We are a Non Maintain Nursery setting we care for children aged 2 ½ to 4 years

There is a manager in charge and 5 Nursery nurses who all have the relevant qualifications.

We receive funding from Torfaen to help pay for wages and resources.

We recently had a double inspection and we did so well we was mentioned in the local newspaper to see how well we did.

We now have an allotment near the nursery which we plant and grow fruit and vegetables, we then cook at the nursery.

We follow the new curriculum and we educate the children in the morning and they all have observations and reports to assess their progression.

We receive 30 hours funding for the children who attend the setting .

We also receive education funding for parents who doesn't qualify for the 30hours.

Torfaen gives us grants for resources for the childrens well being.

The nursery is running very well we are currently full in numbers.

There is no debt within the nursery.

Thank you Llanyrafon Nursery.
