TRUSTEES' REPORT- continued

30th September 2023

Introduction

Serving Our Superheroes started life as a project on 13th April 2020, in response to the Covid pandemic, we registered as a charity on 22nd September 2020 and updated our constitution to become international on 26th September 2021.

This is our 3rd accounting period is up to 30th September 2023. at the time of writing this report, 25th July 2024, Serving Our Superheroes has been running for just over 4 years and has donated **184,487 items** with an estimated retail value of between £3.6 - 4 million pounds (approx. value of the items donated). We have had some cash donations but have mainly had items donated to us and volunteers have made items on our behalf. We have been able to maximise our funds by purchasing items at a fraction of the retail cost, though our charity suppliers, who have also donated items to us.

MAIN ACTIVITIES UNDERTAKEN FOR THE PUBLIC BENEFIT

Serving Our Superheroes provides toiletry packs and sanitary items, to the NHS, the homeless, victims of domestic violence and those in the community; supporting schools, churches and foodbanks, care homes, baby banks etc, to get items out to those in need. We also provide crisis support and as well as toiletries we provide hospital trousers 'Pants for Patients', hand knitted items; baby clothes, hats and blankets, dementia aids (fiddle/twiddle muffs) & bespoke care kits.

We started back in April 2020, during COVID, providing laundry bags (for care workers to put their uniforms in, in the washing machine), to prevent the spread of the infection via uniforms. During the COVID-19 pandemic we also provided care kits and treat packs for key workers. We provided washbags/toiletry packs filled with soap, shampoo, shower gel, dental kits, hand gel, shaving kits, moisturisers etc. for both hospital staff and patients. We also provided various bespoke care packs. At the request of a local hospital, we provided miscarriage care packs. One hospital was having patients with complex care needs, particularly refugees and were facing a high number of miscarriages. We provided newborn baby essentials for Afghan refugees that were attending our local hospital (Hillingdon Hospital). We provided shoes for the refugees and family care kits with toys, books, stationary, toiletries and food. At the start of the cost-of-living crisis we provided school uniforms, in a joint project with the London community Kitchen and Share Wear. We provided toiletries and other essentials to Ukrainians. We have provided games consoles for hospices, toys and baby items to baby banks, emotion dolls to schools, teddies, sanitary items, quilts, bed linen, bins etc to care homes and sheltered housing. We support the homeless with toiletries and sanitary towels. We have provided towels to Shower Box, walking boots bag, tents and sleeping bags. We have also provided sanitary towels to Tricky Periods. We also provide toiletry packs, sanitary towels and cosmetics to domestic violence refuges and we have also provided clothes to women's refuges, community support sites / food banks. We have also provided various hampers; we have provided new-born hampers. Bags of items for new mums and Christmas hampers. We also provided luxury make up hampers and we have been providing luxury natural skin care products for hospices. As well as toiletries and skin care we provide sanitary items.

TRUSTEES' REPORT- continued

30th September 2023

We have also provided lots of hand sanitisers and PPE over the years to hospices, hospitals (inc to Hillingdon hospital for their new bereavement centre) and to local schools. We have also provided reading books and stationery to various schools. We have also provided dementia aids (fiddle/twiddle muffs) to hospitals, hospices and people in the local community. We have also passed on good quality second hand clothing, particularly coats for the homeless. In partnership with Dress a Girl around the world, we have sent the dresses that our volunteers have made all around the world. We have made up additional luxury toiletry hampers and given these to other charities to give as raffle prizes.

TRUSTEES' REPORT- continued

30th September 2023

To date (July 2024) the ***Pants for Patients*** project has provided over 2,000 pairs of trousers to 8 different hospitals/ hospices. These are important because many patients arrive in hospital with damaged or unsuitable clothing, the basic hospital gowns are open and so it's hard to move around. So that patients aren't stuck in bed, unisex, drawstring trousers can be made and donated to hospitals. Loose adjustable trousers are great for all sizes and are easy to get on and off. These are great for anyone who has been in an accident and had their clothes damaged, for elderly patients and for maternity patients - the loose clothing is perfect to wear around the hospital. Allowing patients to be able to move around with dignity helps to reduce bed sores and muscle wastage.

In January 2024 we Partnered with Clean Conscience, this has allowed us to provide more toiletry packs (care kits) and has allowed us to reduce our carbon footprint.

These care kits include soap, shampoo & conditioner, bodywash and a toothbrush and toothpaste, as a minimum. They often also include vanity kits, sewing kits (which is useful for the homeless for darning socks), moisturiser/body lotion and lip balm.

We like to ensure that there is a dental kit in every care pack. Good oral hygiene is so important. researchers have found a strong link between dental plaque buildup and gum disease (gingivitis) and Alzheimer's disease and dementia. Not only that but tooth decay can cause all sorts of pain and problems.

Wash kits help to stop the spread of preventable, debilitating diseases which costs the NHS millions each year. Between 2018 – 2021 a total of 38% of respondents of the Homeless Health Needs Audit had been admitted to hospital in the last 12 months. Common symptoms among people experiencing homelessness (such as stomach problems, skin infections and urinary problems) could be prevented with good hygiene. Individuals have passed away from preventable illnesses on the streets, simply because of an inability to get clean. homeless people often receive stigma in public by not having the opportunity to maintain good personal hygiene.

