Section B Structure, governance and management

Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution
How the charity is constituted (eg. trust, association, company)	CIO
Trustee selection methods (eg. appointed by, elected by)	Trustees appointed on incorporation. There are no other trustees, but any new trustees can be selected as stated in the constitution (section 10 and 11)

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The organisation structure and trustees that was set out in the CIO has not changed since our incorporation on September 2020. We are following the Charity Governance Code for assessing governance-for small-charities and its code, that contained within the essential trustee: what you need to know, what you need to do (CC3) and The Essential Trustee 6 main duties.

We have a partnership with the Cambridge Ethnic Community Forum (CECF), a leading organisation within the voluntary sector in Cambridge that provides support for ethnic minorities including culturally appropriate emergency food. We also work with the Cambridge City Council, Cambridge City Foodbank and Hubs and Cambridge Sustainable Food as part of the Cambridge Food Poverty Alliance.

We have a compliance toolkit to know our donors, manage risk, GDPR, safeguarding, conflict of interest and complaints.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

We are a Cambridge-based charity that aims to prevent or relieve poverty in Cambridgeshire for the public benefit by:

- providing food, household items and support with domestic costs (e.g., food vouchers/utility top ups/fuel) for individuals in financial hardship including those from groups which face disproportionate disadvantage either through poverty or other status e.g. refugees/asylum seekers, ethnic minorities, residents/migrants, single parents, the disabled, children/young people, the elderly, those who are isolated, or with no recourse to public funds, or facing domestic violence.

- facilitating better partnership work in raising awareness and sharing knowledge of the impact of emergencies like Covid-19 on disadvantage and inequalities, leading to better targeted services.

The Karim Foundation is the only organisation of its kind in Cambridge providing culturally relevant food to support individuals and families in need for all communities. Our main activities are to relieve poverty by providing food, food vouchers, utility top ups and emergency support to individuals and families in need. We have provided diverse food supplies in keeping with the diverse make-up of the Cambridge community. We have delivered food parcels that will be a mixture of dry products, perishables such as meat, fresh fruit and vegetables using a variety of local stores that can either be delivered to households or picked up whichever is suitable for the beneficiaries.

Up to 05/04/24 we have started to move towards supermarket vouchers (10% of our food spend) to give our beneficiaries choice of what to purchase. All our beneficiaries are vetted by us, Cambridge City Council and CECF. The beneficiaries we have supported are predominantly from the most deprived wards in Cambridge such as the CB2, CB4 and CB5 Postcode areas but we are now working further afield in areas such as Waterbeach, Northstowe and Bar Hill where many of the most vulnerable have been located.

Funds received have gone directly to the beneficiaries for the services named and our organisation costs are very low. Often, the support is one-off individual support that is often needed but there are a number of households we have helped regularly with our partners, and this is increasing. Still many families and individuals need one-off support to get them through a particularly difficult and challenging time. Also, those that need repeated help have been supported and signposted to other services they may not have been aware of for a variety of reasons. From our experience when food poverty is identified, other issues are often highlighted that need support from our partners with relevant expertise. The cost-of-living crisis has had a major impact on our beneficiaries and sourcing goods due to the price increase across the board on all items we provide has been a challenge. We are constantly ensuring and striving that we get value for money at all times.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Grant making: As we are the only charity in Cambridge providing culturally relevant food to support individuals and families in need, working with established and experienced partners such as CECF and Cambridge City Council has been essential in identifying those in need who have been already carefully vetted. We have a grant making policy for beneficiaries and those that come to us for support are predominantly from our partners and networks. As we have become more established and well known, those in need are starting to come to us directly with support through those channels already mentioned. The situation with beneficiaries are complex and need a multi-faceted approach but by working in partnerships with many groups, we are making a real difference.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Up to 05/04/24, The Karim Foundation has delivered hundreds of food packages to all beneficiaries successfully during this period. Almost all our food packages are time limited, and we deliver them within 24-48 hours from initial point of contact to delivery of food items.

We source the best available ethnically diverse food from local stores within the city and online, but prices have gone up significantly, especially rice and meat. About 60% of all the food purchased was bought from local independent stores in Cambridge and the rest from supermarkets. We have continued to make stakeholders in the city understand the need for food diversity that wasn't always well understood. We are engaging with Food Hubs to ensure the diversity of provision is distributed appropriately. We have continued to champion this, and diverse food provision is no longer being seen as an unmet need that cannot be actioned or achieved. Our local knowledge and expertise of cultural sensitivities and requirements has been a benefit for all. We are also better able to signpost our beneficiaries to other services they may not have been aware of for a variety of reasons.

