As a charity, we have continued to fundraise within the community, and at this stage, we have not yet secured funds for reserves. Once we have accumulated sufficient funds necessitating reserves, we will evaluate how these funds will be held and managed in reserve.	Para 1.24	No funds in deficit.
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	The charity has begun supporting SCI (Spinal Cord Injury) service users following a re-assessment of our support packages. This support has been provided in various ways, and currently, there are no uncertainties in our efforts. However, these initiatives are regularly reviewed to ensure continued effectiveness and relevance.

Additional information

The charity's principal sources of funds (including any fundraising)	Para 1.47	The charity has historically relied on small events like bingo, quiz nights, and outdoor family fun fayres as its primary source of funds. With the addition of a funding manager who will soon undertake a grant-seeking course, the organization is poised to enhance its funding strategy by securing successful grant bids. This preparation involves understanding the charity's needs, conducting thorough research on potential grant opportunities, and developing strong, tailored proposals with clear, concise writing and realistic budgets. Effective grant management, including diligent reporting and maintaining good relationships with funders, will be crucial. Networking and continuous learning will also be key for the funding manager to stay updated on best practices and trends, ultimately helping the charity diversify and stabilize its funding sources for future growth and sustainability.
A description of the principal risks facing the charity	Para 1.46	We are confident that the support we provide to SCI service users and their families is highly beneficial. To expand our reach beyond local groups and reach a broader audience, we have

		actively networked and forged positive relationships with other spinal injuries charities this year. Through collaborations on various projects, we aim to enhance the support we offer to SCI sufferers. Our strategy includes leveraging digital marketing and social media campaigns to raise awareness, forming new partnerships with healthcare providers and community organizations, organizing informative events and workshops, engaging with the media to share our impact, and enhancing our online presence. By continually seeking feedback and improving our services based on user needs, we are committed to extending our reach and supporting more individuals affected by spinal cord injuries across diverse communities.

Independent examiner's report to the trustees of Quad-Rebuild

I report to the trustees on my examination of the accounts of the Quad-Rebuild (the Trust) for the year ended 31 March 2024.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Achievements and performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The Charity has struggled to determine how best to support beneficiaries. Our initial plan was to fund home adaptations and provide other, smaller methods of support alongside this. We have now realised that obtaining funding for home adaptations will be difficult, and we will need to look at other areas in which we can support individuals which will help us to find our place alongside other Spinal Injury Charities.</p>
