## Activities

---

**Objects:** To advance the arts for public benefit by the promotion in particular, but not exclusively, of the art of drama; and to promote the use of the arts to improve people's mental health or well being.

**Activities:** We make theatre about lived experiences of mental health. And we do this anywhere and for everyone. Fluid Motion does this through a creative engagement and touring programme, built around one overarching theme connected to mental health. We commission, make and perform theatre and use lived experience as inspiration.

## Classification