More than just a washbag

Our toiletry packs / wash kits are more than just a washbag for the homeless

The number of people experiencing homelessness in the United Kingdom has been steadily increasing over the last 15 years, although a nationwide problem, it is much more prevalent in London.

The number of people using food banks has quadrupled over the last few years. Even people working full time, struggle to pay for essentials and attend food banks. Food banks supply more than just food, toiletries and other essentials.

Hygiene poverty and period poverty are all too common. As a charity we play part supplying toiletries, period products and other essentials to people in need in the community.

Homelessness and hygiene:

Recent research from Shelter showed at least 309,000 people in England spent the end of 2023 homeless. This is a increase of 14%, 38,100 people, in one year. The total number of people experiencing homelessness in London has risen 11%, from 150,000 to 167,000 people. This accounts for around 1 in 51 people. In Birmingham it's 1 in 71.

As well as preventing the spread of disease maintain good personal hygiene is critical for maintaining good physical and mental health.

Findings from the Homeless Health Needs Audit states the number of people with a mental health diagnosis has increased substantially from 45% in 2014 to 82% in 2021. The most common condition of which was depression. Those who have no choice but to sleep rough are 9 times more likely to take their own life than the average person. Being powerless to maintain personal hygiene exacerbates feelings of inadequacy. and compromises mental and physical well-being.

Being clean can help create a feeling of confidence and motivation, feelings essential for creating positive change. Many people facing homelessness experience low self-esteem and low motivation, exacerbated by a lack of resources to enable them to look after themselves.

Oral hygiene is so important for physical health, and this is why we aim to include dental kits in all our washbags.

A Hug in a Bag

Our packs bring a ray of hope to people, they show that we care and are thinking of them. Often it is the small things that make a big difference to people in need. The fact that someone has taken the time to bring something to them, can mean the world to them and bring a smile to their face. Often giving them hope.

When you are in a hospital, being able to wash and smell nice often makes you feel better.

The treat packs we provide, particularly the luxury face creams often make a real difference to patients in hospital.

We also purchase other items from In Kind Direct including deodorant and sanitary towels.

TRUSTEES' REPORT- continued

30th September 2023

In previous years we have purchased shoes for refugees, items for bespoke care kits and even clothing to support the homeless, all provided by InKind Direct.

Both Clean Conscience and in Kind Direct, receive surplus and redundant assets, directly from businesses, which would otherwise go to landfill. These are then donated to us in the case of Clean Conscience and purchased by us, at a reduced rate, from InKind Direct.

TOILETRIES AMNESTY

We also get items donated from the community and through Toiletries Amnesty. We all work together towards ending hygiene poverty. By stopping wastage and helping people in need.

We work out who needs what where, and then we get the donations in and make up distribute them, in packs to various charities, community groups, homeless shelters, schools and end users, as appropriate. Sometimes we purchase items to supplement the packs, depending on what is needed by our customers.

Recently due to the ongoing cost of living crisis we have helped with school pantries, with toiletries, toilet roll, sanitary towels and other essentials.

Sustainability

We are reducing the carbon footprints by reclaiming and redistributing surplus or redundant assets ensuring that nothing goes to waste.

We also use re-cycled materials for our washbags and trousers. The left-over material from the trousers is also used to make children's dresses and children's trousers. These items then go to baby banks and children's hospitals.

Fundraising

As well as receiving items that are re-distributed to us or made for us we also need to fundraise to purchase additional items. For instance, we have had baby clothes and blankets knitted for us, but we purchase the baby toiletry packs and nappies, to go with them, for the baby banks. We purchase deodorants and sanitary towels, to go to ShowerBox, homeless shelters and hospices.

In June 2024 we set up a fundraising lottery, which is administered via one lottery. We are hoping that this will help us raise funds to run the charity.

Both London and Nottingham are home to some of the most deprived areas in the country, with thousands experiencing food poverty on a daily basis, ranging from homeless people to low-income families. Due to the severity of this issue, Muslim Hands established the Open Kitchen, a community kitchen for those affected by food poverty in West London. After the overwhelming response we received, we were able to open a second kitchen in Nottingham. Serving around 500 meals daily, The Open Kitchens also provide a warm, community-centred space where people are welcomed with respect and compassion.

TRUSTEES' REPORT- continued

The first school in Hillingdon to receive new school uniforms as part of an initiative to provide new uniform to schools so that they can hand them out to parents who are struggling. Due to the affects of the pandemic many parents have lost their jobs and are struggling to buy school uniforms. Serving our Superheroes is collaborating with the London Community Kitchen and getting clothes from Share Wear to give to primary schools around London [London's Community Kitchen](#), [Share Wear](#)

Subject: Thank you for your donations

To: Helping West London

Dear Sarah

We are writing to express our sincere gratitude for your recent donation to West Drayton Academy. Your generosity truly embodies the spirit of community and importance of collaborative efforts in enriching lives of our children.

It is through the support of people like you that we are helping our most vulnerable families through School Pantry, which can have profound impact on the lives of our school children. We could not do this without the help of people like yourself.

Once again, thank you so much for your donations, and we are immensely grateful for your support.

Kind regards
PTA
