

ANNUAL REPORT TO TRUSTEES – Y/END 31-03-2024

In this financial year ending 31-3-2024 we raised £3,117 of which we donated £1,510. No remuneration was taken by the Trustees or the Financial Director, who has offered his services free of charge.

The charity's goal is to work with our Partners to provide Sterilisation and Rabies Vaccination for the strays, while enhancing education for residents of rural communities. Our belief is that compassion knows no boundaries and together we can break through barriers and make a difference.

We are proud of our accomplishments thus far, and we look forward to achieving the future goals that we have set for our organisation.

Our Present and Future Goals

To continue the funding of the Sterilisation and Rabies Programme to achieve a greater and deeper impact, as without these projects, many stray animals will continue to suffer cruelty, malnourishment and disease.

To run Sterilisation camps in the rural areas.

Since the preparation of these accounts, we have recently also contributed towards the construction of a shelter for disabled dogs.

To lead the charge as one of the first organisations in Uttarakhand to provide spaying of stray cats by partnering with Humane Society India and the NGO from the shelter supported by K9Lives.

We endeavour to raise further funds in the future through charitable events and by applying for grants.

Kind regards

Sandipa Law
