The Alexander Technique Congress Association

Annual Report 2022

The Alexander Technique Congress Association (ATCA) is pleased to report that the International Congress of the F.M. Alexander Technique in Berlin, Germany, successfully took place in August 2022 (postponed from 2021 to 2022 because of the Covid-19 pandemic). The Berlin Congress was attended by 563 participants from 35 countries. ATCA has raised €13,000 as a result, and more donations are expected next year. It was agreed to host the next international congress in Dublin, Ireland, in August 2025, and negotiations with potential directors of the congress has begun. It was decided that ATCA will publish the proceedings of the Berlin Congress (i.e. the congress papers), and make them available for free as a PDF on ATCA's own website and for purchase as a print-on-demand paperback. ATCA has employed an editor and the papers are expected to be published in Spring 2023.
