Directors' Report

The directors present their report and accounts for the year ended 30 November 2025.

Principal activities

The company's principal activity during the year continued to be Activities of Christian Religion. The church has been able to advance our course and achieve greater impact within the community. We are able to create health awareness and health check for the local people. We have been able to reach more individuals within the community with our food bank a dream nurtured through years of prayer and planning. This initiative stands as an encouragement of support for both our members and the wider local community during these challenging times.

Our weekly service

Our regular schedule remains steadfast: Sunday services continue from 10:30 am to 1 pm at our new location, the Adult College on 127 Ripple Rd, Barking IG11 7PB, necessitated by various challenges including financial constraints. Mid-week Bible studies persist every Wednesday from 7 pm to 8 pm via Zoom, while evangelism efforts are concentrated on the third Friday of each month. Additionally, the first Friday hosts house fellowships and the last Friday is dedicated to a night of praise and prayers. Men gather for prayer meetings every Monday from 7 pm to 8 pm via Zoom, while women convene periodicals on Fridays at 8 pm.

Ministry progress highlights

During 2025, the ministry recorded notable growth and increased community awareness. Average Sunday attendance rose to approximately 70 worshippers, reflecting both numerical growth and deeper engagement. Outreach and evangelism activities throughout the year led to new converts and an increase in church membership. Our visibility within the Barking community continued to improve through regular outreach, food bank services, and word-of-mouth engagement.

The children's ministry also continued to thrive, particularly the Sunday school, with sustained attendance and a strong teaching team of five volunteers. Plans to introduce

Community engagement

In terms of community engagement, our endeavours have borne fruit:

- We engage in vocational training for people within the local community
- Employability, we help in CV building, career talks, sign posting to organisations for employment within the community thereby reducing dependence on government benefits.
- We source qualified professionals, for free training in social care (vocational training) and IT courses like Business Analysis, Data Analytics, Cyber Security etc. (We strongly believe in empowering powerful people to gain financial independence)
- Food bank operations every Sunday and Health routine checks and counselling for local community members by qualified medical professionals.
- Pastoral care and support, home visits and street evangelism.

Challenges and development projects

While progress in 2025 has been encouraging, financial constraints continue to present challenges, particularly in relation to space and resources. Despite this, Gloryland Connections remains committed to strengthening its programmes, expanding food bank capacity, and extending outreach and evangelism activities to reach more people across the local area, trusting in God's provision and guidance.

REDEEMED CHRISTIAN CHURCH OF GOD GLORYLAND CONNECTIONS
Notes to the Accounts
for the year ended 30 November 2025

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Leasehold land and buildings	over the lease term
Plant and machinery	over 5 years
Fixtures, fittings, tools and equipment	over 5 years

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Provisions

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.
