TRUSTEES' REPORT
FOR THE PERIOD ENDED 31 MARCH 2022

The Trustees (who are also directors of the Charity for the purposes of the Companies Acts) present their annual report together with the financial statements of Wheels 2 Work South West (the Charity) for the period ended 31 March 2022. The Trustees confirm that the annual report and financial statements of the Charity comply with the current statutory requirements, the requirements of the Charity's governing document and the provisions of the Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (RFS 102) (effective 1 January 2019).

Objectives and activities

a. Policies and objectives

In setting objectives and planning for activities, the Trustees have given due consideration to general guidance published by the Charity Commission relating to public benefit.

The activities of the Charity directed to its charitable objects and set out in its governing document (Constitution of Wheels 2 Work South West CIO), consist principally of the following:

1. The advancement of education of those who are restricted due to lack of personal transport through the provision of alternative transport to enable them to access training and educational courses they would otherwise be unable to access.
2. The prevention or relief of unemployment by those who are restricted due to lack of personal transport, the provision of alternative transport to enable them to access training and educational courses they would otherwise be unable to access.'

b. Activities undertaken to achieve objectives

In order to achieve these objectives, Wheels 2 Work South West (W2WSW) delivered two programmes across three counties; Devon, Cornwall and Somerset for public benefit.

W2WSW started the financial period with our conversion to a registered charity at the end of April following 18 years as a Community Interest Company.

Wheels 2 Work South West delivered the scooter loan programme to 85, three month loan-period beneficiaries during this period, enabling them to access employment, education, training and social opportunities. Over the period, the scooter fleet was fully subscribed with a waiting list of people who needed transport. The team signposted those who needed further help beyond the scope of the charity to complementary organisations according to individual need. During the day to day running of this programme we have provided guidance and support to improve life skills including maintaining personal transport and budgeting skills. We have also signposted job vacancies where appropriate and have given general advice and guidance with regard to road safety and day to day vehicle checks.

We have spent much of the year with the scooter programme at full capacity and often times with a waiting list. We found it difficult to accommodate the demand as we found ourselves unable to order additional PTWs due to supply chain issues exceeding a 6 month wait. This was apparently an issue across Europe as the factories in Japan closed for an extended period of time due to the effects of the pandemic resulting in a significant backlog in manufacturing new PTWs. This along with new Euro 5 compliance coming in meant that one of our chosen manufacturers missed vital research and development time creating a new Euro 5 compliant PTW. There has still been no news of a release date for this as of the end of the financial year.

TRUSTEES' REPORT (CONTINUED)

The financial period came to an end running the PTW programme at full capacity. It is notable that the programme was able to sustain during the pandemic, as demand for essential work transport continued and scooters were seen as 'Covid safe' transport.

We have been distributing our marketing materials to our stakeholders such as Job Centres, Libraries, tourist information centres etc in order to spread awareness of our programmes.

In early 2021, W2WSW worked with the Department for Transport (DfT) in central government to deliver a blueprint for a National eBike programme. This led to W2WSW delivering a pilot programme in the South West. The opportunity was funded by the DfT through Cornwall Council and W2WSW were awarded the programme following a short bidding process. There is an existing Wheels 2 Work programme operating in the far west of Cornwall so W2WSW decided to subcontract part of the delivery programme and work in partnership to deliver the contract.

This pilot was very successful despite issues surrounding the Covid-19 pandemic causing significant supply chain issues which delayed some investment in capital items for the delivery of the project. This new contract consisted of three separate sub projects.

First was the Wheels 2 Work element, which delivered opportunities for residents of Cornwall to hire subsidised eBikes in order to access employment, education and training opportunities. This element of the programme delivered a total of 127 eBike loans.

Secondly, W2WSW directed eBike loans to businesses trading in Cornwall. This programme aimed to show businesses the benefit of using eBikes for some of their daily tasks which would otherwise have been conducted by car. Some used the eBikes for local deliveries, some used them for commuting to and from a business, while others parked outside of small Cornish villages and cycled into work to avoid congestion and significant parking issues. This element of the programme was delivered to 19 businesses with 96 individual users and culminated in some of the businesses actually buying their own eBikes for permanent use.

