# Trustees' Annual Report and Financial Statement

For the year ended 31 December 2024

Registered Charity Number: 1192942

## Reference and Administrative Details

Charity Name: The Family & Community Group

Registered Charity Number: 1192942

Principal Address: c/o 55 Poplar Road, Croesyceiliog, Cwmbran, Torfaen, NP44 2EQ Trustees (serving during the year):

- Mr. D. Cornish – Chair
- Mrs. R. Driscoll – Treasurer
- Mrs. C. Ward – Secretary
- Miss R.-J. Bromley – Vice-Chair

## Structure, Governance and Management

The Family & Community Group is a Charitable Incorporated Organisation (CIO), governed by its constitution under the foundation model. The charity is controlled by its trustees, who act as the only members. Trustees oversee all strategic and operational decisions through committee meetings and are responsible for governance, compliance, and policy adoption. Founding trustees serve fixed terms as set out in the constitution. New trustees may be appointed at a general meeting and typically serve for a term of three years. The trustees have considered the guidance issued by the Charity Commission on public benefit when planning activities and use of resources.

## Objectives and Activities

The Family & Community Group supports children, young people, and families by creating and facilitating activities, opportunities, and support networks. The charity operates community facilities in Torfaen, including the rescue and management of a large community hall previously at risk of closure. These facilities now host a wide range of recreational, educational, and needs-based activities that strengthen families and build local resilience. The charity's objectives are to promote community development, support families (particularly those with young children or additional needs), and provide accessible, inclusive facilities for community use.

## Achievements and Performance (2024)

During 2024, the charity continued to make significant progress in expanding its services and facilities across Torfaen. With the support of the Regional Integrated Fund (RIF), an unused room at Mount Pleasant Hall was converted into a sensory room, providing vital support for children with additional and complex needs. Funding from the National Lottery Community Fund and the UK Government's Shared Prosperity Fund enabled the purchase of equipment such as bouncy castles and a large inflatable slide, supporting low-cost birthday parties and community events. Numerous smaller grants helped deliver a series of free family events, each averaging attendance of around 60 children and their families. The charity also established a seasonal children's disability playscheme through partnership with the Torfaen Play Service, alongside regular parent and toddler groups and children's dance sessions. The Family & Community Group also continued to enhance its digital presence,

developing its website and expanding the Mount Pleasant Hall Facebook page, which has grown significantly as a community hub for information and engagement. The trustees wish to recognise the dedication of the charity's volunteers, whose contribution remains central to its success.

## Financial Review

Total income for the year ended 31 December 2024 was £85,410.96, an increase of 56% from 2023, primarily due to successful grant applications and increased hall hire. Total expenditure for the year was £88,442.83, resulting in a deficit of £3,031.87 and a closing balance of £21,534.36. The trustees consider the charity's financial performance satisfactory and in line with planned expansion. Reserves remain sufficient to support ongoing operations.

Year	Total Income (£)	Total Expenditure (£)	Surplus / (Deficit) (£)	Closing Balance (£)
2022	17,964.91	9,514.00	+8,450.91	8,450.91
2023	54,738.68	37,409.58	+17,329.10	24,566.23
2024	85,410.96	88,442.83	-3,031.87	21,534.36

## Reserves Policy

At the end of 2024, the charity held total funds of £21,534.36, of which £5,000 is reserved to ensure the charity can continue operating for at least six months in the event of unexpected financial challenges. The trustees review the level of reserves regularly to ensure it remains appropriate for the size and scope of the charity's activities.

## Plans for the Future (2025 and Beyond)

The charity aims to secure new grant funding to sustain existing projects and expand provision for children with additional needs; develop a disused scout hall into a children's disability and carers' centre; continue growing community events and play opportunities; and increase community fundraising and hall hire income to strengthen financial sustainability.

## Public Benefit Statement

The trustees confirm they have complied with their duty to have due regard to the Charity Commission's guidance on public benefit. All activities undertaken during the year directly further the charity's objectives to support families, promote inclusion, and strengthen community wellbeing.

## Declarations

The trustees declare that they have approved the report above.

Signed on behalf of the charity's trustees:

**Charity Registration Number 1192942**

## **Objectives and Activities**

The family & Community Group support children, young people, and their families, creating, facilitating activities, opportunities and developing support networks, for groups to access. We have rescued a large community Hall from permanent closure, developing its facilities and resources to meet the charities outcomes. We now manage community facilities in Torfaen, these facilities are supporting communities, offering a wide range of recreational activities as well as developing needs-based projects to support vulnerable families in Torfaen.

## **Achievements and Performance**

The Charity has continued to support local community facilities and promote services for families with very young children and support children with additional needs, through the provision of information and advice. The Charity has continued to support a local community facility, and working in partnership with community members, and facilitating the development of the premises that focuses on children and young people with additional needs. The facility also hosts a parenting group that makes use of services and organisations supporting the early years and promotes the growth of friendship groups and supporting parenting. We have now secured a 25-year lease on a very large community hall which has been closed for several years, we have spent a lot of time developing resources, investing time to clean, decorate and develop partnerships to promote the purposes of the charity. We continue to promote a range of service that support families with very young children, and children with additional needs. In doing so we have been working to the charities outcomes and benefitting the public, that promotes appropriate play, education, and care facilities.

The Charity has also piloted a parent and toddler group in another community venue, supporting community volunteers to set up their own group, and following this pilot, the group are now running sustainably, creating enough funds to pay for the hire of the venue, equipment to run the sessions and have access to information and advice from the charity. In doing so, we have been working towards our charitable outcomes of providing good quality information advice, as well as promoting activities for the public benefit.

Furthermore, the charity has continued to develop its website that will be used to promote projects, services, and help develop support networks, that families can access, and use to find information and support.

All trustees have had regard to the guidance issued by the Charity Commission on public benefit. Over the last year the trustees for the Family & Community Group have been working hard to ensure all policies are up to date, as well as focusing on the development of our groups website. Volunteers have worked hard to help the charity develop an identity, supporting each other and working as part of a team to support our communities. The charity relies on volunteers, and it would not be possible to operate without them.
