INDEPENDENT EXAMINER'S REPORT

To the Trustees of the "Christ Preachers Chamber"

We report to the Trustees on our examination of the financial statements of the Christ Preachers Chamber (the charity number 1193303) for the year ended 31 January 2025.

Responsibilities and basis of report

Having satisfied myself that the financial statements of the charity are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of the charity's financial statements carried out under section 145 of the Charities Act 2011 (the 2011 Act). In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. Accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

Note 2: Accounting policies

Policies relating to categories of income and income recognition

Nature of income

Gross income represents the value, net of value-added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

Categories of Income

Income is categorised as income from exchange transactions (contract income) and income from non exchange transactions (gifts), investment income and other income.

Income from exchange transactions is received by the charity for goods or services supplied under contract or where entitlement is subject to fulfilling performance-related conditions. The income the charity receives is approximately equal in value to the goods or services supplied by the charity to the purchaser.

Income from a non-exchange transaction is where the charity receives value from the donor without providing equal value in exchange and includes donations of money, goods and services freely given without giving equal value in exchange.

Income recognition

Income, whether from the exchange or non-exchange transactions, is recognized in the statement of financial activities (SOFA) on a receivable basis, when a transaction or other event results in an increase in the charity's assets or a reduction in its liabilities and only when the charity has legal entitlement, the income is probable and can be measured reliably

Income subject to terms and conditions which must be met before the charity is entitled to the resource is not recognized until the conditions have been met.

All income is accounted for gross before deducting any related fees or costs

Membership subscriptions

Policies relating to expenditure on goods and services provided to the charity.

Recognition of liabilities and expenditure

A liability, and the related expenditure, are recognized when a legal or constructive obligation exists as a result of a past event when it is more likely than not that a transfer of economic benefits will be required in settlement, and when the amount of the obligation can be measured or reliably estimated

Liabilities arising from future funding commitments and constructive obligations, including performance-related grants, where the timing or the amount of the future expenditure required to settle the obligation is uncertain, give rise to a provision in the accounts, which is reviewed at the accounting year-end. The provision is increased to reflect any increases in liabilities and is decreased by the utilization of any provision within the period and reversed if any provision is no longer required. These movements are charged or credited to the respective funds and activities to which the provision relates.

Allocating costs to activities

Direct costs that are specifically related to an activity are allocated to that activity. Shared direct costs and support costs are apportioned between activities.

The basis for apportionment, which is consistently applied, and proportionate to the circumstances, is :-

Staffing - on the basis of time spent in connection with any particular activity

Staffing - on a per capita basis, based on the number of people employed within any particular activity.

Premises-related costs - on the proportion of floor area occupied by a particular activity

Nonspecific support costs - on the basis of the usage of resources, in terms of time taken, capacity used, request made or other measures

Policies relating to assets, liabilities and provisions and other matters.