The third element of the project involved conducting a series of eBike roadshows across Cornwall. W2WSW held 20 individual events allowing the general public to try an eBike, usually in an enclosed safe area to inform on future purchases. The roadshow fleet was a mix of 12 eBikes of various configurations including a folding bike, hybrid bikes, mountain bikes, road bikes and also included a tricycle for those who were less confident on two wheels. At these events W2WSW offered basic training and personal protective equipment as well as informational material about the different eBikes and the programmes Wheels 2 Work has to offer. Over the course of the roadshows held, W2WSW had a total of just over 700 participants who tried eBikes. This work garnered the attention of local press and in March 2022 the programme was featured on BBC Spotlight.

During the eBike programme the whole fleet was in constant use with an average waiting list of around 50 people who wanted an eBike loan. When eBikes were returned they were quickly serviced and delivered out to new beneficiaries on the waiting list. It was very clear that the demand for this service was unprecedented and the overall view and response from users was wholly positive.

W2WSW have increased staff levels, with a new administrator via the kickstart gov scheme and a new field worker was appointed.

c. The Trustees

The charity trustees manage the affairs of the CIO and exercise all the powers of the CIO. It is the duty of each charity trustee:

1. to exercise his or her powers and to perform his or her functions in his or her capacity as a trustee of the CIO in the way he or she decides in good faith would be most likely to further the purposes of the CIO; and
2. to exercise, in the performance of those functions, such care and skill as is reasonable in the circumstances having regard in particular to:
 - (i) any special knowledge or experience that he or she has or holds himself or herself out as having; and,
 - (ii) if he or she acts as a charity trustee of the CIO in the course of a business or profession, to any special knowledge or experience that it is reasonable to expect of a person acting in the course of that kind of business or profession.

d. Relationships

The Charity enjoys a close partnership with Devon County Council and Cornwall Council and delivers key programmes on behalf of these entities. The Charity also has a relationship with Cornwall Wheels 2 Work and subcontracts aspects of project delivery in Cornwall to them.

e. Volunteers

Wheels 2 Work South West does not currently have any volunteers registered with the Charity.

Achievements and performance

a. Review of activities

Through the provision of subsidised Powered Two-Wheeler (PTW) and electric bicycle (eBike) rental, the core W2WSW business empowers beneficiaries of the programme. The programme is delivered to individuals in need via three month loan periods. Beneficiaries receive ongoing support from the experienced and dedicated staff team.

The scooter and eBike loans not only enable a beneficiary to access employment, education and training, but also provide increased independence allowing people to access vital services including medical, social and leisure activities.

In summary, social and public benefit includes a reduction of the number of people claiming benefits, better access to employment opportunities for individuals, reduced loneliness and improved mental health, plus enhancements to quality of life which comes from increased social engagement and better access to local services.

The Covid-19 pandemic introduced a number of new challenges for the loan programme and the Charity worked hard to ensure that the programme could be delivered in a safe and socially distanced manner during the height of the pandemic. The pandemic brought new opportunities to grow the scheme as demand increased when more people looked towards affordable, independent travel to access local employment, training, education and social opportunities.

Having access to a PTW or eBike enables individuals to travel independently in a Covid-safe environment. This has been reflected in the wider PTW market, as this form of transport became regarded as Covid-safe, with interest in PTWs as transport continuing post-pandemic. The same trends have been seen in the take up of electric bicycles.

WHEELS 2 WORK SOUTH WEST
(A Charitable Incorporated Organisation)
TRUSTEES' REPORT (CONTINUED)

In a broader sense, both national and regional authorities are rapidly implementing policies in relation to active travel, decarbonisation, future transport technologies, commuter travel, Mobility As a Service (MAS) and access to road space. This is focussed on accelerating modal shift to reduce car travel and decarbonising public and private transport. Central Government aims to end the manufacture of internal combustion engine two and four wheeled transport by specified dates (2030 proposed for 125cc PTWs). These wider changes will have a significant impact on how Wheels to Work programmes operate and the types of transport which will need to be used on the programmes going forward.

W2WSW has continued to grow the loan programme during the period and are starting to cover a wider area, including areas within Cornwall and Somerset. This has enabled W2WSW to offer services to a wider geographical range of beneficiaries.

It is the Charity's ongoing aim to make the programme financially self-sustaining, so anticipated growth will work towards achieving long term security for Wheels to Work delivery in the South West. W2WSW also seeks to drive and exploit wider developments in two wheeled transport and policy towards personal transport as they apply to, or will inevitably affect Wheels to Work as a sector. This will include progressively decarbonising the fleet and exploring potential business opportunities which can bring income to the charity. During this period we began testing a number of zero emission PTW products to determine their suitability for W2WSW.

