REPORT OF THE TRUSTEES
for the year ended 31 December 2022

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 December 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The charity's main aims are to promote and provide for the advancement of education, Tamil culture, physical and mental health of children and the relief of poverty through the provision of grants to suitable institutions and individuals mainly in Sri Lanka and also in UK.

Principal activities and review

To meet its objectives the charity continued to make maintenance grants to qualifying institutions and individuals.

Public benefit

The trustees have referred to the guidance contained in the Charity Commission's general guidance on public benefit, and 'The Advancement of culture and education for the Public Benefit' in particular, when reviewing the aims and objectives of the charity and in planning the charity's future activities. The aims of the charity for the public benefit are detailed in the 'Objectives and Activities' section of this report.

Grant Making Policy

The charity makes grants to other charities that fulfil its objects. Before further projects are considered the charity will invite applications through advertising in appropriate media. Detailed selection criteria will be agreed in advance. Other grant requests are received and dealt with when funds are available.

FINANCIAL REVIEW

Financial position

During the year the charity's had net expenditure of £10,763 (net income 2021 - £5,347) taking the total funds carried forward to £9,496 (2021 - £20,259).

Reserves policy

The trustees have established the level of reserves (that is those funds that are freely available) that the charity ought to have. Reserves are needed to bridge the funding gaps between spending on activities and receiving resources through voluntary income. The trustees consider that the ideal level of reserves as at 31 December 2021 would be three months of resources expended. However the trust is operated as a grant giving charity, and the trustees' policy is to only seek to distribute or commit the income arising in each financial year. The charity had reserves of £9,496 at the year end.

REPORT OF THE TRUSTEES
for the year ended 31 December 2022

FINANCIAL REVIEW

Going concern

The trustees have assessed whether the use of the going concern assumption is appropriate in preparing these financial statements. They have made this assessment in respect of a period of one year from the date of approval of these financial statements.

The trustees have concluded that there are no material uncertainties related to events or conditions that may cast significant doubt on the ability of the Trust to continue as a going concern. They are of the opinion that the charity will have sufficient resources to meet its liabilities as they fall due.

Covid 19

The Covid 19 pandemic has developed rapidly, with significant social and economic impact. As the primary source of income for the charity is not from fundraising from the general public, and its objectives are met by providing grants to other charities, at this stage the impact on our ability to continue with our charitable activities is not significant.

Fundraising

The charity has a good reputation within the local community and has a large pool of regular donors who wish to have a part in the charitable activities of the charity. Existing donors often recommend and encourage other philanthropists to pledge their support to the success of the charity. As such, the trustees do not engage professional fundraisers nor do they undertake public collections or cold calls.

FUTURE PLANS

The charity plans to continue giving grants to its sister charity in Sri Lanka, St, John's Batch of 1987 trust and other charities with similar objectives in line with the trustees' vision of making a tangible impact to the activities of the charity's beneficiaries.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Recruitment and appointment of new trustees

There must be at least three trustees at any one time. New trustees must be appointed by a resolution of the Trustees passed at a special meeting.

New trustees are selected for their skill, knowledge and experience needed for the effective administration of the charity. New trustees undergo a formal vetting process before appointment.

Organisational structure

The board of trustees administers the charity. The trustees must hold at least two ordinary meetings each year. One such meeting must involve the physical presence of those trustees in attendance.

The trustees are vigilant to the potential conflict of interest which could arise should they benefit financially from the charity or where their duties as directors of the companies from which donations are received would compete with their duties to the charity.

The trustees consider any potential conflict of interest issues before they take decisions and mitigate these by involving independent third parties where necessary. In addition an independent trustee has been appointed and protocols are in place which require a conflicted trustee to withdraw from any discussions where there may be a potential conflict.

REPORT OF THE TRUSTEES
for the year ended 31 December 2022

STRUCTURE, GOVERNANCE AND MANAGEMENT

Induction and training of new trustees

Any new trustee will be fully briefed on the history of the trust, and its objectives and plans, as well as the management and operational processes. Trustees can retire when they wish as they do not serve under a fixed term of tenure.

Risk management

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2022

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants payable

Grants payable are included in the period when any relevant conditions are met by the receiving entity. Payment of later instalments of a grant usually requires satisfactory progress reports from the project.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure

Charitable activities

The cost of charitable activities comprises those incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

Creditors and provisions

SJC87 INITIATIVE UK

NOTES TO THE FINANCIAL STATEMENTS - continued
for the year ended 31 December 2022

1. ACCOUNTING POLICIES - continued

Cash at bank and in hand

Creditors are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of settlement can be estimated reliably.

Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value except for bank loans which are subsequently measured at the carrying value plus accrued interest less repayments. The financing charge to expenditure is at a constant rate calculated using the effective interest method
