**SAVE CHILDREN OF GOD
MANAGEMENT REPORT
FOR THE YEAR ENDED 5 APRIL 2025**

CHAIR'S ANNUAL STATEMENT

Our charity's core activities this year focused on young people's development. We launched "Success Strategies Project" a comprehensive 12 weeks project which commenced shortly after receiving the grant around December 2024 though it is still an ongoing project which is addressing the complicated challenges faced by people especially the young people in England which focused on three key areas: employment support, community development and sports development with emphasis on football training, counseling and mentorship which recorded tremendous success.

On behalf of the Board of Trustees and Members of our Organization, we offer our sincerest gratitude for the incredible generous donations received during the 2024/2025 financial year from the National Lottery that donated £19,950, the PayPal that supported our services with the sum of £465.82 while the Chair, Save Children of God, Mr. Chima De Bernard's donated the sum of £4,244.70 which was used to pay office rent for 4 months from August to November 2024 and to subscribe for weekly oyster card for the office and for those that volunteered to work for us including paying for grant monthly subscriptions for 12 months.

Save Children of God charity empowerment through skills development, counseling and mentorship focuses on building long-term resilience for young people and children. This program prioritized on personalized support to help participants to navigate modern barriers such as economic barriers, skills development, personal issues, educational gaps and unemployment. Assisted by the National Lottery, Save Children of God Charity effectively gave the children and the young people the tools, confidence and opportunities to make decisions and take control of their lives. We nurtured their strengths, talents and helped them to overcome challenges. We were able to build strong relationships by connecting young people with mentors who provided guidance; support; training, advice, counseling, mentoring and positive role modeling. These relationships fostered a sense of community collaboration and social cohesion. Our projects improved the vacuum in the community by empowering young people in effecting positive social change.

Furthermore, in this program; participants developed skills - especially in sports and acquired knowledge that helped them to create positive impacts in their lives.

Following the Chair's reappointment as a Football Recruitment Representative of FCV International Football Academy, Leicestershire, we continued with football activities and engagements. Workshops and trainings were organized which featured: Orientation, self-awareness, employability skills, social responsibility, team building,

Business coaching and football skills development. These were workshops for empowering young people to become agents of social change.

Due to the constant plea for support from people especially the less privileged and those on low income salaries who cannot afford the high cost of legal fees; our team decided to organize a one-day free legal consultation in March, 2024. About 24 people benefited from the scheme. This was done during the National Lottery Week following their invitation to our organization to participate as a way to say - thank you to National Lottery for supporting our charity. Nevertheless, another workshop was organized in support of National Lottery Week around March, 2025 which was also a free event where we celebrated the good causes of “National Lottery Week”. Our lottery week activities featured one on one advice, personal counseling, expert coaching, tailored mentoring, support with concerns, challenges, discover and develop talents. There was an exclusive activity for aspiring professional footballers to meet with a scout/football academy representative.

Our mentoring and counseling programs helped young people to reach their full potentials by providing them with support and guidance at an early stage. Likewise, some adults benefited. They accessed trainings like how to write applications, C. Vs, how to attend interviews and the necessary trainings to do to get meaningful employment.

We recently partnered with a company - Bardwood Support Services that promised to pick some of our beneficiaries for employment whenever they have vacancy. To the glory of God, some of the young people including adults through our mentoring programs are now gainfully employed. We invested in their personal growth and empowerment thus they were equipped with the tools and confidence in order to succeed in their future endeavors and to contribute meaningfully to the society.

In summary thereof, this empowerment occurred in so many ways, such as:

Skills Development:

Activities centered on identifying and developing the unique skills and talents of some adults who consulted us, children and young people at an earlier stage to prepare them for active citizenship and future careers. Thus, developing their skills and learning new skills boosted their confidence and opened doors for them. Our football career development initiative has identified about 10 promising young people that we will continue to work on their skills before we can hand them over to football clubs.

Empowerment and Counseling:

Unemployed individuals and those on low income received private counseling and professional support to build confidence and navigate the emotional challenges of the job search.

Mentoring:

Over the year, about 305 young people and more have benefited from our mentorship program in the weekly activities we organized. We have created long-term relationships where experienced individuals share lived experience and expertise to help mentees tackle specific challenges.

Holistic Coaching: Through coaching, our organization works to remove barriers to learning and survival, aiming to give every youth the chance for a stable future.

Advice and Guidance:

As Social Welfare Legal Advisers, we provided free advice, advocacy and representation that helped individuals secure their rights and entitlements.

Evangelism:

Our Evangelism now is specified for Saturday activities twice in a month. We move round the communities to talk and attend to the lonely and depressed individuals. We preach the word of God to them, pray for them if there is need and listen to their issues as well advice and assist in sorting out their issues.

Created Safe Space for Self-Expression:

Young people need places where they can share ideas without judgment; we created the space for them.

Promoted Health and Wellness:

Physical and mental health is foundation for success. Taking them to the field to play football promoted their health and wellness. By focusing on these areas, we assisted young people and children build a strong foundation for their future.

SAVE CHILDREN OF GOD INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF SAVE CHILDREN OF GOD FOR THE YEAR ENDED 05 APRIL 2025

Respective responsibilities of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed. It is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- to follow the procedures laid down in the general Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- to state whether particular matters have come to my attention.

Basis of independent examiner's report

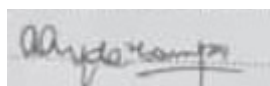

My examination was carried out in accordance with the general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's report

In connection with my examination, no matter has come to my attention: which gives me reasonable cause to believe that in any material respect:

- The accounting records were not kept in accordance with the section 130 of the Charities Act; or
- The accounts did not accord with the accounting records; or
- The accounts did not comply with the applicable requirements concerning the form and content of the accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the account give a 'true and fair' which is not a matter a matter considered as part of the independent examination.

