THE TRUSTEES'REPORT

Salford community Education Support Centre (SCESC) is a community organisation formed by a group of men and women asylum seekers and refugees to promote the benefit of people, particularly African people living in the UK who are passionate about enhancing people's lives by:

- The advancement of education and training;
- the relief of poverty, sickness and distress;
- the promotion of good health; and
- the provision of recreational facilities in the interests of social welfare with the object of improving their conditions of life by:
 - encourage, and support the inclusion, and educational success of people from groups that are severely underrepresented in the community, Black African/Black Caribbean in particular.

SCESC has impacted the community of North west of England for many years by promoting the best ways of BME community cultural integration into the wider community, providing voluntary service in which the community can benefit socially, mentally and physically. SCESC empowers friendship with its members, reduce isolation as well as anti-social behaviour in the wider community.

Our moto is still:

- ☐ Train the youth to become self reliant. Recruit other youth and members of the community to participate in to volunteering and community activities.
- ☐ Create platforms that necessitate the youth to study together and to play together in a perfect social setting.
- ☐ Develop tact, skill and talent in the various community activities.

From 2018, SCESC started operating in Salford, Greater Manchester in the Northwest of England. We have developed a system of community cohesion by running projects such as strange neighbours and the Great Get Together Project. We also help our local

community by running early intervention services by providing support to young people who are at risk of experiencing poor school outcomes

We are grateful to all our funders big or small including Awards For All, Forever Manchester and Salford City Council who have made this possible in our community.

I am strongly looking forward for a stronger, more successful 2021-2022 with all the opportunities and inevitably challenges that lay ahead.
