Activities

Objects: To promote for the public benefit, the conservation, protection and improvement of the physical and natural environment, in particular but not exclusively by: protecting waterways, woodlands, parks and other outdoor public spaces from litter; promoting biological diversity through habitat management and improvement; undertaking and facilitating repair, reuse and recycling through the collection, repair and then onward donation, sale or recycling of items to reduce that going to landfill or incineration. To advance such exclusively charitable purposes (according to the law of England and Wales) as the trustees see fit from time to time by making grants to registered charities and constituted community groups in South Wales.

Activities: We are an environmental charity who organise and run events across Cardiff and South Wales to clean up and improve water courses: rivers, streams, ponds or the sea! This could be a general litterpick or wading into a river to clear it of shopping trolleys, recycling as much of what we find as we can to fund the charity. We also undertake habitat management across the city.

Classification

- **How:** Other Charitable Activities
- **What:** Environment/conservation/heritage
- **Who:** Other Charities Or Voluntary Bodies, The General Public/mankind

Geography

- Throughout Wales
