Statement of Trustees' Responsibilities

During this year, the charity opened an additional school, where Kurdish language and mathematics sessions were also provided. This expansion led to an increase in the number of students wishing to attend the charity's sessions and services. To support this growth, the charity was assisted by an increased number of volunteers, while continuing to provide online lessons to ensure accessibility. The trustees also worked to support the charity's operations and ensure that its objectives continued to be met for the benefit of the community.

The Trustees are pleased to submit their report and Financial Statements for the year ending 31/3/2024
