# The Green Village

Each one of us can make a difference. Together we can make a change.

# Chairperson's Message

2024 was another difficult year for Afghanistan. The country continued to face deep humanitarian and economic challenges, growing food insecurity, restrictions on women and girls, and harsh winter conditions that left many families struggling to survive. Yet, amid these challenges, The Green Village continued to bring hope and practical support to those who need it most.

We provided **food supplies to 330 families and 345 orphans**, a **major increase from 120 families and 128 orphans in 2023**. We also introduced a new **winter aid programme**, delivering **fuel to 35 families** to help them endure the freezing months.

A key highlight of the year was a visit by one of our founders to Afghanistan to **oversee our operations, negotiate directly with suppliers, and support the development of our volunteer network**, ensuring that **every donation achieved the greatest possible impact**. This hands-on leadership strengthened our ability to deliver aid effectively and transparently.

These achievements were made possible through the dedication of our volunteers and the generosity of our donors, people who continue to stand with Afghan families in their most difficult moments.

As we look ahead to 2025, we are determined to build on this progress. Our focus will expand beyond immediate relief to include **support for women's education, initiatives that promote sustainable livelihoods for families**, and continued investment in **education programmes** that empower the next generation. We believe that long-term change begins with opportunity, and education remains the most powerful tool to create it.

On behalf of the Board of Trustees, I extend my heartfelt thanks to everyone who supported us this year. Your compassion and commitment continue to light the path toward a more hopeful and equitable Afghanistan.

# The Green Village

Each one of us can make a difference. Together we can make a change.

# Chairperson's Message

As we share The Green Village's third end-of-year report, we do so at a time of great challenges. Afghanistan continues to face severe economic hardship. International aid has decreased deepening the humanitarian crisis. Around two thirds of the population requires urgent assistance, with millions experiencing food insecurity.

The Taliban takeover has resulted in a reduction in essential services. The bans on women working and receiving education have had devastating effects, particularly for households led by women. We at the Green Village, have remained steadfast in our mission, working to support vulnerable families and orphans across Afghanistan.

None of this would be possible without the generosity of our donors. We want to express our heartfelt gratitude to all our donors and partners for their support. Together, we have been able to provide life saving support to vulnerable families, widows, and orphans.

Let us continue our missions to fight poverty, providing hope and support to those that need it most.

As we share The Green Village's second end of year report with you, we do so at a time of great challenges. Afghanistan is facing a difficult transition that has led to significant economic hardship and has negatively impacted the lives of many Afghans.

The Taliban takeover has resulted in many charities leaving the country. But despite these challenges, we have remained committed to our missions and have continued our work, reaching the most vulnerable families.

# Achievement Highlights

# Orphan Sponsorship

We celebrate the transformative impact of our orphan sponsorship program. By providing essential opportunities, we enable children to escape the clutches of poverty and pave the way for a brighter future.

This year, we are proud to share stories of resilience and progress from the children we've supported. These stories exemplify the tangible results of our commitment. Our focus on keeping children in school has not only ensured their access to education but has also equipped them with the skills necessary to overcome the challenges of poverty.

We extend our deepest gratitude to our dedicated supporters and volunteers who make this work possible. As we look to the future, we remain steadfast in our mission, continuously seeking innovative ways to make a lasting difference in the lives of these deserving children. Together, we can create a world where every child has the opportunity to thrive and succeed.

## *End of year Report*

*5<sup>th</sup> Oct. 2020 to 1<sup>st</sup> Jan. 2022*

# The Green Village

Each one of us can make a difference. Together we can make a change.

# Chairperson's Message

Over the past year, The Green Village have dedicated themselves to reducing poverty in Afghanistan. This began in October 2020, at the height of the Covid-19 pandemic and Taliban resurgence, and a community in the United Kingdom came together to collect aid for those suffering.

2021 was a year of opportunities and challenges. We are extremely grateful to our donors for continuing to support those in need despite the pandemic. Their inspirational generosity allowed us to build the foundation of the charity. We were able to provide life saving support to displaced families, vulnerable communities, widows, and orphans.

In 2021, we also saw Afghanistan fall back to Taliban rule. Our donors and volunteers responded and helped us get emergency support to 40 displaced families in Kabul.

Through the generosity of our supporters and the hard work of our teams and volunteers on the ground, we have been able to accomplish many successes in one of the most difficult years we have faced. We will look to grow and expand our support to more families, orphans, and widows in the coming year. We look forward to working together to tackle poverty.

## The Green Village

The Green Village is a charity registered in the UK, aiming to uplift the lives of orphans, widows, and all individuals in need across Afghanistan.

