2023-2024 Annual Report and account

In 2023-2024, Our Charity has progressed gradually with the funding we secured from Arnold Clark Autom ,Barchester Health trust, Community Fridge , Asda, and Durham Community trust and it greatly helped us to make our community more active and carry on our festival celebration and carry on our Oriental Garden 's activities.

We are working hard to apply for funding to keep our activities running normal and we still wish to carry on to run Chinese dance class and other cultural events. We have turned to the support from Social Enterprise Marvel Business in London to help us to secure more funding for us to run " Chinese Cooking course ' , Chinese dance class and some art workshops.If funding permits, we will run Mandarin class and prepare for a celebration for Chinese new year in 2025. We need to thank all the funders we mentioned above and without their wonderful support , we will not move smoothly.

We wish to grow stronger to do more to create a better community and let more to benefit from our charitable activities. Thank you very much to all the funders , all the volunteers and the members.
