## Achievements and Performance

	SORP reference	
--	----------------	--

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p><b>As a new charity our main achievement has been to reengage with the young people of our community, particularly with the impact of Covid-19. We have gone from having zero attendance to an average of 50 attend each week. Before the regular weekly youth groups the village hall would complain about the treatment of their property by the young of the village, this relationship has massively improved. The young people use the village hall as their youth club venue so feel more responsible for it's upkeep and are therefore more mindful of their activities. We have received lovely feedback from parents about just how much their children are getting from attending each week, and the benefit they are seeing in their homes because of their childs attendance to our youth group.</b></p>