Since inception Afghanistan has gone through a pandemic, Taliban takeover, economic hardship, and now potential drought. Although Afghanistan is no stranger to hardships, the events of the past year has exacerbated the challenges faced by the Afghan population. We, therefore, established this charity to give a helping hand to the most vulnerable people in Afghanistan. Our aim is to connect like minded people around the world in the fight to end poverty in Afghanistan.

### MISSION

Envision an Afghanistan where all people, regardless of their ethnicity, sex or religion, have the best opportunity to create a better life for themselves and others around them.

### APPROACH

Deliver emergency aid and long-term sustainability projects to poor communities in the region, from orphan sponsorships and widow skills training programmes to community support initiatives.

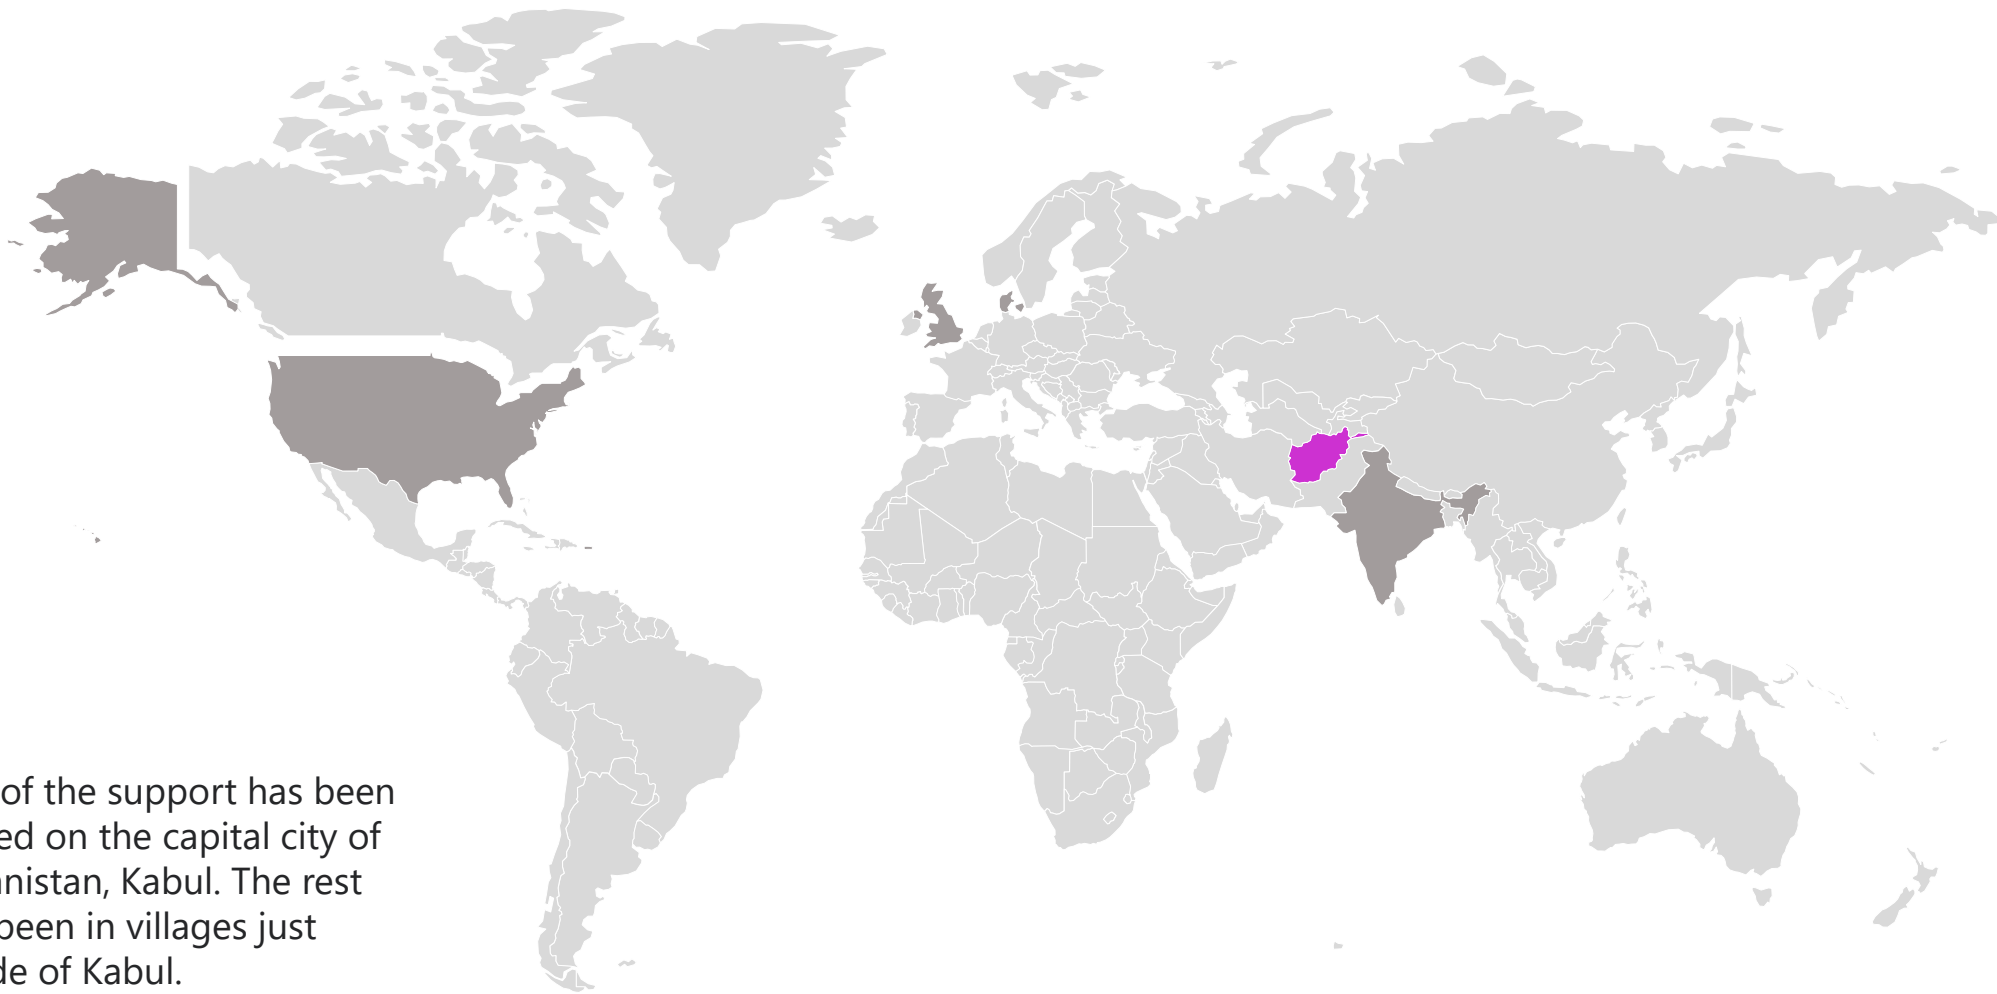

### 100% POLICY

A volunteer led charity and 100% of the donations go directly to the beneficiaries – none to administrative or operational costs.

All costs are covered by the charity trustees personally.

# Area of Focus

■ Countries that we provide support to
 ■ Countries that we received donations from

