

ANNUAL REPORT OF THE TRUSTEES OF THE LIMELIGHT FOUNDATION FOR THE PERIOD ENDING 31ST MARCH 2025

The fourth period of operations has seen a reduction in the number of donations coming into the foundation. Work is ongoing looking at ways to increase the donation activity.

The foundation has not been able to make any donations in this financial year.

We completed our plans of donating £10,000 to Helping Rhino's in March 2024.

Helping Rhinos work to create Rhino Strongholds – expanding wild spaces for wildlife that provide a secure, sustainable and healthy ecosystem which is rich in biodiversity and where populations of rhino can thrive in their natural habitat while simultaneously contributing to socioeconomic stability within local communities.

The Trustees are pleased that we were able to complete our planned donation of £10.000 to Helping Rhinos in the third period (2024)
