OBJECTIVES & Activities:

Objectives: Our charity helps socially and economically disadvantaged individuals and groups in Leeds by providing education, training, healthcare interventions, and support. Our aim is to create a self-sufficient environment, sustain income, and promote social participation. We follow the Charity Commission's public benefit guidance and recognize the fine line between supporting the poor and preventing people from becoming destitute. Therefore, in general, we consider that the prevention of poverty includes the relief of poverty and that the relief of poverty includes the prevention of poverty”.

Our charity has several aims:

a) Advancement of Education: *Improve access to training and lifelong learning opportunities, promote physical and mental development, and provide skills training, real-world experience, and flexible employment support.*

b) Advancement of Health: *Promote beneficial activities for health, support mental health challenges, advocate for safety, and advance amateur sports for physical and mental health. Provide support to socially and economically disadvantaged groups.*

c) Advancement of Health: *Promote beneficial activities that improve physical and mental health.*

d) Advancement of Amateur Sports: *Encourage active sports and physical activities for all socio-economic backgrounds, support the return post-pandemic, address inequalities, improve well-being opportunities, and contribute to economic growth.*

e) Advancement of Environmental Protection: *Encourage recycling, preserve green spaces, generate sustainable energy, and promote sustainable development.*

Activities: Please give a detailed breakdown of your activities like what you do, beneficiary, age, gender, address opening hours and your regular meetings like Friday prayers.

"We supported the Black and Minority Ethnic communities in building resilience to climate change through our 'Together for Our Planet' program. Our 'Keep Fit, Keep Active, Practice Sports' program promotes sports activities for young and old. Additionally, we partnered with Volition Leeds and Forum Central to enhance COVID-19 vaccine uptake among lower socio-economic groups and migrant communities."

Together for Our Planet:

I delivered 10 climate change campaigns to lower socio-economic communities, including BAME groups. I distributed over 1,500 flyers with tips on 5 core climate themes and created 3 videos to enhance awareness.

Keep Fit, Keep Active, Practice Sports:

We organized various indoor and outdoor sporting activities such as football, basketball, table tennis, dance, yoga, bowling and exercise and fitness sessions. We also engaged young people from the BAME Community in South Leeds as part of the Queen Elizabeth II's Platinum Jubilee celebration.

Covid-19 Vaccination:

Our virtual health programs reached 5000+ people on social media. Our WhatsApp chat & phone line addressed 120+ COVID-19 enquiries. Our efforts increased trust in the vaccine and raised awareness about side effects, myths, and vaccine development.

ACHIEVEMENTS AND PERFORMANCE:

Please list this year's achievements like religious activities, festivals, bible studies and partnerships...

- Nominated for Environmental Achievement Award (Compassionate City Award) by Leeds City Council.
- Improved environmental management of Carbon Footprint and reduced fuel poverty through adequate household energy & utility and Money management.
- Improved physical and sporting activities.
- Improved physical health and mental health & wellbeing.
- Improved Covid-19 Vaccine information and uptake within the community.

PLANS FOR FUTURE PERIODS:

The trustees intend to maintain and expand the charity's activities in the future (Please give more details about what you want to achieve next year.

- To improve our community, we need to focus on:
 - - More health activities
 - - Environmental protection
 - - Vocational programs for job skills
 - - Equity, diversity, and inclusion
 - - Sports for youth
 - - Collective security
 - - Funding for sustainability.