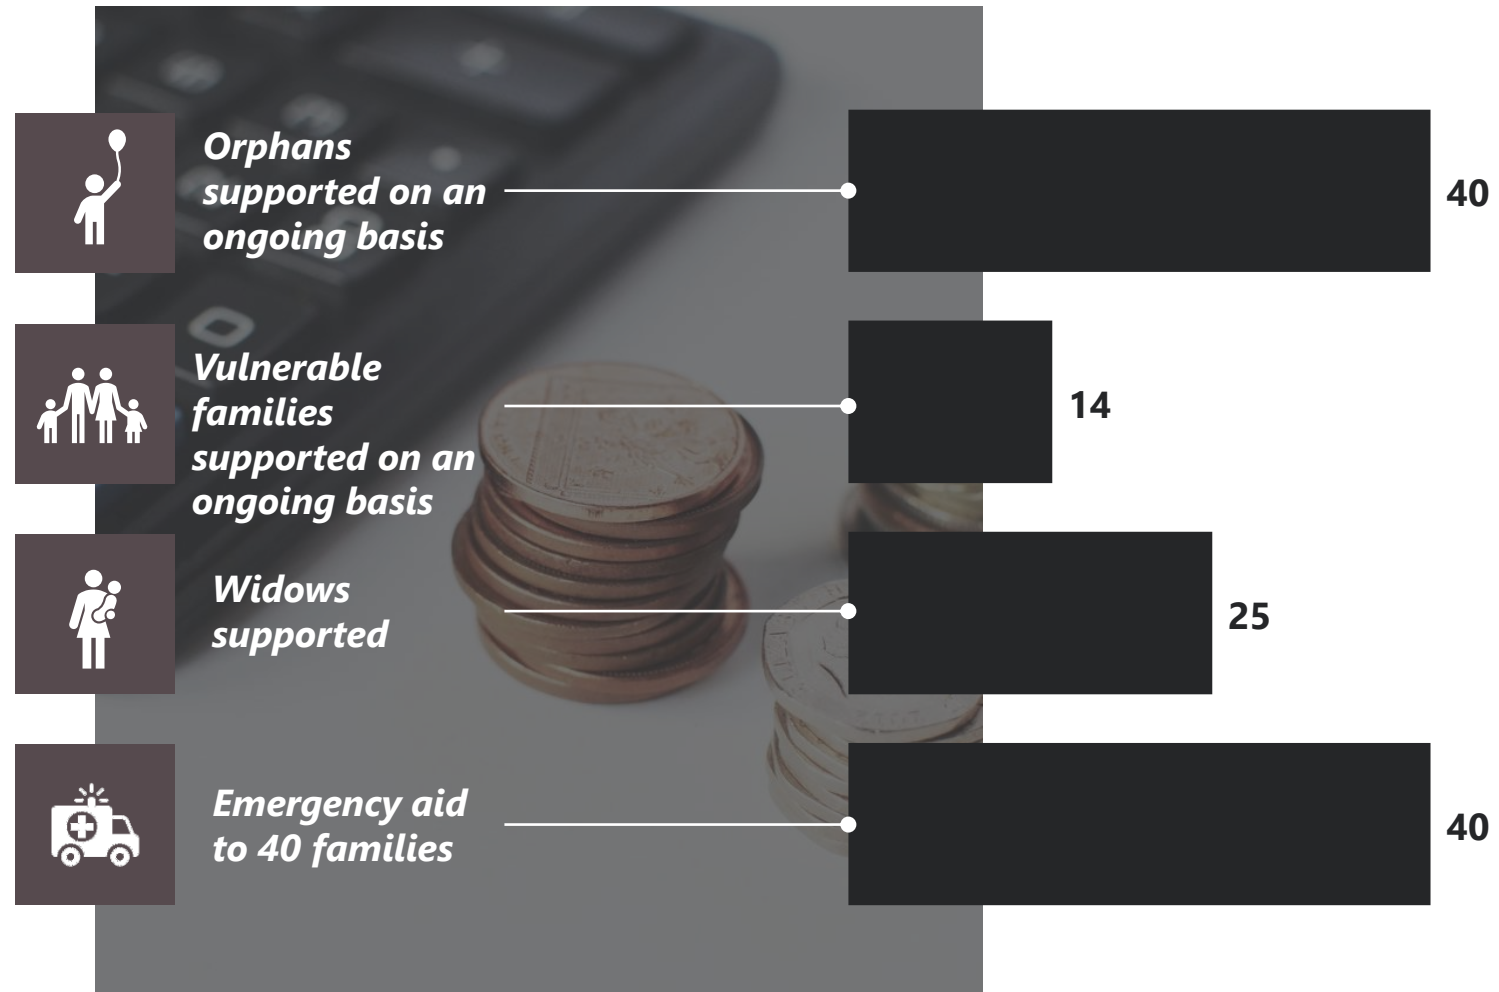

Most of the support has been focused on the capital city of Afghanistan, Kabul. The rest have been in villages just outside of Kabul.

# Achievement Highlights

***Our support can be categorised in four ways – i) support to orphans, ii) support to families, iii) support to widows and vulnerable families, and iv) emergency support to families***

In August 2021, the Taliban took over the country. As a result, we face two major challenges – i) first, our operations inside the country became extremely difficult, and ii) it became almost impossible to transfer funds to Kabul from the UK due to the capital controls placed by the Taliban

# Orphan Sponsorship

Your orphan sponsorship will help a child to break the cycle of poverty by providing an opportunity that all children deserve – a chance to be healthy, nurtured, protected, and educated. To qualify for our sponsorship, the child must stay in school, ensuring they gain the education and skills for a better tomorrow

# Emergency Aid

Under the current Taliban government, the fighting has reduced – but Afghanistan’s security situation is still fragile with frequent suicide bombings and a dire economic situation. Lack of jobs, internal migration, and inflated prices continues to threaten lives. Help us deliver food aid, winter fuel, and other emergency assistance.

All funds were sent to Afghanistan via Western Union. We support vulnerable communities in several ways based on their risk profile. For families that cannot manage finances, we purchase essential supplies. For those that are financially astute, we support them with grants

The trustees and volunteers **receive no remuneration, payments, or benefits from the charity.** We have a **100% donation policy.** Short of bank and transfer fees which is an unavoidable cost, the entire donations are used to support families.
