Objectives and activities *(continued)*

- Inclusivity: We consider diversity and inclusivity significant and seek to embrace, include, and operate alongside individuals from all walks of life. Whether part of our team or an individual we're supporting, we appreciate their contribution to our community.
- Transformation: We recognise the potential for learning, growth and the concept of a new beginning. We want to provide a space whereby individuals can realise their full potential.

Aims & strategic objectives

We aim will provide therapeutic support by:

- Increasing the accessibility of therapeutic support
- Offsetting the financial costs of therapy,
- Creating and signposting to available self-help resources,
- Signposting to available counselling and therapy services.

To achieve our aims, we'll engage in the following strategic objectives.

Fundraising

We'll fundraise through several avenues the necessary funds that can be used to increase the accessibility of therapy for those in need. These include:

Grants:

We'll apply for assistance from the central or local government, The National Lottery Community Fund, and other charities and private organisations.

Commercial sponsors:

We'll partner with local businesses who share our vision and aims and will seek ways in which both parties can work together.

Therapeutic partnerships:

We'll partner with various therapeutic organisations to build a holistic service list of public and private organisations. These organisations will need to share our values.

Robust digital presence:

We'll develop a comprehensive digital company to effectively signpost and resource individuals with the tools to empower their mental wellbeing.

Achievements and performance

During this period, we have been able to support individuals with one-to-one counselling/psychotherapy support that have shown signs of improvement in their mental health by 96.7%.

The demand is great in the west midlands area, especially in Walsall; many individuals need mental health support and can't simply access therapy because of financial pressures and waiting list issues. The shortest waiting list in the west midlands area is six months; however, with BYT we can offer individuals in need and appointment within three weeks.

We need more funding to be able to keep up with the demand. BYT are working hard in partnership with other services in Walsall and the west midlands to provide mental health support to those most need it. Individuals that have benefited from our services, We believe from our experience and feedback, that our services have assisted people at risk of homelessness, those suffering from addiction, those suffering domestic abuse from relatives or guardians, those affected by depression, anxiety, PTSD, dementia etc., single parents, students, those with acute mental health needs, frontline staff in public establishments (cafe's, restaurants, shops, businesses) a range of community professionals and mental health adjacent practitioners, Churches, Local government officials and Law enforcement officers and emergency services.

Financial review

The statement of financial activities shows an overall net surplus for the period of £7,631 consisting of an unrestricted surplus of £165 and a restricted surplus of £7,466.

Plans for future periods

2022-2023 we aim to be able to help a minimum of 150 people through one-to-one therapy or group. We aim to continue with our one-to-one work, and we will be starting our counselling support groups that cover a range of subjects such as mothers and mind, depression and anxiety, childhood trauma and addiction; we aim to run a minimum of two groups a week at different times to be able to provide mental health support for those that need in another format.

As well as our one-to-one therapy and groups, we are also looking to join another organisation to lease some offices based in the local Walsall Arboretum to have a therapeutic environment for clients and provide walk and providing walk and talk therapy. We know we cannot help everyone, so we will be working on providing a network of safe spaces throughout the Walsall where people will be listened to and can be signposted to further services/support as required. This is distinct from formal counselling/therapy and is to be viewed as a helping and listening service. With such long waiting lists for NHS-provided therapies, which are crucially needed by so many, this service will assist those struggling to wait without help.

3. the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
