To relieve financial hardship among the sub-Saharan Africans in the diaspora and in the western Africa.

During this period of pandemic, it hasn't been easier for us as a team to put different activities into practice, however, we have had some seminars online and distributed flyers in our communities basically to create initial awareness of our presence and our vision.

As one of our long term goal is to built a mental health walk in centre in west Africa, we are communicating with the parties involved to secure the lands we needed for the project. We have had some proposals which we intend to work on in this year.
