all the risks and rewards of ownership to charity are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the charity at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet date as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the charity's policy on borrowing costs.

Assets held under finance leases are depreciated in the same way as owned assets.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

Pension costs
