

Annual Trustees report 2020 - 2022

Between 2020 and 2022, no income was generated, and thus no expenditures were incurred. This was due to the unprecedented circumstances caused by the coronavirus pandemic and the ensuing lockdown measures. Despite these difficult times, we remained vigilant and committed to furthering the charity's objectives of community support.

We resumed our activities in 2021, with a focus on assisting young, disadvantaged people who had been greatly impacted by the pandemic. Our efforts were focused on creating a safe and supportive environment in which these people could continue to develop and grow.

In addition, we organised a number of sports activities in the park, giving community members a much-needed outlet to engage in physical activity and connect with others. These events were well-received, providing a sense of community and normalcy in an otherwise turbulent time. Volunteers from the charity donated their time and skills to help the charity's goals. We remain committed to the community and will work tirelessly to achieve our goal of making a positive difference, even in the face of adversity.