With household bills rising, struggling families and individuals in Cambridge have felt the impact of the cost of living crisis. In April, we responded by relaunching our Cambridge Ramadan Appeal, raising funds for locals in desperate need of emergency food and fuel support. Thanks to people's kindness and generosity, we collectively raised over £1,450.

In May, it was an honour to be invited to Parker's Piece for a community feast to celebrate the Coronation of King Charles III.

We were delighted to return to the Arbury Carnival for the second year running in June, and we really enjoyed chatting with so many about what we do. We thank all those who visited us on the day.

We thank AIAnsaar, a Cambridge-based community group who donated £100 by raising funds at a charity football event where eleven local seven-a-side football teams challenged for the 2023 AIAnsaar Cup on a thrilling day at the Bottisham Sports Centre.

We also opened our first soup kitchen at the Meadows Community Centre in the north of the city that ran for 4 months (third Sunday of every month). We were very pleased to be working with Al-Amin Stores to provide a friendly space for anyone in need of a hot meal, good company, reassurance and support.

A focus has also shifted to supporting wellness, not just by providing food support. We supported the Women's Wellness Day at Cambridge Central Mosque that was a free event and open to all, dedicated to educating and supporting women with their health needs.

In December, we loved meeting many new and familiar faces at the Mill Road Winter Fair at Petersfield Gardens. Thousands of people, wrapped up in their many layers from across Cambridge and beyond, made the journey to immerse themselves in a joyous day of winter festivities at one of the city's most diverse and vibrant streets. A huge thank you to everyone who stopped by to visit and for kindly supporting us!

A huge thank you to everyone who supported us this year.

Section E

Financial review

Brief statement of the charity's policy on reserves

Up to 05/04/24 we have a healthy £6268 and looking forward to Ramadan 2025, face to face activities and fundraisers and securing further grants.

Details of any funds materially in deficit

None

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The principal source of funding is donations through JustGiving and also direct donations to the charity account.

<https://karimfoundation.co.uk/donate/>

We have had no grant funding this year but were given funds by Cambridge Central Mosque for a Ramadan spend for our beneficiaries and other supporters who donated to us.

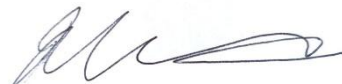

The expenditure has supported the key objectives already described. The annual return breakdown shows all donations to financial year as £6579 (a drop of 10% from 22-23) where 86.7% was spent on food parcels and 8.7% on utility top ups (gas and electric) and supermarket food vouchers for Cambridge beneficiaries. About 60% of all the food purchased was bought from local independent stores in Cambridge and rest from supermarkets. Only 4.5% was spent on clothes or other essential household items. Our admin costs have broadly been the same. More spend has gone on attending events and greater public engagement. However, our running costs are low (e.g. webhosting and we will continue to run the Charity with as minimal running costs as possible.

We have no investments.

Section A

Independent Examiner's Report

Report to the trustees/
members of

Charity Name
The Karim Foundation

On accounts for the year
ended

05-04-2017

Charity no
(if any) 1191413

Set out on pages

(remember to include the page numbers of additional sheets)

Responsibilities and
basis of report

I report to the trustees on my examination of the accounts of the above
charity ("the Trust") for the year ended DD / MM / YYYY.

As the charity's trustees, you are responsible for the preparation of the
accounts in accordance with the requirements of the Charities Act 2011
("the Act").

I report in respect of my examination of the Trust's accounts carried out
under section 145 of the 2011 Act and in carrying out my examination, I
have followed all the applicable Directions given by the Charity Commission
under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have
come to my attention in connection with the examination (other than that
disclosed below *) which gives me cause to believe that in, any material
respect:

- the accounting records were not kept in accordance with section 130
of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements
concerning the form and content of accounts set out in the Charities
(Accounts and Reports) Regulations 2008 other than any requirement
that the accounts give a 'true and fair' view which is not a matter
considered as part of an independent examination.

I have no concerns and have come across no other matters in connection
with the examination to which attention should be drawn in this report in
order to enable a proper understanding of the accounts to be reached.

* Please delete the words in the brackets if they do not apply.
