Para 1.17 and 1.19	We place dogs in foster homes or other facilities for the reception, care and treatment of such dogs. We educate the public as to the care needs of poodle cross dogs and of responsible dog and puppy purchase, campaigning against animal cruelty and puppy farming. The Trustees have had regard to the Charity Commissions' guidance on public benefit.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The accounting recommendations of the relevant SORP do not apply to charities preparing cash-based receipts and payments accounts. Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	We have placed a number of poodle cross dogs ("doodles") into foster homes or other facilities. These foster homes have been chosen and vetted carefully to ensure that they meet the needs of the particular doodle. Some doodles have been rescued from quite distressing situations, and some were "donated" because they had severe health issues. We work closely with foster carers ensuring that the dog's physical and behavioural needs are met. Some of these dogs require very special veterinary care and others require more routine care (vaccinations, neutering etc). Some we have needed to place into kennels to ensure their safety. We cover our costs through donations and fund raising as well as adoption fees when the doodle finally finds its forever home (often with the foster family). Many of our doodles would have been euthanized as owners no longer wanted them/ felt that they could care for their particular needs. This has been particularly true as we have come out of Lockdown and owners have returned to work, and have neither the time nor the correct environment for their new doodle.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	Our income amounted to £22,009.67 and our expenditure was £11,285.46. Income was higher than normal in this accounting period due to fund raising for a very special doodle that required and will require ongoing veterinary support. Income is derived from fund raisers and adoption fees, and our main expenses are vet bills (primarily neuter/ spay), behaviourists and trainers, foster charges and payments to partner organisations (specialist rehabilitation rescues that support us with dogs with significant behavioural issues/ bite history).
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	We hold reserves as we cannot predict what doodles we have at any one time and how much financial support each doodle will require. Our ideal would be to fund raise when we are quiet which would lead to reserves being held. A fund raiser in this accounting period and one just prior to the accounting period raised a significant proportion of our funds which is earmarked for support for three doodles relinquished to the Rescue with significant and ongoing medical needs.
Amount of reserves held	Para 1.22	£10,724.21
Reasons for holding zero reserves	Para 1.22	
Details of fund materially in deficit	Para 1.24	
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23