I have no concerns and have come across no other matter in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of this account to be reached.

THE TRUSTEES' REPORT (continued) FOR THE YEAR ENDED 05 APRIL 2024

Achievements During the year

For wider public benefit purposes, the Charity in the course of their activities during the period has actively engaged in community wide activities that are geared towards promoting and empowering people to live a sustainable life. Amongst them are;

Counselling, Mentoring, Advice and Information

The organisation was able to embark on counselling, mentoring as well provided advice and Information to young people at different locations in Southwalk and other areas in England. We likewise discussed a lot of issues affecting the young people and rendered advice relating to the information they provided as a result of their worries.

Youth Empowerment

Some people who came with their personal issues for not being able to secure jobs, were provided with life skill and job-hunting advice and information which assisted them a lot in securing jobs. Those that do not know how to write job applications were supported.

Workshop

The first workshop we organised last year did not record much success but there is improvement now. As a result, we embarked on wider consultations with the people in the community and supported big events where we addressed parents, children and young people in large gatherings on issues relating to the services we provide and now we have a lot of people interested in our activities.

Affected changes to the lives of vulnerable drug and smoke addicts

Some months ago, we held a counselling section for a group of vulnerable drug and smoke addicts that sometimes gather around Westmoreland Road bus stop in Southwark, advising them on how to better their lives. Many of them are gradually changing that their bad lifestyles to good one.

Evangelism

Our Evangelism took a new dimension when a woman who was in a critical condition, having evil spirit visitation according to her, received her healing and that finally stopped after strong prayers conducted by the Chair for her.

Football Recruitment

As a Football Recruitment Representative of AVC International Football Academy Leicestershire, through our counselling, mentoring and advice services, we have supported and provided information and advice to football club owners, coaches, players and their team members on how to further develop skills of the young people intending to embark on professional football for them to be accepted by clubs. We are gradually working on some young people who might become professional footballers soon. As a matter of fact, some young people doing well in football that registered with our organisation will go for football clubs selection to enable clubs to pick the players they are interested in.

Our project, “Empowering Young People” is still an on-going program which we intend to sustain and it will go a long way to develop the skills of young people and better their lives.

On this note, we thank the National lottery that supporting us financially. We received a grant of £10,000. The Chair, Board of Trustees also supported the activities of the organisation by paying the office rent for 10 months. Office rent is £935 monthly. The project grant money specified for office rent was not much; we only used part of it to pay for 2 months.

TRUSTEES' REPORT FOR THE YEAR ENDED 05th FEBRUARY, 2023

The aims and purpose of Save Children of God is to relief poverty through activities and events recommended and approved by the trustees of the charity and has identified and approved the following as our main aims and purpose:

- The prevention or relief of poverty of individuals through effective support.
- To build a godly community through identifying people's social and spiritual needs and facilitating ways to meet those needs.
- To actively engage in a continuous collective global community based charitable works to raise good citizens.
- To co-operate with the churches or similar bodies for the relief of poverty and for other charitable purposes that are for the benefit of mankind.
- To advance education and charitable activities for the benefit of disadvantaged children and young people.

In planning our activities for the year, Save Children of God has considered the Commission guidance on public benefit and in particular the specific guidance on charities for the advancement of eradicating poverty. For wider public benefit purposes, the Charity in the course of the year has actively engaged in community wide activities that are geared towards promoting and empowering people to live a sustainable life. Amongst them are;

- Reaching out to the homeless most especially the single homeless and enabling them to have a new start through help with finding privately rented accommodation, training and life skills.
- Empowering the unemployed through provision of advice and assistance, counselling, life skills and job-hunting advice, etc.
- Enabling the vulnerable in the society through face-to-face surgery in, support, advice, counselling and necessary spiritual guidance.
- Facilitating a multi-agency approach in addressing issues affecting the vulnerable in the society through developing a joint working approach with other existing bodies, charities and local support groups.

THE TRUSTEES' REPORT (continued) FOR THE YEAR ENDED 05 APRIL 2023

Achievements During the year

As part of the charity activities we incorporated since 2022 which is “Operation Feed the Poor”, following the sum of £1,000 received from Anold Clark Automobiles, the sum of £338.31 received from Crowd Funding and the sum of £2,289 donated by the Chair, Board of Trustees, Mr. Chima Okere to ensure that the Charity is involving and doing its proposed duties. The Charity supported the vulnerable people and the disadvantaged people in England including engaging in counselling and advice services which contributed a lot in stopping some legal issues from escalating hence the high cost of litigation were prevented and some crucial matters resolved indoors through the suggestions and good advice system involving Save Children of God.

In the course of our evangelism and reaching out to the community, we realised that a lot of the vulnerable people in the society today especially in England have no money, no Bank accounts because they don't have the required documents to open accounts. Most of them are not working because they do not have the necessary documents to apply for jobs even the money to enable them process their documents or pay for the services of a solicitor who can assist them to do their papers.

These very people are suffering a lot and for some of them to eat is an issue. Thus, in facilitating a multi – agency approach in addressing issues affecting the vulnerable in the society through developing a joint working approach with other existing bodies, charities and

local support groups, we liaised with Arnold Clark Automobile who supported the Charity to help alleviate the sufferings of the vulnerable people who so much needed our assistance. Hence, we handed over some money to these disadvantaged people.