Financial review

a. Going concern

These accounts have been prepared on a going concern basis. Throughout the period of account, the Charity's reserves have conformed with the policy set out below, and at the date of signature of this Report the Trustees are confident that the Charity will be able to continue to operate for the foreseeable future.

General

During the period of account, the Charity, along with many businesses and organisations, were greatly impacted by the Covid-19 pandemic. However, with the support of Cornwall Council and Devon County Council in awarding contracts for the delivery of their Wheels to Work programmes we have been able to grow our activities in a sustained and profitable manner resulting in an operating surplus of £16,917 together with Grants and other income sources giving an overall surplus for the accounting period of £93,829 to be carried forward to the following year.

Our current trading activity is continuing this trend and expanding on our programs with the Councils to deliver the benefit to the public and businesses.

The Charity does not have any fund or subsidiary undertaking that is in deficit.

b. Reserves policy

The Charity's policy on reserves is to maintain, in its monthly management accounts and its annual accounts, net assets sufficient to accommodate the liquidity required by all businesses in amounts varying from time to time, and also to provide for an orderly and solvent winding-down of the business should the necessity arise.

c. Financial performance

WHEELS 2 WORK SOUTH WEST
(A Charitable Incorporated Organisation)
TRUSTEES' REPORT (CONTINUED)

We would add the following notes on certain aspects:

1. The Statement of Financial Activities show incoming resources for the year of a revenue nature of £315,190, and outgoing resources of a revenue nature of £221,361, making a net reserve of £93,829. The total free unrestricted reserves at the period end stand at 93,829.
2. During the period of account we received £7,484 from HMRC in respect of the Furlough scheme.
3. Following the conversion from operating as a Community Interest Company (CIC) to Charitable Incorporated Organisation (CIO) the net assets of the CIC totalling £13,481 were transferred to the CIO.

d. Principal risks and uncertainties

The systems and procedures to manage major risks are covered by the Trustees by way of :

- Trustees' meetings
- Ongoing reference to the existing Business plan
- Organisational risk assessments
- Financial monitoring
- Ongoing review of health and safety issues

Risks can be defined as follows:

- Competition - a potential factor as we expand reach into West Cornwall, but no other direct competitors, or indirect competition elsewhere in the region.
- Loss of funding.
- Supply chain issues and availability of new products.
- Changes in various aspects of legislation and compliance laws, including transport, employment and business law. This includes road safety laws and access to training.
- Existing and new staff resourcing including finding new staff with specific skill sets.
- Cost of Living - for both business and clients.
- Data security (digital and physical).
- Effects on public policy and public opinion, for example, attitudes to two wheeled transport and users.

Structure, governance and management

In the reporting period in which the stocks are distributed, they are recognised as an expense at the carrying amount of the stocks at distribution. Donated goods for resale are measured at fair value on initial recognition, which is the expected proceeds from sale less the expected costs of sale, and recognised in 'Income from other trading activities' with the corresponding stock recognised in the balance sheet. On its sale the value of stock is charged against 'Income from other trading activities' and the proceeds from sale are also recognised as 'Income from other trading activities'. Governance and support costs	Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice. Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised.

Note 29**Additional Disclosures**

The following are significant matters which are not covered in other notes and need to be included to provide a proper understanding of the accounts. If there is insufficient room here, please add a separate sheet.

**WHEELS 2 WORK SOUTH WEST CIO
(A Charitable Incorporated Organisation)
FOR THE PERIOD ENDING 31 MARCH 2022**

Independent examiner's report to the Trustees of Wheels 2 Work South West CIO ("the Charity")

I report to the Charity Trustees on my examination of the accounts of the Charity for the period ended 31 March 2022.

Responsibilities and basis of report

As the Trustees of the Charity (and its members for the purposes of Company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ("the 2006 Act").

Having satisfied myself that the accounts of the Charity are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of the Charity's accounts carried out under section 145 of the Charities Act 2011 ("the 2011 Act"). In carrying out my examination I have followed the directions given by the Charities Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. Accounting records were not kept in respect of the Charity as required by section 386 of the 2006 Act; or
2. The accounts do not accord with those records; or
3. The accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true' and 'fair' view which is not a matter considered as part of an independent examination; or
4. The accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

This report is made solely to the Charity's Trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. My work has been undertaken so that I might state to the Company's Trustees those matters I am required to state to them in an Independent examiner's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the Charity and the Charity's Trustees as a body, for my work or for this report.
