

World Family Peace Foundation (WFPF)
Annual Report and Statement of Accounts - Financial
Year 21/22

We are now a registered charity with a bank account at the Co-op Bank.

Our achievements to date include several successful social events at the Xaverian Centre, attended by asylum seekers from many places including South America, Africa and Asia as well members of the Foundation and their friends and families. These have been well attended and have been lively celebrations of the different cultures and traditions as well as raising awareness of the aims of our charity.

In addition, we have an established website and Facebook page which are updated regularly. In setting up the website and in registering as a charity we have been greatly assisted by Bernard Nwiwu, to whom we owe our sincere thanks.

Trustees and members of the committee have met monthly to plan events.

To date our focus has been on raising awareness rather than fund raising.

The charity's income for the Financial Year 21/22 is as follows:

Donations from Trustees: £780

Expenditure: £200 expenses to Bernard Nwiwu

Closing Balance £580

E M McGrath (Chair)
