250 Bishopsgate
London
EC2M 4AA

Objectives and activities

The Charity was incorporated for the public benefit to relieve the needs of disabled children and young people who are unable to afford therapeutic rehabilitation by provision of:-

1. Assistive technologies and training to relevant stakeholders, where it is likely that the provision of assistive technology will benefit the individual's life in either communication, education or management of daily living tasks and leisure activities; and
2. To improve access to education and outcomes for learning, at any education or training provider the Charity deems would benefit from intervention, by providing and assisting in the provision of assistive technologies not provided by the local education authority through assessment, supply of equipment and training.

Achievements and performance

This year the Charity did not have the resources to seek sources of funding to provide assistive technology services and training for some disabled children and young people on a pilot basis.

Financial review

The charity did not trade during the year and carries forward the surplus generated in 2022 of £1,625 to be used for services in future periods. The Charity aims to retain reserves in the range of £10,000-20,000 for use in future periods.

Structure, Governance & management

The charity is incorporated as a charitable incorporated organisation based on the Foundation Model constitution. Trustees are selected based on the skills they are able to bring to the Charity and their commitment to the Charity's objectives. No remuneration is paid to trustees.

The Charity has a service level agreement with a related party, Access Technology North Limited, which provides equipment, services and training to the beneficiaries of the Charity. During the year the Charity paid £nil (2022 - £2,750) to Access Technology North Limited for these services.

Declaration:

The trustees declare they approved the report above on 31 January 2025

Signed on behalf of the trustees:-
