Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The CIO had its usual stall at the Honley Show and the Penistone Show, where members demonstrated woodturning for the public and raised funds by the sale of items produced by members. Both events generated significant interest from the public with a number of people subsequently attending Taster Sessions at the CIO. As a result of these events and other publicity the membership of the CIO is now in excess of 50. The CIO's successful approach on diversity, both disability and gender, is illustrated by the proportion of female members, which is now almost 20% of the membership. Both the monthly Demonstration meetings and Hands-on meetings are well attended enabling members of the CIO to develop their skills through the demonstrations and individual tutoring.

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The objectives of the CIO are: 1) To promote the craft of woodturning for the public benefit and in doing so raise the appreciation of the creativity, skill and heritage of woodturning. 2) To advance the education of the public in the craft and skill of woodturning.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	The CIO holds two meetings per month, one is a demonstration by either a professional turner or an experienced member of the CIO. The second meeting of the month is a hands-on session where members can practice and receive tuition in woodturning. Prospective new members of the CIO can attend these meetings as "Taster Sessions" to try out and find out more about woodturning. Due to an influx of new members to the CIO a series of full day beginners training days were run on Saturdays. Members were able to attend two of these days free of charge. The first day covered the basics of spindle work and tool sharpening and the second day covered face plate turning. These were very well received by the members who attended. Following on from the full day training sessions a number of Thursday evening training sessions were also organised, open to any member. These were in addition to the CIO's monthly hands-on sessions. The CIO also had its usual stall at the Honley Show where members demonstrated woodturning for the public and raised funds by the sale of items produced by members.

Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees confirm that they have had regard to the guidance issued by the Charity Commission on public benefit.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	Due to an influx of new members to the CIO a series of full day beginners training days were run on Saturdays. Members were able to attend two of these days free of charge. The first day covered the basics of spindle work and tool sharpening and the second day covered face plate turning. These were very well received by the members who attended. Following on from the full day training sessions a number of Thursday evening training sessions were also organised, open to any member. These were in addition to the CIO's monthly hands-on sessions. Four of the members successfully completed the Association of Woodturners of Great Britain Tutor Assessment and are now approved tutors. The CIO now has five AWGB Approved Tutors.

		In March 2023 one of the Trustees, Colin Watson, was accepted onto the Register of Professional Turners. The CIO also had its usual stall at the Honley Show where members demonstrated woodturning for the public and raised funds by the sale of items produced by members.

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The objectives of the CIO are: 1) To promote the craft of woodturning for the public benefit and in doing so raise the appreciation of the creativity, skill and heritage of woodturning. 2) To advance the education of the public in the craft and skill of woodturning.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	The CIO holds two meetings per month, one is a demonstration by either a professional turner or an experienced member of the CIO. The second meeting of the month is a hands-on session where members can practice and receive tuition in woodturning. Prospective new members of the CIO can attend these meetings as "Taster Sessions" to try out and find out more about woodturning. The CIO has also run a number of Taster Sessions during the year. The number of these have been restricted due to the impact of the Covid pandemic. However, we have held two evening session for members of the local Scout Group with 10 to 15 Scouts attending each of these sessions. A full day event was also held for young people with Special Educational Needs and Disabilities (SEND). This was a full day of tuition for eight young people, two of which have now become members of the CIO. The CIO also had its usual stall at the Honley Show where members demonstrated woodturning for the public and raised funds by the sale of items produced by members.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	This year has been challenging due to Covid 19 restrictions which meant that the CIO could not carry out all of it's usual activities. During the period that the CIO could not hold it's normal meetings a series of Zoom meetings were held which included Interactive Remote Demonstrations (IRD) from professional woodturners club members. These Zoom meetings were particularly beneficial for a number of our more isolated members who had limited social contact during the Covid restrictions. Once the restrictions had been lifted one of the key highlights of the year was a full day taster session for eight young people with Special Educational Needs and Disabilities (SEND). The event was organised with support from the Association of Woodturners of Great Britain and the local council, both of whom provided financial support for the event. The event was also supported by Robert Sorby Ltd., a woodturning equipment a tool manufacturer.

		Two of the attendees of the SEND day have now become members of the CIO. Two evening Taster Sessions for members of the local Scout Group were held with 10 to 15 Scouts attending each of these sessions. The CIO also had its usual stall at the Honley Show where members demonstrated woodturning for the public and raised funds by the sale of items produced by members.
