Summary of the main achievements of the charity during the year

The past year has presented unprecedented challenges for both the charity sector and the communities we serve. The ongoing cost of living crisis has had a profound impact, stretching resources thin and intensifying the needs of those we aim to support. This economic climate has also severely impacted our fundraising efforts, with donations significantly reduced as potential supporters face their own financial constraints.

In light of these circumstances, at the beginning of the year in January, our board decided to undertake a comprehensive viability assessment. This assessment was crucial in evaluating our financial health, operational capabilities, and our ability to fulfil our mission under the current conditions. We stopped all works and focused solely on this assessment. Since stopping all works, all income has been solely from our CEO's family and friends purely to support during this time in the knowledge that the organisation was struggling. No fundraising activities have been undertaken.

After thorough analysis and heartfelt consideration, we have reached the difficult conclusion that continuing operations is no longer feasible.

It is with a heavy heart and deep regret that we announce the necessity to close down SEND unlocked. This decision was not made lightly, but it reflects our commitment to responsible stewardship and the reality of our financial and operational sustainability. We are now in the process of ensuring that this closure is handled with all due diligence, transparency, and respect for our beneficiaries, stakeholders, and the legacy of our work.

Section E

Year ended 31st October 2024

1. General information

2. Statement of compliance

The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities Act 2011 and UK Generally Accepted Accounting Practice.

The financial statements have been prepared to give a 'true and fair view' and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure has involved following the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

3. Accounting policies Basis of preparation

The financial statements have been prepared on a going concern basis under the historical cost convention.

The financial statements are prepared in sterling, which is the functional currency of the entity, and rounded to the nearest£.

The financial statements cover the period 1 November 2022 to 31 October 2023. The comparatives cover the period 1 November 2021 to 31 October 2022

Going concern

The Board of Trustees has considered the ability of the Charity to continue as a going concern. They have reviewed budgets, management accounts, and cash flow forecasts for 2024/25, and have concluded that the Charity is no longer a going concern. The Trustees understand that the charity must now proceed with closure, managing the remaining funds to settle all obligations.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes. Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

3. Accounting policies *(continued)*

Income

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income received by way of donations, legacies, grants and gifts is included in full in the Statement of Financial Activities when receivable.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.

Expenditure

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Debtors and creditors receivable | payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in expenditure.

Cash at bank

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as an expense in the period in which it arises.
